HE NOW DRAWS \$20,000 A YEAR

This is R. J. Fleming, general manager of the Toronto Street Railway who will likely be offered a similar position by the city if Sir Wm. Mackenzie sells out his holdings and the railway becomes a city enterprise. Mr. Fleming gets a nice fat salary—\$20,000 a year.

LOOKS BRIGHTER

New York, June 24.—American in London unchanged to 94 higher; consols 78, up 1 point.

President Bush of the M. P. C. says crop outlook in the southwest is exceedingly good.

Money rates are down to the low on call.

Sterling advanced yesterday to 487; time money six per cent. for all dates over four months.

The Sun has a cable from France that bankers there believe the Wilson administration is hostile to business quarters.

The president's currency message delivered by himself before congress yesterday is of the finest English and rather above the subject. It reads well and sounds well. But efforts are all political.

The income tax bill will have an amendment requiring all bond brokers to report sales of bonds and names of purchasers. Bond brokers will have to get a license and make reports at stated periods. This brings the brokers under federal control and incidentally the stock exchange.

President Willard of B. & O. says he is satisfied over the decision of the Interstate Commerce Commission, as it will give the railroad a fair deal.

SHEARSON HAMMILL & CO.

THREE ACCIDENTS

Robert Moore, of Paradise row, suffered injuries to his skull this morning in an accident in the Canada brush factory, where he is employed as a fitter. Nobody witnessed the accident, but it is believed that the belt slipped while he was placing it on the wheel and caused him to fall heavily. He was taken to the Public Hospital.

This morning, while engaged around the machinery in the Maritime Vail Works, James McQueen was caught in the belt and thrown with violence to the floor, sustaining serious injuries. Dr. Hogan found that besides a laceration of the scalp the unfortunate man sustained a broken arm and four broken ribs.

This afternoon Dr. C. M. Pratt was called to attend Thomas McQuinn, in falling down the stairs in his dwelling, 620 Main street, received some slight bruises.

LONGSHOREMEN GIVE UP THE STRIKE NOTION

Montreal Star.—No movement against the shippers who employ longshoremen at the wharves is to be taken until the present contract expires. A decision to this effect was reached at yesterday's meeting. It has been felt by certain members of the union for some time that wages equivalent at least to those obtained in Boston and Portland should be paid at this port. Strong pressure had been brought to bear on the Shipping Federation, and on the individual charterers of tramp steamers, to better working conditions here.

Andrew Allan of the Allan Line, made a trip to both Quebec and Ottawa to find out governmental opinion, and evidently a decision was reached not to yield to the workmen's demands. A general canvass of the members of the union determined that there was general satisfaction as to the wages paid. The idea of striking, which had been entertained by some of the union officials was rejected.

Cardinals to Retire?

Rome, June 23.—Cardinal Vivesco's sudden illness has deprived the church of one of its most influential members, and a tireless worker, and now two other Cardinals have gone into voluntary exile, perhaps, to return to the Vatican only in the near future. These are Serafino and Vincenzo Vannetti, who were Leo XIII's advisers and personal friends.

SUE MARLBOROUGH FOR DEBT ENTERED INTO 100 YEARS AGO

Duke to Be Asked to Pay Ancestor's Debt With Interest

Paris, June 24.—The referee in the case of the claim of Alexandre Berard against the Duke of Marlborough for 60,000 francs (\$12,000), has granted Berard permission to bring suit against the duke before the courts.

According to Berard's attorneys the 60,000 franc debt was incurred by the duke himself, but represents the sum of £416 with simple interest, lent by an ancestor of Berard's to George, Duke of Marlborough, about 100 years ago. The attorneys urge that the court cannot raise the question of prescription, and they trust in the honor of the duke not to repudiate the debts of his ancestors.

BUILD THEATRE FOR PERFORMANCE WHICH ROYALTY WILL ATTEND

London, June 24.—For what has long been announced as a musical "command" performance at Knowlton Hall on July 5, when Lord Derby will entertain the king and queen at the Laneshire seat during their Majesties' visit to the country, a special theatre has been constructed at a cost of £2,000.

The main fabric itself is that of the huge conservatory attached to the mansion, and this has been converted into a theatre, the stage being placed on the site of that at the Little Theatre, and a dais in the centre of the auditorium on the semi-circular stage.

An orchestra of twenty picked musicians will be hidden from the king and queen, and the purpose extends to some depth beneath the stage, so that satisfactory ventilation may be obtained for the performers.

CONDENSED DESPATCHES

El Paso, June 24.—American employees of the Madera Lumber Company bring word that the constitutionalists would reach Juarez and begin an attack on the port next Thursday.

CANADIAN DEFEATED IN TENNIS MATCH

Wimbledon, Eng., June 24.—At the resumption of play in the English lawn tennis championships here today, Craig Biddle of Philadelphia added several marks to his reputation by scoring a three sets straight victory over G. H. Mayes, a member of the Canadian team, which will meet Belgium in the next round of the Dwight F. Davis trophy tournament.

The score was 7-5, 6-4, 6-3.

The American player did especially good work in his service and his overhand smashes.

In Saturday's game, Schwengers of British Columbia beat Lesurser of South Africa 6-8, 6-3, 6-3.

Duke of Sutherland Very Ill

London, June 24.—The Duke of Sutherland, who is in his 62nd year, is in a critical state of health.

THOUSAND OF CREW OF IMPERATOR ARE MAKING OBJECTIONS

Say Working Hours Too Long, Food and Sleeping Accommodations Not Good Enough

Hoboken, N. J., June 24.—A thousand members of the crew of the giant liner Emperor, now in this port, held a mass meeting here last night, and adopted resolutions denouncing working conditions on the vessel, demanding better food, better sleeping accommodations, and a nine hour day. The resolution will be presented to the Emperor's commander probably today.

The protestants include stewards, pantry cooks, coal trimmers and firemen. Speakers who exhorted them, said that the men had been "treated like pigs," poorly fed, and overworked. It was said their quarters were crowded and sanitary equipment was inadequate.

BRIDE OF BUT FEW HOURS IS KILLED

Man Who Tried to Save Her at Wedding Celebration Rew is Stabbed to Heart

Philadelphia, June 24.—A rejected suitor last night shot and instantly killed a young bride and a man who attempted to save her, while at a wedding celebration in the northern part of the city at which the double tragedy occurred.

The dead were Mrs. Nicholas Bosella, eighteen years old, and Vincent Spirito, of Lansdowne, Pa.

Spirito, of Morton, Del., was stabbed near the heart, an unidentified woman about twenty-five years old was shot through the breast and Angelo Gecino, who is accused of doing the shooting, was slained about the throat. None of the wounded are expected to recover.

EXPECT 16,000 ON STE ANNE PILGRIMAGE

Moncton, N. B., June 24.—A pilgrimage to Ste. Anne de Beauséjour, organized by Rev. Father Cormier, will leave Moncton for Quebec at five o'clock this morning. Three trains will be run, one starting from Sydney, one from College Bridge and one from Moncton. There will be some thirty-five cars on each train, and it is expected there will be 1,600 people on the pilgrimage. The return trip will be made on Friday or Saturday.

EXTRA BARGAIN VALUES IN CHILDREN'S SUMMER HATS

To fit out the kiddies with summer headgear at the greatest possible saving, is an important question, just now, with many a frugal mother. To meet this very demand, the Model Millinery Company have placed on sale at their salon, 29 Cantelberry street, a large assortment of delightfully summery creations in children's flower-trimmed hats, priced from 50 cents to \$1.50 each. The cost of each little hat is less, by two-thirds than the flowers alone would ordinarily command.

Another feature for this week is a wide range of dainty French and other popular hats at 25 cents, the lowest price for such quality.

C. P. R. RATES AND RAILWAY EARNINGS

Ottawa, June 24.—Although the Canadian Pacific charges high rates in the west, contending that its cost of operation there justifies them, it earns 14 per cent more gross operating profits west of Fort William than twenty-five American roads similarly placed. Although, on the other hand, its rates here in the east are low, alleged to be due to operating costs being lower, it receives about 14 per cent less gross operating profits than twenty-five American roads in the eastern states.

This was the gist of evidence presented before the railway commission yesterday by J. P. Muller, a United States expert, and a former employee of the Interstate Commerce Commission, who has been retained by government counsel.

THE ROCKWOOD ANIMALS

To the Editor of the Times—

Sir—Would you kindly publish a warning to parents against permitting their children to approach too close to the enclosures in which the foxes are kept in Rockwood Park. Not later than Saturday any own little girl, while playing about the cages, was bitten by one of them. Although the injury was slight, it might have been worse had not the wire, in a manner, protected the fox. However, in my opinion, the single enclosure is not enough fencing around the foxes and wolves and a double enclosure would be greater security for the public.

Thanking you for your valuable space, I am,

Very truly yours,

WARNING.
