THE DAILY MISERY OF ILL-HEALTH

Three Years of Suffering Quietly Relieved by "FRUIT-A-TIVES"

MR. GASPARD DUBORD.

For three years, I was a terrible sufferer from dyspepsia and my general health was very bad. I consulted a physician and took his medicine and faithfully carried out his instructions; but I did not improve and finally the doctor told me I could not be cured. At this time a friend advised me to try "Fruit-a-tives" and I did so. After taking two boxes of "Fruit-a-tives," I was greatly relieved, and gradually this marvelous fruit medicine made me completely well. My digestion and general health are splendid—all of which I owe to "Fruit-a-tives."

GASPARD DUBORD, 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa, Ont.

HOW WILL CANADA RESPOND?

Over in the dank, rat-haunted trenches of the western front Canadian soldiers were confronted with an unseen danger, an insidious, invisible menace that was quite as formidable as the shrieking rattle of the shell-splinters and the whistle of the machine-gun bullets. It was the danger of tuberculosis. Up to the end of 1918 a total of 3,909 tuberculous cases had been treated in the sanatorium of the Department of Soldiers' Civil Re-establishment. The success of the methods applied by the sanatorium was striking. Of the number given only 6.44 per cent died and 76 per cent were returned to civil life. It is all part of the effort of the country to do everything in its power for the men who faced the onslaughts of Prussianism. If it is going to be continued the financial assistance of the entire nation will be required.

Canada is asking that her citizens support the Victory Loan, 1919, that she may do her duty by her returned soldier. An immense sum of money is needed to maintain the medical services, keep open the hospitals and sanatoriums, train the men rendered unfit by their wounds or afflictions for their former occupations, and re-establish the fighters in civil life.

The money is here. The only question is, will Canadians now that they know the response to their magnificent support to this appeal? They will!

NEED BETTER HOMES

FOR SEVEN MILLIONS

London, Oct. 18 (Reuter).—Lecturing before the Society of Architects, Sir Charles R. H. R. produced figures, as to the country's housing needs, and said that if the output of bricks increased 250 per cent it would be some fifteen or twenty years before the present shortage would be overcome. At the present time seven million people were in the country's housing needs, and he said that the Randfontein is reported to be on her way out from England to Charlottetown, P. E. I.

He estimated that if the housing program were to be handled in any degree satisfactorily during the next five years a grand total of 1,044,000 houses must be erected or more than 200,000 each year. Calculating 2500 bricks to each house this would mean that five thousand million bricks would be required each year. To secure this amount two and a half times the number of workers engaged in this industry before the war must be found to meet the demand.
