In the evening R. Yaekel, Cleveland, O., shall preach as also L. H. Wagner in the Methodist church.

Ways and Means.

The following report of ways and means was adopted by Conference.

Since the Dashwood congregation decided to build a church, and since there is an old church within the bounds of said congregation, but no service having been held in it for about eight years, said congregation requests permission to make use of the old church in their new building.

Resolved, that their request be granted.

Since there is a request to liquidate a debt of \$46.00 on the Plattsville parsonage, but as we are informed there are subscriptions on hand nearly if not altogether to cover said debt, your committee advises to make an earnest effort to collect said subscriptions.

Since there is also a request by the Attercliffe station congregation regarding a debt yet resting on their church, therefore

Resolved, that the missionary of said place have permission to collect this sum on the South District.

Since a parsonage is about to be erected on the Niagara mission, within the bounds of the Pelham congregation, the Willoughby congregation having subscribed, only on condition that Conference pass a resolution in case the field is ever divided that they receive a refund in proportion as they paid, therefore

Resolved, that their request be granted.

Since the Pembroke congregation requests Conference for means and ways for the building of a new parsonage, therefore

Resolved, that this matter be referred to the Conference Building Committee, to do as they deem best, if possible to sell the old and build a new parsonage.

Since there is a request by the Stratford mission regarding the building of a parsonage, and since they have already secured a lot for this purpose, which is however not paid yet, therefore

Resolved, that our Conference Building Committee investigate the matter, and in case they deem it wise to go on with the building, \$1000.00 be loaned the said congregation from the missionary treasury, on condition that said congregation give Conference a mortgage for no less than \$800.00, and pay such insurance as also the taxes.

Since the same congregation has another request regarding the liquidating of their church debt of \$471.40, therefore

Resolved, that while we do not think that their request should not be granted, \$100.00 be appropriated them on condition they pay it on their church debt,
