**PRINCE AND SACHEM GABE.**  
King Edward when Prince of Wales Canoeed St. John River With Gabe Aquin, the Indian, as Companion and Host.  
(Fredericton Gleaser.)  
The death of Gabe Aquin, "Sachem Gabe," has not lost a flood of memories of the things and sayings of the aged Indian, and many are the stories and anecdotes being related about him. It may not generally be known that the only time that King Edward Seventh of England was upon the water in a birch bark canoe was on the St. John river at Fredericton in company with Gabe, because the story has not heretofore appeared in print; but such is the well authenticated fact. As Gabe's best friends well know, he was not given to boasting, yet he occasionally mentioned to intimates and with evident pride that he had taken the Prince canoeing, and he treasured in fond remembrance the kindness of the young Prince, and the boyish mischievousness of the present King, as shown in the following anecdote.  
When the Prince of Wales visited Fredericton, about forty years ago, he arrived on Saturday and spent Sunday here. Early on Sunday morning Gabe, then in his prime and a general favorite at Government House, left his wigwam at St. Mary's and boarding his canoe, built by himself of bark stripped by his own hands off the slabs of birches, swiftly paddled up river to Government House, landing for the purpose, as Gabe afterwards expressed it, "just to look around." It was about 3 o'clock when Gabe paddled slowly past Government House and who should be seen on the terrace back of the house but the young Prince himself, enjoying the cool morning air, the beautiful view of the river, and a before breakfast cigar.  
The Prince, who was of course unknown to Gabe, who was dressed out in his most fantastic garb, halted the Indian and asked him to come ashore. The Prince evidenced a lively interest in the canoe and asked Gabe many questions about its construction and uses and finally expressed a wish to have a short sail in the, to him, novel craft, a request which Gabe gladly complied with.  
Scarcely had they put off from the landing when the Duke of Newcastle, who accompanied the Prince, and exercised a very strict watch over him, appeared upon the river bank and called upon the occupants of the canoe to return at once to the shore. The Prince in an undertone asked Gabe to pay no attention to the old fellow, meaning the Duke, but to keep on, and Gabe plied the paddle with such effect that they were soon out of call from the shore.  
Gabe took his Royal visitor across the river and a short distance up the beautiful Nashwanakis, and the Prince thoroughly enjoyed his first and, probably, only trip in a birch bark canoe and Gabe in relating the story would say "an' he not one bit 'traid."  
When Gabe was asked if the Prince gave him anything for disobeying the Duke of Newcastle's command, he would say, "I got some 'gold," and more than this he would not say.  
**STRIKERS' WON.**  
YORK, Pa., Oct. 7.—The strike of the chainmakers in the two local factories of the Standard Chain Co. was settled today and the men returned to work. A settlement was effected on a wage advance of 10 per cent. on traces and seven per cent. on cart chains.

**BRUTAL ASSAULTS.**

Several Women and Girls Brutally Assaulted—Deaths of One Person.  
PUEBLO, Colo., Oct. 7.—This city is in great excitement over a series of atrocious assaults upon women and girls. From what can be learned they seem to have been committed by the same person, a negro or very dark white man with his face blackened. Saturday night Mrs. James P. Henderson was a victim, being half killed with a club while alone in her home. Later a girl in a family named Hamilton was terribly choked by a man who had forced his way in. Mrs. Hickey, who was struck down while riding a bicycle a few nights since, is still at the point of death with a fractured skull, and can give no clear account of what occurred. Several other women have also been assaulted recently.

**FLOOD, PLAGUE AND FAMINE.**

TACOMA, Wn., Oct. 7.—Steamer advices are that the coast of Kazusa, Northern Japan, has been visited by heavy gales, wrecking four hundred fishing boats, twelve boats, with total crews of 26, are missing. Heavy rains caused an overflow of the rivers at Hokkaido, washing away six hundred houses and submerging many villages.  
TACOMA, Wn., Oct. 7.—Steamer advices say the Island of Panay, in the Philippines, which has been affected by the plague, is now visited by famine. One hundred and thirty deaths from starvation are reported to have occurred in Cebu alone. To prevent the spread of the plague Manila has inaugurated a war against rats, paying two and a half cents for each rodent delivered to the board of health.

**VISITORS FROM GLASGOW.**

NEW YORK, Oct. 7.—S. Chisholm, lord provost of Glasgow, accompanied by J. S. Templeton, a millionaire manufacturer, also of Glasgow, have reached here on the steamship City of Rome. They will make only a brief visit, as Mr. Chisholm must return to Glasgow in two weeks to officiate as lord provost at the closing of the Glasgow exposition. Mr. Chisholm said that he had just left Andrew Carnegie in Glasgow. Mr. Carnegie had expressed regret that he could not return to America at once, but that he would arrive here about the end of this month or in early November. The two gentlemen will visit the Pan-American exposition.

**EATING HUMAN FLESH.**

TACOMA, Wn., Oct. 7.—The steamship Genio brings news of human flesh being freely sold in the famine district of Shanai, China. Babies and young children are being butchered. The empress dowager has commanded that the practice be stopped, but is unable to enforce her orders only around the Hsiao Pu. The money collected by the Christian Herald of New York has been distributed, saving many from starvation.

**TRADE OF LIVERPOOL.**

LIVERPOOL, Oct. 7.—The statement of the board of trade for the month of September shows decrease of \$3,024,160 in imports and of £2,588,000 in exports.

**CLARKE WALLACE.**

WOODBURGE, Ont., Oct. 7.—Clark Wallace was not quite as well this morning as he was yesterday. He is very weak.

**PRINCIPAL GRANT.**

KINGSTON, Oct. 7.—Principal Grant continues to improve, he had a good night again last night.

**C. P. R. AFFAIRS.**

The contract for the new engine house at the Bay Shore has been awarded to C. P. R. & Sons, who are now building the freight sheds and cattle yards.  
A second steam shovel will be added in a day or two, and the work pushed along as rapidly as possible.  
In regard to decorations the C. P. R. will make a display on their three buildings, general, ticket and telegraph offices. The illuminations will be kept up for three nights, Thursday, Friday and Saturday. They will be on a magnificent scale, and it is hoped their example will be followed by others, in making a three-nights' display.

**THOSE BUCKING BRONCHOS.**

Purchasers of the western horses sold by auction on the Marsh Road on Saturday furnished further amusement today by their efforts to get the animals away. One of the most amusing events was the plan taken by a man from Roxbury, who built a stall on a sloop and having enticed his purchase into it, closed the back and drove away in triumph.

**DUKE'S LONG TRIP.**

When King Edward visited America in 1860 his itinerary covered from first to last some 12,000 miles. How much the Duke of Cornwall's tour will exceed that of his father in distances covered may be seen in part by the reports of the St. George and Juno, which were replaced by the Diadem and Nike at St. Vincent, and have since returned to England. Their logs show that they have covered 27,885 miles at sea in 107 days; other details of the services from the same source are that the St. George burned 8,700 tons of coal; that the longest day's run was 423 miles, between Durban and Simon's Bay; that the highest temperature registered was 93 degrees, at Singapore; the lowest, 37 degrees, at Hobart; that rain fell on seventy days of the trip.

**MUST BE CRUSHED.**

Interesting Discussion on Anarchy and Fenianism.  
Colgoz Hailed as a Saint—International Action is Urged.  
LONDON, Oct. 7.—A fairly numerous meeting of anarchists was held yesterday at a hall in Tottenham Court Road, London, under a lecture by H. Kelly, of New York. The audience, largely composed of foreigners, included references to "Saint Colgoz" and his "magnificent act." The speakers included Enrico Malatesta, the Italian anarchist, who described the assassination as "a deed of heroism."  
LONDON, Oct. 7.—The speech of H. Kelly at New York at the anarchist meeting held yesterday in London (in which he denounced the late President McKinley's political career), has led to a revival of the demand for the extradition of anarchists. The Pall Mall Gazette in this evening compares anarchism with fenianism, maintaining that the only difference between the sentiments of anarchists and the war of outrage advocated by such men as former Congressman Finerty, is merely one of diverse means to the same end. The speaker urged that the Anglo-Saxon nations be empowered to take concerted action to hunt down the social enemy, whether anarchist or fenian, and both governments refuse them the right of asylum. By a coincidence the Times this morning prints a long article from Washington protesting against the license allowed the Irish in America in plotting against Great Britain. Commenting on this, the St. James Gazette thinks British hands are not altogether clean, and that no law would be strained if Kelly and other foreigners whose cult is murder, received immediate notice to quit.

**THE ROYAL TOUR.**

The Duke is Hunting.—The Duchess at Banff—Lord Minto Arrives.  
BANFF, N. W. T., Oct. 7.—Both the duke and duchess are enjoying their vacation from the onerous duties of the tour. The duke's party reached Poplar Point, Man., at noon yesterday and was met by Senator Kirchoffer and Lord Minto. After luncheon the whole party proceeded to Kirchoffer's shooting box, where it will remain until noon tomorrow.  
The duchess, who remained at Banff, spent Saturday and yesterday night here. On Saturday morning she attended the shooting party, and later visited Geyser Cave and Warm Sulphur Pool. At noon the duchess, with members of her suite, took a special train to Laggan and saw Lake Louise. Yesterday morning she attended a special service in St. George's Mission church and later went to Devil's Lake. The duchess and party left last night for Poplar Point.  
WINNIPEG, Oct. 7.—Sir Wilfrid Laurier, Sir Donald MacKenzie, Wallace and Secretary Joseph Pope, who accompanied the royal train from the Pacific coast, reached here yesterday afternoon and remain in Winnipeg until Tuesday, when they will rejoin the royal party and accompany it to Ottawa. Lord Minto, governor general, accompanied by his private secretary, Arthur F. Staden, and Captain Arthur Bell, A. D. C., arrived in the city to join the royal hunting party.

**CANADIAN NEWS.**

South African Medals—British Columbia—Musician Dead.  
TORONTO, Oct. 7.—Major Biggar of the headquarters staff, who has charge of the distribution of South African war medals by the Duke of Cornwall and York, reached Toronto from Victoria, B. C., last evening. So far he says about seven hundred of the returned troops have received medals.  
A Victoria special to the Globe says Premier Jas. Dunsmuir has decided to remain in office, having concluded he has the support of an overwhelming section of the legislature. The legislature will probably meet early in January.  
Frederick Toulmin, the well known musician of this city, having been formerly for over 20 years band master of the 10th Royal Grenadiers, died last night, aged 82.

**THE BEAR WILL BITE.**

SEATTLE, Wn., Oct. 7.—D. Ewanoff, a representative of the Russian government, who has returned from a trip to Nome and Siberia, states that American miners will be strictly prohibited from either mining on their own account or working for wages in Siberia. He predicts that next spring the treasury department of the Russian government will patrol the Siberian sea with revenue steamers, whose duty it will be to see that no trading is done with the natives except by persons acting under permits from the Russian government.

**FIRE IN CHICAGO.**

CHICAGO, Oct. 7.—Fire swept through half a block of frame and brick buildings in Chicago early today, causing a loss of about \$50,000. The rapid spread of the flames was due largely to the delay to a number of fire engines by broken bridges over the Calumet River. Nine buildings were burned. Of these seven were residences, the occupants of which were driven into the streets in night attire.

**A SUICIDE.**

CHICAGO, Oct. 7.—Guests of the Kimball hotel have identified a man who Saturday evening shot and killed himself in Lincoln Park, as P. W. Dickie, who for the last three years had been living at the hotel. Dickie was the western agent for a New York jewelry house.

**VIEWS OF JOHN CHARLTON, M. P.**

Thinks Canada Should Adopt American Scale of Duties Unless United States Grants Concessions.  
John Charlton, M. P., who was a member of the joint high commission, delivered an address before his constituents Monday, taking as his subject: "The past, the present and the future of Canada," in which he touches on the country's relations with the United States. He spoke of the two great Anglo-American commonwealths as the continent and the great disparity between their comparative developments and the much smaller disparity between their respective resources.  
Natural tendencies as to trade have, however, he said been dwarfed by 24 years of repressive fiscal legislation. "Canada's policy towards the United States in that period has been a moderate and reasonable one, and at the present time, Canadian duties upon total imports and upon dutiable imports from the United States are only half in percentage of those levied by the American government on Canadian imports."  
There is a lack in our country, Mr. Charlton continued, of diversity of employment, and unless the United States will consent to reasonable concessions and the adoption of a trade policy that will meet our own some other course will have to be taken. Canada is pretty strongly imbued with the policy of production and the adoption of the American scale of duties for the purpose of securing the manufacturing in our own country of the enormous amount of manufactured goods we now import from that country will be a pertinent and proper answer to the refusal on the part of the United States to grant an adequate modification of their own trade policy toward us.

**TORONTO, Oct. 6.—Allen Gibbons,**

son of G. C. Gibbons, K. C., of London, Ont., a university student, shot himself in the head with a gun at his boarding house tonight. It is not known whether it was accidental or otherwise. He may recover.
