Fred A. Jones, the preceptor At Mr. Ellis' suggestion, Mr. Corley of Windsor, Ont., the next in office the grand master, appeared on the platform. His appearance was greeted with appleause. He said he was pleased to meet such a large company. Some seven years ago the Priory met in St. John. Since then many important events had taken place, not the least of which was the affiliation of the least of which was the affiliation. the St. John Encampment with the Grand Priory. He assured all within hearing of his voice that the Priory was proud to have them. Union D Molay Preceptory was assured by the speaker that the visitors appreciated their efforts too. The programme was a highly creditable one. Some years ago the Priory used to meet with smal numbers. Some one suggested that Union de Moley Preceptory, on behalf of that body, said he desired to welcome the visitors to St. John. He undertook that the St. John Knights would do everything that it was pos sible to do to make their stay here an emoyable one. He trusted that when they left this city they would carry away with them pleasant recollections of St. John. (Applause.)

He said he had the greatest pleasure in being present on this occasion, and he was delighted to say he was a member of Union De Molay Preceptory. He commented upon the fine physique and good appearance of the visitors and the local Knights, and said they had all reason to be proud of themselves. The people of St. John were proud to have such a fine lot of ladies and gentlemen come here. The preliminary proceedings over, the grand master in his address cordially welcomed the visitors and ex-pressed his appreciation of the couresy that moved the Great Priory to select St. John as the place of meet ing. Special greeting was also extended the fraters of St. Stephen Enope expressed that ere long the two odies will be united in one community. It is six years since the grand master said there have been many hanges, a substantial and healthy progress and a marked advance in the lirection of fraternal unity. On the leath of the late Queen, who was a patron of the order of the Temple in England, the grand master sent to King Edward, who is a member of the order and honorary past grand master of the Sovereign Great Priory of Canada an expression of the sympathy and devotion of the members which he had graciously acknowledged. Extended reference was made by the grand master to a recent visit paid by him to the semi-annual as-sembly of the Great Priory of England, and to the kindness and cour-tesy shown him by the grand viceancellor, the grand master and embers of the order. Feeling refer-ce was made to the death at Cedar Rapids, Iowa, of Theodore S. Parven, representative of the Great Priory of Canada, and to the members of the order called away during the year -Messrs. James Herbert McKenzie of Barrie; William Donald Tawse, Victoria; Wiliam Wales Grey, London, and Dr. W. George Beers, Montreal. The office of representative to the Great Priory of the United States the grand master has filled by the apointment of Past Grand Master Hugh McCurdy of Corrunna, Michigan. An absence of three months in England prevented the grand master making as many visits as he desired, but during the term he attended meetings at Montreal, Ottawa, Moncton, Truro, Yarmouth, Charlottetown, and of the Union de Molay and Encampment St. John in this city, and at all was most cordially greeted. Discussing the general condition of the order, the grand master urged the officers their duty and the members to elect officers who could be relied on to do so. He said: "This year's return will show a gain in membership and an increase in funds—an evidence of the

The grand master referred to the work of the provincial priors and expressed his conviction that only those who are prepared to visit the preceptories in their jurisdiction should accept this office. He had strongly urged the importance of this work on all of them, and he also strongly urged each preceptory to have a representative at the Great port the grand master referred to the nany invitations that had been extended to him to attend functions of the order, not only in Canada, but in the neighboring republic, and for these, as well as the Christmas greetings sent him by many members, he returned hearty thanks. He expressed his appreciation of the work of the grand chancellor, and while regretting that he had not reached his own ideal of what a grand master should be, exressed the hope that as he was rering from the position which he holds as a humble knight in the ranks, he would serve the order as steadily as he had done during his forty years connection with it, and he promised

Prostrated by Excessive Heat

Men and Women Are Everywhere Falling Victims of Nervous Collapse, Paralysis, Insanity or Epilepsy—The Abnormal Heat a Terrible Strain on the system.

Seldom, if ever, has Canada been visited by such excessive and continuous heat, and the results have certainly never proven so alarming. The workpeople in factories and workshops, the clerks in stores and offices, business and profesional men, the farmer in the field, the woman at her housework, all are suffering, many are dying, unable to withstand the weakening, debilitating and enervating effect of such unusual weather.

What can be done to prevent prostration and collapse? Many have found an answer to this question in the use of Dr. Chase's Nerve Food, the great system-builder and nerve restorative. It renews the wasted vitality in a surprising

manner, keeps the action of the bodily organs regular and active and fortifies the system against the attack of weakness and disease.

She Felt Tired and Listless.

Mrs. Henry Clarke, Port Hope, Ontario, states :- "I have used seven boxes of Dr. Chase's Nerve Food for nervousness and a completely run down system, and can heartly recommend it as a wonderfully effective treatment. Before using this remedy I had been in very poor health for some months. I seemed to have no energy or ambition, felt tired and listless most of the time, and could scarcely drag myself about the house. I was weak, irritable and nervous, could not sleep well, and felt discouraged about my health. Dr. Chase's Nerve Food has taken away these symptoms and given back my usual health and vigor, consequently I endorse it fully."

Dr. Chase's Nerve Food The Great Restorative

Too many yield to the temptation to use stimulants when the body is tired and exhausted. The action of the heart is quickened, the tired nerves are whipped up to overexertion, temporary relief is obtained, but the result is an excessive waste of nerve force and a hastening of fatal collapse. Dr. Chase's Nerve Food owes its wonderful success to the fact that it naturally and gradually restores wasted nerve force and builds up the system. It cannot possibly fail to be of benefit to anyone who uses it because it actually forms new healthy tissues, makes the blood rich and pure, and restores the pale, weak and nervous to health, strength and vigor. 50 cents a box, 6 boxes for \$2.50, at all dealers or Edmanson, Bates & Company, Toronto.
