Nov. 2.—The marriage of Miss Jessie Wallace, second daughter of J. J. Wallace general freight agent of the I. C. R., to which a brief reference was made last week, took place at the bride's home at five o'clock last Wednesday afternoon, and was one of the prettiest home weddings seen in Monton for some time. The spacious parlors were beautifully decorated for the occasion with flowers and ferns, and the fair bride looked very charming as she entered leaning on the arm of her father. She wore a very handsome gown of ivory white broad satin trimmed with chiffon, and carried a beautiful bouquet of bridal roses and maidenhair fern. Both bride and groom were unattended. The ceremony was performed by Rev. W. B. Hinson pastor of first baptist church, and at its conclusion the wedding guests, numbering about forty of the relatives and friends of two families partook of an elaborate luncheon, after which Mr. and Mrs. Rippey departed by the Maritime express on an extended wedding trip which will include Montreal, Toronto, Niagara Falls, and other points of interest in Upper Canada. The brides going away gown was a handsome suit of cadet blue broadcloth trimmed with velvet, with a large hat of blue velvet and ostrich tips. Both Mr. and Mrs. Rippey are well known in Monton and the numerous and beautiful tokens of regard which they received, testified the high esteem in which they are held. Their numerous friends will unite in wishing them every happiness in their new life.

Another wedding took place at a slightly later hour on the same evening when Miss Isabella Scott was married at the home of her uncle Mr. Alexander Donald, on Weldon street, to Mr. R. R. Coleman of the New York, New Haven and Hartford railway, at Norwood Mass, son of Mr. A. S. Coleman of the I. C. R. The ceremony was performed at seven o'clock by Rev. J. M. Robinson pastor of St. John's presbyterian church, in the presence of a large number of friends and relatives. The bride looked very fair and sweet in a travelling suit of grey cloth with toques of grey felt and ostrich tips of the same shade. Mr. and Mrs. Coleman left immediately after the ceremony by the evening train for their future home in Norwood, where they will be followed by the good wishes of their numerous Monton friends.

Mrs. H. G. C. Ketchum who has been spending some weeks in town visiting her sister Mrs. I. W. Binney of Oshawa street returned to her home in Fredericton last week.

Mrs. Angus McCallan of Campbellton, who has been spending a week or two in town, the guest of her sister Mrs. W. J. Weldon of Main street, left on Thursday for her former home in Westchester, N. S. to visit her parents.

Mrs. W. H. Burns of Fredericton, who has been visiting her mother Mrs. Samuel McLean of this city, returned home on Monday.

Mr. and Mrs. E. A. Harris returned last week from a short visit to Montreal.

Miss Ada Davidson of Halifax is spending a few days in town the guest of Miss Margaret Taylor of Main street.

Mrs. F. S. Yonston of Truro, who came up to Monton to be present at the wedding of her friend Miss Wallace, and who has been spending a week

with Mr. and Mrs. J. J. Wallace, returned home last Thursday.

Mr. F. W. Winter left town last week for Montreal to spend a short holiday in the commercial metropolis.

One of the pleasantest events of last week was a very enjoyable little dance which was given on Friday evening by Mrs. D. I. Welch, at her pretty cottage on Alma street. The guests who were principally young people numbered about thirty, and as Mr. and Mrs. Welch are ideal hosts, the evening was delightfully spent.

Judge Landry of Dorchester, paid a short visit to Monton last week.

The numerous friends of Mrs. Peter McSweeney will be sorry to hear that she met with a severe, and most painful, though I am happy to say not dangerous accident, at her own home on Sunday afternoon. In crossing the room she tripped in some unaccountable manner, and putting out one hand to save herself sustained a severe dislocation of the right shoulder. Doctors Myers and White were called in, and under their skilful ministrations the patient was made as comfortable as possible, and the injured limb set. Mrs. McSweeney has been most unfortunate, as it is not very long since she broke her wrist, and was laid up for a long time from the effects.

Mr. W. B. McKenzie, chief engineer of the I. C. R., went to St. John last week in connection with the Colpi suit against the I. C. R. for injuries received at the time of the Palmer's Pond accident which is before the Exchequer Court, now sitting in St. John.

We have been revelling in another convention since the late Sunday School convention closed; this time it was the Westmorland County teacher's institute which opened its twenty first annual meeting in Aberdeen hall on Thursday morning, the president Mr. H. L. Brittain of this city presiding. The attendance was larger than on any previous year in the history of the institute, a hundred and twenty five enrolling on the first day.

An especially interesting feature in connection with the closing meeting on Friday afternoon, was the presentation of an address of farewell, accompanied by a very beautiful epigram to Miss Lillian Nicholson on the occasion of her resignation from the staff of the Monton schools to accept a similar position in Fredericton, her former home.

At the close of the Institute the Monton teachers, assembled in the teachers' room to bid a formal farewell to their comrade of the past six years. There were also present Rev. J. M. Robinson, Mr. David Grant chairman of the School Board, Mr. F. A. McCully secretary and superintendent of schools and two or three other favored individuals. Rev. J. M. Robinson made the presentation in a few well chosen words, on behalf of the teachers, at the same time expressing the deep regret so universally felt at Miss Nicholson's departure from Monton, and afterwards read the following address:—"Dear Miss Nicholson: Having been associated with you for a number of years it was with sincere regret that we heard of your departure from Monton, and we wish to assure you that many of us will long remember your good comradeship and willingness to aid in any of the work of our school. We are glad to know that your new position takes you to your old home, and most heartily congratulate you on the appointment, and hope that the success which has attended you here may follow you to Fredericton. Please accept the accompanying ring as a token of our esteem, and may it serve to remind you of many pleasant days spent in this city."

On behalf of the teachers, Miss Nicholson replied briefly but with deep feeling to the kindly sentiments expressed, and thanked her fellow-teachers most warmly for their beautiful gift. Mr. McCully said a few words expressive of the general regret with which both the School Board, and teaching staff parted with so efficient and popular a teacher, and the meeting was brought to a close.

Miss Nicholson left town on Monday to assume her new duties, a large number of friends gathering at the station to bid her farewell. It is seldom that such sincere and universal regret is expressed over the departure of any one person, as one hears on all sides for Miss Nicholson. Her singularly bright and sunny nature and attractive personality have won hosts of friends for her, and she is followed to her new field of work by their heartfelt good wishes. Her loss in society will be irreparable, and her place will long remain unfilled.

The many friends of Mr. George M. Ryan now of the I. C. R. postal department at St. John, but for many years a resident of this city, were glad to see him in town again last week.

Miss MacGowan of Charlottetown, who has been spending some weeks in town the guest of Mr. and Mrs. C. P. Harris of Steadman street, returned home last week.

Miss Flora Tuttle of Jolietre who has been on a visit to relatives in Monton for the past ten days returned home on Monday.

Miss Stella Stevens left town on Thursday for a visit to Montreal. She was accompanied by Mrs. J. A. Morrison, of St. John.

The kindergarten, which was opened in September by Miss Maud Davis, lately of Boston, has proved most successful, and Miss Davis is to be warmly congratulated upon the energetic manner in which she has carried on the work. She succeeded lately in obtaining the consent of the school board to occupy a room in Aberdeen building the capabilities of which were much better suited to her purpose than any ordinary room which could be hired in the city, and such has been the success of her undertaking that the school now numbers some fifteen or sixteen children, and at the recent meeting of teacher's institute that body listened to a lesson in kindergarten work, and the members were deeply interested, as well as impressed with the manner in which the children acquitted themselves, so much so indeed that Messrs. Frank and Harper Allen moved and seconded a note of thanks to the successful young teacher. Miss Davis is assisted in her work by Miss Borden, and with these young ladies are deserving of the highest praise for the careful and conscientious manner in which they perform their duties, and the interest in their work with which they have inspired their little pupils.

Mrs. B. Toombs returned last week from Charlottetown, where she has been spending a three weeks holiday visiting relatives.

The numerous friends of Rev. George M. Campbell, former pastor of the central Methodist church of this city but now of Charlottetown were delighted to welcome him back to the scene of his former labors last week. Mr. Campbell spent Thursday and Friday in the city attending prayer meeting at his former church and delivering an impressive address. Mr. Campbell made hosts of friends amongst all denominations during his pastoralate here; and he is always sure of a warm welcome when he returns.

Miss Bertha Richardson, who has been spending some weeks in town, the guest of her sister Mrs. William Jones of Green street returned last week to her home in Jolietre.

Mr. and Mrs. H. A. Price, took their final departure from Monton on Thursday, for Montreal where they will reside in future, Mr. Price having been recently appointed district passenger agent of the I. C. R. with headquarters in that gay city. It is needless to say that both Mr. and Mrs. Price

will be greatly missed in Monton society, where they have always occupied a prominent position, and that their hosts and friends will unite in wishing them all good luck and happiness in their new home.

Miss Bastian, of Newark, New Jersey who has been spending the summer months in Monton visiting her aunt Mrs. William Brown of Archibald street, returned home on Monday. Miss Bastian was accompanied by her cousin Miss Grace Steadman.

Miss Annie Cooke's numerous Monton friends are glad to welcome her home again after a three months' visit to her sister, Mrs. S. J. Plunkett at Lindsay, Ont., and to friends in Kingston. Miss Cooke returned on Monday.

Mrs. Leavitt of Cleveland, Ohio who has been spending the summer visiting friends in Halifax, Albert county and Monton, took her departure on Monday morning for her home in Cleveland.

Mr. George A. Vye formerly of this city but now of Digby, N. S. is spending a few days in town the guest of his daughter, Mrs. A. J. Lutz of Main street.

Mr. P. S. Archibald, O. E. returned on Saturday from St. John where he has been attending the Colpi case before the Exchequer court.

Mr. W. C. Milner of Point de Bute paid a short visit to Monton on Saturday, and was the guest of his sister, Mrs. I. W. Binney of Church street during his stay.

Mr. Frank Holstead of St. John spent Sunday in town the guest of his mother Mrs. William Elliott of Bedford street.

Mrs. Thompson wife of Rev. Mr. Thompson, Methodist minister at Campbellton who has been visiting friends in Monton left town yesterday for her former home in Charlottetown where she intends spending some weeks.

The entertainment given in the basement of St. George's church last Wednesday evening, by members of St. George's Guild, was so far above the average of the ordinary church social as to merit special mention. The chief event of the evening so far as the children were concerned, was Clide ralla, in which about twenty little folks charmingly arrayed in old time costumes, took part. The leading parts were admirably taken by two very small people, little Miss Bradley as Cinderella, and Master Douglas Hooper as the Fairy Prince, the scene where the glass slipper is tried on, being most effective. The ballroom scene was also worthy of the highest praise, the manner in which the young performers danced the Lancers and acquitted themselves generally, reflecting the greatest credit on Miss Hamilton who trained them, and who is to be heartily congratulated upon the success of the entertainment.

The Grecian tableaux were most beautiful, Miss Borden, Miss Johnson, Miss Randolph, Miss Dove, and Miss McLeod taking part adorning charming living pictures.

The musical part of the programme was equally deserving of praise, Mrs. Lyman kindly favoring the company with two solos, both of which were enthusiastically received, "Appear Love at thy Window" being especially well received. This charming singer was in excellent voice, and responded kindly to the demands of the audience. Mrs. Lyman was accompanied by Mr. F. H. Blair. The duet between Mr. Hooper and Mr. Wran, "The Pilot Boy" was also well received their voices blending harmoniously in the strains of song. Little Miss Grace Lockhart gave a charming recitation for one so young, and Davidson's Orchestra furnished excellent music throughout the entertainment.

Altogether the young ladies of the Guild are to be congratulated upon their success, and also upon the fact that their home-made candy was all sold out long before the closing hour, that their oyster stew contained at least half a dozen oysters to the stew instead of the proverbial one, that their coffee was hot and strong, and last, though by no means least there was "standing room only" shortly after the hour of opening, and the receipts exceeded their most sanguine expectations most of the audience voting the price of admittance—ten cents—ridiculously small for so good an entertainment.

Nov. 2.—Society has been so very quiet during the past week there has really been nothing worth writing. This week, however, there has been one or two pleasant parties that were greatly enjoyed after the brief rest.

On Thursday afternoon a party of ladies drove to Oak Point and enjoyed a delightful afternoon and supper at welcome cottage, Mrs. W. F. Todd's summer home. They did not return to town until nine o'clock to enjoy the delightful drive along the river bank in the moonlight. This will probably be the last of the autumn picnics which have been so pleasant during October.

Mrs. Wilfred L. Eto: gave a Hallow E'en party on Monday evening at her beautiful home on Main street Calais, to a number of lady friends. All sorts of games pastimes to the evening were played and a real fortune teller predicted the future of all who wished to look forward into those mysteries. A delightful and exciting evening was spent. At twelve o'clock a supper of dainties that are usually indulged in on a Hallow E'en was served, and the ladies soon left for their respective homes as the hour was waxing late.

Mrs. W. Henry Maxwell, her son Mr. Brown Maxwell, and her daughter Miss Gladys Maxwell, left yesterday afternoon for Boston and will make their future home in the vicinity of the city where they played and a real fortune teller predicted the future of all who wished to look forward into those mysteries. A delightful and exciting evening was spent. At twelve o'clock a supper of dainties that are usually indulged in on a Hallow E'en was served, and the ladies soon left for their respective homes as the hour was waxing late.

Mrs. Arthur Marks, of Eureka, is spending several weeks here. Mrs. Marks who is now visiting relatives in Boston will join her husband here next week.

Mrs. John F. Gant, has gone to Vancouver B. C. to spend the winter with her sister Mrs. W. E. Vaughan.

Mr. Charles E. Hayden is here for a few days visit.

Mr. Percy Gilmer has gone to Boston to visit for a few weeks before going to Toronto to pass the winter.

The young friends of Master E. Ann Hill, enjoyed a jolly party at Upton Lodge on Hallow E'en it being the occasion of Master Hill's tenth birthday. Rev. S. B. Moore rector of St. Anne's church Calais, has returned from his vacation. He was accompanied by Mrs. Moore, who has not resided in Calais before. The were tendered a reception one evening recently by their congregation.

Mr. E. A. Waldron general manager of the International Steam boat company was in Calais on a brief business trip during the past week.

Miss Madeline Sisson has resigned her school much to the regret of her scholars and their parents to whom she has greatly endeared herself since her residence here.

Mrs. C. E. Newton has returned from a short but pleasant visit in Bucksport, Maine, and is now the guest of her friend Mrs. W. B. King for a few days before returning to Red Beach.

Miss Lucie Tibbets of Andover is the guest of Miss Ida McKenzie.

Mr. Will L. Algar who has been visiting friends in Boston and vicinity arrived home on Monday.

Mrs. Alexander McFavish leaves today for Boston where she will spend the winter to recruit her health.

THINGS OF VALUE.

In China horses are mounted on the right side and ships are launched sideways.

There never was, and never will be, a universal panacea, in one remedy, for all ills to which flesh is heir—the very nature of man's creature being such that were the germs of other and differently seated diseases rooted in the system of the patient—what would relieve one ill in turn would aggravate the other. We have, however, in Quinine Wine, which obtains in a sound undiluted state, a remedy for many and grievous ills. By its gradual and judicious use, the frailties of the system are relieved, the drooping spirits of those with whom a chronic state of morbid despondency exists, which, being stimulated, course throughout the system, strengthening the animal function of the system, thereby making activity a necessary result strengthening the frame, and giving life to the digestive organs, which naturally demand increased substance—result improved appetite, Northrop & Lyman of Toronto, have given to the public their superior Quinine Wine at the retail rate, and gauged by the opinion of scientists, this wine approaches nearest perfection of any in the market. All druggists sell it.

Nearly all infants are more or less subject to diarrhoea and such complaints while teething, and as this period of their lives is the most critical, mothers should not be without a bottle of Dr. J. D. Kellogg's Baby's Own Syrup. This medicine is a specific for such complaints and is highly spoken of by those who use it. The proprietors claim it will cure any case of cholera or summer complaint.

There are 230 glaciers in the Alps said to be over five miles in length.

Can Recommend it. Mr. Knos Bornberr, Toronto, writes: "I am pleased to say that Dr. THOMAS' ELECTRIC CURE is all that you claim it to be, as we have been using it for years, both internally and externally, and have always received benefit from its use. It is our family medicine, and I take great pleasure in recommending it."

Cork shavings, which have heretofore gone to waste, have been discovered to have a commercial value, and large quantities are being used by linoleum manufacturers.

A CURE FOR CONSTIPATION—Constipation comes from the refusal of the excretory organs to perform their duties regularly from contributory causes such as indigestion, dyspepsia, and a laxative Pill, prepared on scientific principles, are so compounded that certain ingredients in them pass through the stomach and act upon the bowels so as to remove their torpor and arouse them to proper action. Many thousands are prepared to bear testimony to their power in this respect.

A celebrated lion-tamer has fitted up an electric wire line, one of the cages, and this serves as an impassable yet invisible barrier which protects the performer. One touch of the wire gives a lasting lesson to the wildest lion.

In NATURE'S TONIC there are CURES.—Medical experiments have shown conclusively that there are medicinal virtues in even ordinary plants growing up around us which give them a value that cannot be estimated. It is by some that Nature provides a cure for every disease which neglect and ignorance have visited upon man. However, this may be, it is well known that Par-melee's Vegetable Pills, distilled from roots and herbs, are a sovereign remedy in curing all disorders of the digestion.
