## THIS DATE IN RING ANNALS

1890—Jimmy Austin, California bantamweight, born in Los Angeles. Austin started fighting in his native city in 1907 and engaged in fifteen battles before he was defeated. Young Togo, the Japanese boxer, was among Jimmy's victims, which made Austin mighty popular. In 1909 Austin knocked out Max Weber in less than a round, but was whipped by Red Corbett in a 6-round battle at San Diego. In 1910 Austin went to San Francisco to meet the clever little Eddie Campi, and was stopped in 4 rounds by the San Francisco boy. At one time Austin looked like a coming champion, but his subsequent performances in the ring did not justify the prophets who had predicted great things for him.

### EAST END LEAGUE.

Last evening the East End League the Glenwoods had a walkover with the Commercial winning the game by a score of 12 to 1. The following is the runs, hits and errors with the batteries:

R. H. E.	
Commercial	13 4 4
Glenwoods	12 15 4

Batteries—Laurence, Stubbs, Connors and McDonald; Robertson and Britton.

Features of the game was a three base hit by McNulty and two batters by Robertson and Stubbs, also a double-play by McNulty and G. Calahan.

## SPEED, NOT BEAUTY, FOR SHAMROCK IV.

Gosport, England, May 21.—Through the courtesy of Sir Thomas Lipton an inspection was permitted today of the Shamrock IV in Gosport and Nicholson's yard, where for several months the challenger for the America's Cup has been under construction and has been jealously guarded from the scrutiny of outsiders.

Charles E. Nicholson, her designer, assisted in laying bare some of her secrets, but refused to disclose all, notably that which is most interesting to yachtsmen, the sail area of the new challenger.

The form of the Shamrock's hull, however, makes it evident that the sail area will considerably exceed the 8,000 and odd square feet which, according to the reports cabled here, the Herreshoff boat, the Resolute, will carry.

If fitted against the Resolute in the cup races Shamrock will not only have to beat her but beat her by probably two or three minutes to win the cup.

The following figures of the Shamrock's dimensions may be regarded as authoritative: Length over all, 110 feet; length on the water line, 75 feet; greatest beam, 22 feet; draught without centreboard, 13.5 feet. With the centreboard down to its full extent the draught will be 10 feet additional.

Designer Nicholson throughout has paid no attention to beauty, his aim being speed, and that he seeks to obtain through the driving power of a big sail spread, rather than through the business of model, for the Shamrock is decidedly a big-bodied boat.

The challenger will be fitted with a hollow wooden mast, the height of which is one of the secrets the designer would not disclose, but it will certainly be tremendous. The report that she will carry a Marconi topmast is erroneous.

A steel mast will also be provided as a substitute for the wooden mast if the latter proves defective.

Shamrock IV's construction is composite, being of wood planked on metal frames, which are in part of steel and in part of aluminum. The planking is of three thickness, the two inner skins running diagonally and the outer longitudinally.

### YOUNG VICTORIAS ON TOP.

The Young Victorias defeated the Duke Street Stars last evening on the Duke street dump by the good score of 6 to 4. Both teams put up a good brand of baseball. Harding and McCullough formed the battery for the winners while Evans and Jennings officiated between the points for the losers. The game was viewed by a good sized crowd.

## WANT BOXING AT OLYMPIC GAMES IN 1916

New York, May 21.—The New York State Athletic Commission, through Secretary Charles P. Harvey, has requested the members of the American Olympic committee to urge the introduction of amateur boxing at the Olympic games to be held in Berlin in 1916. Secretary Harvey, in his communication to the United States delegates to the Olympic Congress to be held at Paris next month, states in part:

"In view of the fact that amateur boxing is controlled and popular in the United States, Dominion of Canada, England, Australia and France, I am placing before you the appeal that the delegates of the United States at the congress in Paris in 1914, bring forward the proposition to add boxing to the list of Olympic sports."

"We have had amateur boxing at two previous Olympic games—St. Louis in 1904 and London in 1908, and the general opinion seems to be that at both of these Olympic games boxing was a very important and successful feature."

## PROVINCIAL LEAGUE OPENING

The St. John A. C. B. team are being worked hard every evening on the Marathon grounds getting ready for the opening of provincial league on Saturday afternoon. Some of the very best and strongest players in the city will be found playing with this team.

Wm. Case will be manager and has signed the following players to date: J. Dever, H. Dever, L. Sullivan, E. Stirling, E. Gorman, W. Gibson, F. Morrissey, P. Lennan, H. Hanlon, P. Kinsman, A. Barbary, A. Gahner, W. Kirkpatrick, G. Smith, H. Howard. The games will be with Moncton and starts at three o'clock sharp.

### SOCCOR GAME TIE.

Last evening on the Barrack Square the Caledonians and the St. John played a soccer match with neither team scoring.

### COBB FRACTURES RIB.

Boston, May 21.—Ty Cobb complained of a pain in his side after a wicked slide yesterday, and an examination today showed that the star had fractured a rib. He may be out of the game for a week.

## MORTAL COMBAT PROMISED FOR THIS AFTERNOON

If weather conditions permit and all five like playing baseball the Scrabble and Actors will meet in mortal combat on the Marathon grounds this afternoon.

The men of the Thompson-Woods Stock Company have been practicing diligently during the last two weeks and they promise to put something over today. In the last game the newsmen put it to them by a majority of one run, but they say that the best will be on the other foot this time.

One of the conditions of the contest is that all ladies remain in the grand stand. The presence of ladies on the field made the scribes nervous last Friday and they could not play up to their usual ability. In fact Dever and Jennings were "real fustered."

A first class umpire has been secured and no expense will be spared in making the game a real big league affair.

The Scrabble have made ample preparations for the game. Conlon borrowed a new sweater coat, Dever bought a new cap yesterday, Hanson has secured the services of another star. In fact all the members of the team and substitutes will appear well bedecked.

There will be several new faces in the team. Of course we cannot announce the names of the players but they will appear in the papers Saturday. The game will be started at 2:30 o'clock if the players are there on time.

## TUBBS IS OUT OF THE GOLF CHAMPIONSHIP

### Special to The Standard.

Sandwich, Eng., May 21.—Charles W. Evans, of Chicago, and Harold Webber, of Toledo, the two survivors of the ten American competitors in the British amateur golf championship, were eliminated in the fourth round today, and as a consequence there is much jubilation among the followers of the British players.

Two or three times in the course of a life time every good golfer seems inspired and puts up a phenomenal game. That is what C. B. MacFarlane, a Scotch player did today in his match with Evans. He played better golf than he ever did before, and his first nine holes broke all previous records for the course.

There was no fault to find with the game as played by the ex-western open champion, but he was not inspired, and his defeat was inevitable. MacFarlane was five up at the turn, and he won four up and two to play. In the game between Harold Webber and Captain C. K. Hutchinson, of the Royal and Ancient Club, St. Andrews, the Scotchman played better and steadier golf and won on his merits by six and four to play.

No man plays a phenomenal game twice in succession, and there was not much surprise when the conqueror of Evans was himself defeated in the fifth round. Hutchinson was also defeated, and Harold H. Hilton, holder of the British championship, was put out of the contest in the fourth round by Edward Blackwell, St. Andrews.

Another interesting result of the contests today was the elimination of H. S. B. Tubbs, of Little Stone, who yesterday defeated Outimet, the American open champion.

### SPORTOGRAPHY

"GRAVY"

Zach Wheat, Brooklyn

Outfielder, 26 tomorrow

Zach Wheat, the hard-hitting outfielder of the Brooklyn Dodgers, will be twenty-six years old tomorrow. Zachary David was born in Missouri, at Hamilton, and he doesn't care who knows it, and if anybody holds that Missouri is not a good State to be born in and to live in they will have to show Zach—and he is five feet ten of solid meat and muscle and will take a lot of showing. Wheat's home address is now Kansas City, where he spends all of his spare time. He is not forced by the exigencies of his profession to travel around with the Brooklyn ball club. Zach is very fond of Brooklyn, although he admits that it reminds him of Kansas City, Kansas.

Wheat was reared in Missouri and began playing ball with a Kansas City semipro club. In 1908 he signed with Shreveport, La., in the Texas League, and at the close of the season Zach received a call to abandon the Alabama city and join the Dodgers, and

Tomorrow will also be the fifth anniversary of that veteran birther, Charles, better known as "Deacon," Phillippe. The Deacon was born in Virginia on May 23, 1872, and played his first professional ball with the Minneapolis club of the Western League in 1897. He broke into the National League with Louisville. In 1909, and the following year joined the Pirates. He pitched for Pittsburgh from 1909 to 1911, and during that period helped the Pittsburgh club to win four pennants.

## Here's a Hunch:

**FIRST thing you do next get a tidy red tin of Prince Albert and fill up a jimmy pipe or roll a makin's cigarette. Either will make peace with your tongue before the first inning's over. For you never smoked the likes of P. A.—tobacco made by an exclusive patented process that takes out the bite and the parch.**

## PRINCE ALBERT

*the inter-national joy smoke*

No matter what you pay for your pipe or cigarette makin's tobacco, you'll never stay put till you get acquainted with "the inter-national joy smoke."

Such flavor, such aroma, such freshness! Why, just to write about it or talk about it puts that "lead me to it" spirit right into your system.

You join the P. A. band and find out for yourself why Prince Albert is sold to more men in the U. S. than any other pipe and cigarette tobacco!

*Prince Albert is the largest seller in the United States. It is now being imported into Canada by wholesale dealers and is sold by all of the leading retail dealers in 1/2 lb. tidy red tins.*
