Rioters Start Further Fires in Negro Quarters of East St. Louis-List of Dead is Long One-White Women and Girls Beat Negroes to Death.

East St. Louis, Ill., July 3—A night of rioting, during which at least twenty negroes are known to have been killed, approximately 360 persons in Jured and more than 1,500 negro houses burned, was followed today by more disorder although 1,500 Illinets national guardemen had taken charge of this city.

While the death list is known to be at least twenty, unconfirmed reports place the number of dead as high as any 350. Burning of negro homes began last night s little before dark and the mobs went from section to section setting fires. As the negroes ran from their cottages, rioters fired at them, and many fell back into the fiames and it is believed that some were burned to death.

Women Take Part.

Not only white men, but white women and girls composed the mobs which set upon the negroes and in the streets and in the street care, pulled their hair out, tore off their clothes and beat them with all sorts of weapons.

The rioting last night was the cultimation of a series of disturbances which began with the killing of a police officer and the wounding of ware fanned by a high wind and spread them with all sorts of weapons.

# The Transformation

Right in the heart of the great city of Toronto, in the centre of the principal business district, close by the cross-roads of main traffic, stands the "second longest bar" in all Canada. Observers say they used to count hordes of men entering this stronghold of the Traffic. Were the frequenters of the bar better men when they came out?

On September 16th, 1916, Prohibition went into force in Ontario, and, of course, the bar lost its license. On the 16th of April, 1917, the old bar was busier than ever! But what an arresting, beautiful transformation! Would that you and your sons could have been there to see the sight. The old barroom was a bevy of flowers. Fifty fair ladies served refreshments to Toronto's most prominent citizens and their wives, and not one of them all but was proud to be seen in the old barroom.

The aching, worrying hearts of the army's mothers are relieved now when they see their sons enter this building—for the old bar is helping to save men now instead of ruining them.

The hotel is now the "Y.M.C.A. Soldiers' Club," one of the Young Men's Christian Association's long chain of clubs, marquees, huts and "dug-outs" extending from Vancouver to the firing line in France —those helpful sentinel-posts that safeguard our precious soldier men and boys wherever soldiers are congregated. To the Y.M.C.A. Canada owes a debt of gratitude she never can adequately repay.

Like New Brunswick, the Traffic in Ontario has the opportunity, after the war, of putting Prohibition to the test at the polls. But Prohibition in Ontario is being enforced, and the old strongholds of the Traffic-the long bars we mean—are one by one being turned to useful purposes. Many of the hotel buildings that depended for existence upon bar trade are now -constructive instead of de-

Does New Brunswick want-to return to the destructive license system, and again be a partner in the old firm of John Barleycorn and Company, Limited?

Or does New Brunswick want to maintain Prohibition for ever? If so, Enforcement must be province wide, must be both strict and effective.

### Help to Enforce **Prohibition**

Every man and woman in this province shares the responsibility for the proper enforcement of Prohibition—not the officers of the law alone. Your duty is clear.
