

128 formulas at the speed of light.

The Casio FX-5000F Formula Calculator. To save you the time and trouble of looking up or memorizing many of the most important mathematical and scientific formulas, we put 128 of them in our FX-5000F Formula Calculator. And you can call them up in a flash.

The formulas are numbered and cover the fields of *math*, *statistics*, *physics*, *electronics* and *mechanics*. Plus you can input 12 of your own. Just key-in the appropriate number and the for-

mula you need appears instantly. The alpha numeric display with 10 digit mantissa plus 2 digit exponent is easy to read and scrolls to over 70 characters. Its two-line display shows both the formula and the answer simultaneously.

And it doesn't stop there. Once you've recalled the formula, the calculator prompts you to input the values of the variables and automatically calculates the result.

The FX-5000F's 675 steps of program memory allow you to create some pretty sizeable pro-

grams and store them until needed. While an instant replay feature lets you review and edit formulas at the touch of a button.

Adding to its usefulness are an additional 160 powerful scientific functions, for a combined total of 288 functions and formulas.

Get your hands on a Casio FX-5000F and flash through a few formulas. You'll find it very illuminating.
