HEES SPEAKS TO P.

First N.B. - P.E.I. Crown In Five Years; Nova Scotia Champs Are Next

The UNB Red Devils assured themselves a first place tie in the NB-PEI Hockey League by defeating St. Dunstans University 6-2 Saturday night. This was the game that Saints had to win and till the half-way mark in the game, it looked as though they would. The Red Devils, weakened by the loss of high-scoring leftwinger Bill Stewart, played shaky hockey, until they found their bearings in the second period. Stewart's absence necessitated one line change, Pearson was moved to left wing with McDonagh and McNutt. Coach Pete Kelly, still experimenting with different combinations shifted MacElman to centre between Coombes and Mockler; Bourque centred MacLellan and Hersey.

Highlight of the game was, again, Claude Brown's work in the nets. Brown frustrated SDU snipers time and again to keep the Red Devils in contention.

Yesterday Mr. George Hees, Progressive Conservative MP for Toronto-Broadview, addressed the students of UNB on the situation in Ottawa from the Maritime Conservative's point of view. A good turnout of students was present to hear Mr. Hees' ideas on the Federal Government's policy especially where it most directly affects the Maritimes.

ENGINEERING

Mr. Hees was introduced by David MacKeen, president of the U.N.B. Conservative Club. In his speech Mr. Hees pointed specifically to three areas of the federal policy, namely: power, Freight Rates, and the Canada Council. He refered to Premier Flemming's policy of desiring federal backing of power bonds as "fair" and hoped to see a decentralization of industry and the end of the exodus of youth from the Atlantic Provinces. Mr. Hees also called for a revision of the 1927 Maritime Freight Rates Act. He said he had urged the adoption of the Canada Council for many years but would like to see an equal share of the present surplus go to bringing social benefits up to present standards of living.
