Brother Solart

Last fall you sent us a Message w<sup>th</sup>: a  
Token to each Nation that his late Majesty King  
George the first was deceased for which we were very  
Much concerned and heartily sorry because he  
was a King of Peace a Mighty Protector and a  
Protector of his Subjects and allies, but at the same  
Time we recd the good news that his Son Prince  
George now King George the second was already  
Crowned in his Place hoping that he may follow  
his fathers Steps - Give a few Skins

You acquainted us at the same Time  
that King George was a young man we hope he  
may follow his fathers Steps that he may be a  
Large Flourishing Tree that the branches thereof  
may be reacht up to Heaven that he may be seen of  
all People and Nations in the World

We Ingraft Vints on the same branches  
which we hope may thrive and that the Leaves  
thereof may never fade nor fall off but that the  
same may grow and Flourish that his Majesty's  
Subjects and his Allies may Live in Peace and  
Luck
