

PUBLISHED BY AND FOR THE PERSONNEL OF 5 ATS BELLEVILLE, ONT.
BY THE PERMISSION OF WING COMMANDER A. L. SHETTER, C.O.

Vol. I No. 11

September 24th, 1945.

WHAT MORE CAN YOU ASK ?

It is really true that the other day the S.A.O. said that everything possible must be done to meet the needs of the Airmen at this Station and make their stay as pleasant as possible. He really meant it.

Of course he nor any one else can accomplish all they would wish because of rationing and restrictions. Many of the requirements we want cannot be obtained for love or money. Others come only after long intervals. So inconvenience, disappointment and complaints result. If everything we wanted could possibly be bought there would be little to complain about on this Station.

There exists on this Station an Airmen's Council which is organized to meet every two weeks under the supervision of the Padres. Every section is represented on this Council by an airman or corporal, no other rank is eligible. At this meeting all your legitimate complaints are aired and your suggestions received, and these are presented to the proper authorities for action. Everything is done to comply with your requests and to investigate and act on your complaints, but we must remember the difficulties already mentioned.
