

INFLAMMATORY RHEUMATISM.

Newport, Vt., April 23.

This is to certify that I have used the Abenakis Spring Water at a time when my hands and feet were crippled by rheumatism that I could not walk, or even dress myself. The results were most gratifying to myself and mother, for in a few weeks I was able to walk about the house and do some light work, and at the present writing am able to work every day.

MARY F. GIBB.

HEALTH-GIVING PROPERTIES.

Montreal, P.Q.

I have used the Abenakis Mineral Water for the past six months. I cannot speak too highly of its excellent health-giving properties. I do not intend to be without it. Some of our families have tried it to their great satisfaction, and wish to get some more. Please find enclosed an order for four barrels.

Sincerely yours,

REV. T. J. MANSELL.

RHEUMATIC GOUT.

Montreal, April 8.

I am pleased to bear testimony to the good effects produced in my case by the Abenakis Mineral Water. After suffering acutely from rheumatic gout for five or six years (during which time I visited other springs with but partial relief), I was induced to go to your springs, in August last, scarcely able to walk without assistance. As you will remember, the effect was almost magical and produced a profound impression upon the 100 guests then at the Springs. Arriving on Saturday unable to stand without support, by the middle of the following week throwing my stick away and waltzing with the ladies.

I found the water and baths act admirably on my kidneys and my wife remarked only yesterday, that I had not been so free from sickness for a number of years, as since I left the Springs in September last. I found the location quiet and beautiful, the house neat and clean, attendance good, and the table all that could be desired.

JOHN RICHARDS.
