

34. Musculo-spiral Nerve	250	(b) Lower External Cutaneous Branch	250
(a) Upper External Cutaneous Branch	250	(c) Posterior Interosseous Nerve	250
		(d) Radial Nerve	252
(g) Thoracic Nerves			252
35. Intercostal Nerves	252		
(h) Lumbar Plexus			252
36. Ilio-inguinal	252	40. Anterior Crural Nerve and Branches	255
37. Ilio-hypogastric	252	(a) Anterior Cutaneous Nerves	255
38. External Cutaneous Nerve	255	(b) Long Saphenous Nerve	255
39. Genito-crural Nerve	255	41. Obturator Nerve	257
			257
(i) Sacral Plexus		(β) Internal Plantar Nerve	260
42. Superior Gluteal Nerve	257	(γ) External Plantar Nerve	264
43. Inferior Gluteal Nerve	257	(b) External Popliteal	264
44. Small Sciatic Nerve	257	(a) Ramus Communicans Fibularis	264
45. Great Sciatic Nerve and Branches	257	(β) Anterior Tibial	264
(a) Internal Popliteal (posterior Tibial).	259	(γ) Musculo-cutaneous	267
(a) Ramus Communicans Tibialis	259		
(j) Pudendal Plexus			267
(a) Pudic Nerve	267		
(k) Coccygeal Plexus			268
46. Ano-Coccygeal Nerves	268		
(l) Sympathetic Cord			268
47. Division of the Cervical Sympathetic above the Superior Cervical Ganglion			268

SECTION IV

Surgery of the Extremities

(a) General	270
(b) Nerve-Anastomosis, Nerve-Transplantation, Nerve-Grafting	271
(c) Surgery of Muscles	272
(d) Surgery of Tendons	275
(e) Surgery of Articular Ligaments	275
(f) Surgery of Bones	275
A. ARTHROTOMY, OSTEOTOMY, AND RESECTION	276
(a) Technique	276
(b) Indications and Contraindications	278
(c) After-Treatment	279
(d) Operations on the Foot	281
1. Resection of the Phalanges and Metatarsal bones	281
2. Resection for Hallux Valgus	281
