

CONTRIBUTIONS TOWARDS A BIBLIOGRAPHY OF THE ARCHÆOLOGY OF THE DOMINION OF CANADA AND NEWFOUNDLAND.

[The accompanying list and digest have been prepared by Mr. A. F. Chamberlain, B.A., Toronto, and are the first on this subject that have ever been made covering the ground in question.

It requires only a glance to perceive the great labor involved in the preparation of such a statement as is here presented, and Mr. Chamberlain's sole reward must consist in the consciousness that he has performed a task which will, to a very considerable extent, facilitate reference by students, at the same time that it places on record the work that has been done in this field.

There are, doubtless, other papers and works bearing on the subject—for Mr. Chamberlain modestly speaks of his work as "Contributions,"—and he will be glad to hear from any one who may be able to assist him in making this bibliography as nearly complete as possible. Address, A. F. Chamberlain, B.A., Canadian Institute, Toronto.]
