A NEW TREATMENT
 For Consumption, Asthma, Brouchitis, Dyspnoea, Catarrh, Headache, Debility, Rheumatism, Neuralgia, and all Chronic and Nervous Disorders.

A CARD.

We, the undersigned, having received great and permanent benefit from the use of "COMPOUND OXYGEN," prepared and administered by DR. STARKEY & PALEN, of Philadelphia, and being satisfied that it is a new discovery in medical science, and all that is claimed for it, consider it a duty which we owe to the many thousands who are suffering from chronic and so called "incurable" diseases to do all that we can to make its virtues known, and to inspire the public with confidence.

We have personal knowledge of Dr. Starkey & Palen. They are educated, intelligent, and conscientious physicians, who will not, we are sure, make any statement which they do not know or believe to be true, nor publish any testimonials or reports of cases which are not genuine.

- W. D. KELLEY, Member of Congress from Philadelphia.
- T. B. ARTHUR, Editor and Publisher "Arthur's Home Magazine," Philadelphia.
- V. L. CONRAD, Editor "Lutcheran Observer," Philadelphia. Philadelphia, Pa., June 1, 1882.

In order to meet a natural inquiry in regard to our professional and personal standing, and to give increased confidence in our statements and in the genuineness of our testimonials and reports of cases, we print the above card from gentlemen well and wisely known, and of the highest personal character.

Our "Treatise on Compound Oxygen," containing a history of the discovery of and mode of action of this remarkable curative agent, and a large register of surprising cures in Consumption, Catarrh, Neuralgia, Brouchitis, Asthma, etc., and a wide range of chronic diseases, will be sent free.

GENERAL KEER'S HIMALAYAN TEA.

This Tea, hardly procurable out of India, is much appreciated by those who have become acquainted with its merits. As a rule they greatly prefer it to all other teas. The fact that certain dealers in Toronto have adopted the term "Himalayan" to advertise teas of a very different character, is a proof that such dealers consider the tea excellent. The application of this geographical term to tea originated with General Keer, and others using it are simply copying him, to recommend their teas. In future it will be described as "General Keer's Himalayan Tea."
