Library of Universal History

Remember, this is the **genuine Library of Universal History**. Complete in 15 massive volumes, each 10 inches high, 7 inches wide and 2 inches thick. The binding is the very finest quality of genuine English Buckram, exactly the same as is used in the finest De Luxe editions. Every set, every volume, every page, is guaranteed to be absolutely perfect, and not scratched, marred or damaged in the slightest degree. The 5,000 pages of solid reading matter is printed on the finest grade of heavy book paper, from large, clear, new type. The **Library of Universal History** is the one trustworthy—the one reliable history unequivocally endorsed by the leading schools and colleges. It is the very highest—the final authority—the history which is in 250,000 homes.

The **Universal** is the **Life Story of the Human Race**, from the earliest dawn of history right down to the present day, told in such vivid, compelling fashion that you are riveted and held more strongly than by the most powerful novel. As you read the thrilling narrative, it is as though you were watching the most stupendous events of the great World Story, unrolled by magic hands on a screen before your very eyes. Watch the branching out of the different races, their development of civilizations and government. You live with the pyramid-builders of far-off, mystic Egypt. Cross the Rubicon with Caesar's mighty, never-conquered cohorts, and fight again with them the battles that have changed the destiny of nations. All the glory that was Greece and the grandeur that was Rome are spread before you. All the nations, all the peoples of the ancient and modern world pass before you in one great, gorgeous pageant. You can know the great men and the warriors of all the ages, the colossal world figures of all times, as you know the rulers and statesmen of the present day. Mail the coupon now—today. All must read some history. Why not read the best? History fixes ambition. It broadens the mind. It inspires the unworthy to worthiness. It prods the timid to heights of glory. History must be read or a nation slips into decadence. This is the one true, late, accurate and readable history. One-quarter of a million readers constantly refer to it and quote it with confidence.

The late Ex-President Cleveland said: "I am sure this History will find an important place among the publications intended to give wider familiarity with historical literature."

Dr. Frank W. Gunsaulus, President of Armour Institute of Technology says: "It is a work of rare genius. Its thought is clear and vigorous. Its English pure and elegant."
