Dr. Jim.

Botha voted against the South African war and opposed Kruger. It is curious that Kruger, on the other hand, was in favour of sparing Dr. Jameson after the raid, while Botha was for shooting him. When Dr. Jim shook hands with him at the Imperial Conference of 1907 a British extremist said to Jameson, "Are you aware that Botha was one of the men who wanted to shoot you after the raid?" "Ah," said he, "Botha was always right!"

That spirit is saving South Africa. There are still "black-veldt" Boers who resent the devastation, sorrow and death, of that dreadful Botha himself lost his kindred, and was secured. several of his sisters had married Englishmen, so that he knew the pecu-Bottes, as they then were, emigrated forted him with the assurance that as But he used to be a good whist player, Board of Trade Building, in 1688, some to South Africa (the a Member of Parliament he need not even when campaigning, a fact that Bothas) and others to Ireland (the fight, but he replied that if war came

Asserts Condition of People Has Been Improved by German Occupation

THE FIGHT AGAINST DISEASE

Teuton Secretary Says Sanitary Measures Have Stamped Out Disease

BERLIN, July 19-Warm commend ation of the work done in Russian Poland by the Germans during the period of occupation was given by Dr. Karl Helfferich, the Secretary of the Interior and Imperial Vice Chancellor, to-day on his return from a visit to that country.

contrasted the condition of the coun- mans on the other hand had given the America, says that Canada's period try under Russian rule with the state population instructions regarding the of affairs there to-day. In the time of peace, before the outbreak of the present war, the Russians had neglected the country, said Dr. Helfferich. Then came the period of hostilities which had devastated the land. took up their work, which the vicechancellor insisted has been accomplished with a success which could find few parallels in history.

Condition of Jews

Dr. Helfferich said he found schols Canada's Future everywhere now, even in the places where none were maintained when the Russians ruled the country. The University of Warsaw, where lectures a large number of students.

were given equal recognition with the white Russians and Lithuanians. Terrible suffering existed among Jews, when the Germans arrived, the Vice Chancellor declared, and in most towns they had been excluded from the schools by the Russians. Germans, he added, introduced selfgovernment in the country for the first time and admitted Jewish representatives to the Governmental

Dr. Helfferich pointed to what he characterized as absolute neglect of hygiene by the Russians, instancing the conditions at Lodz, where there were virtually no sanitary conveniwater works, although the city was value of hygienic and sanitary measures and with the assistance of the clergy has established isolation barracks for contagious diseases especially for cases of spotted typhoid, which disease was now decreasing in frequency of appearance.

War on Cholera

ferich declared. Another disease, of uncertainty lies in the financial cholera, has been completely stamp- condition of Europe after the war. ed out.

Other work done by the Germans consisted in the stitution of self-governing counties and towns, the opening of town councils and the encouragement of the publication of a large in the middle west has already been number of newspapers in the Polish recruited, according to reports which language, while the Russian Govern- reached the United States employment a short time before had suppressed the last remaining newspaper in that language.

the miseries of war to the population." been recruiting.

After the War

Toronto News: From 1901 to 1911 were given in the Polish tongue, had agricultural production in Canada increased 36.8 per cent., lumber pro-All nationalities, Dr. Helfferich said, duction 54 per cent., mineral production 154, hunting and trapping production 35, manufactures 142, railway earnings 262.9, and shipping traffic 129 per cent. From 1911 to 1914 the progress in all these departments must have been greatly accelerated. For the past two years we have experienced a remarkable expansion in agricultural and industrial exports, consequent upon extraordinary corps and the Allied demands for munitions.

There will be a period of readjustment when war orders cease, but there are those who think that the Dominion will soon enjoy the greatest prosperity in its history. In The ences, no sewerage system and no Monetary Times, Mr. Kingman Nott Robins, vice-president of the Farm of the Overseas News Agency staff one of 500,000 inhabitants. The Ger-Mortgage Bankers' Association of of greatest proportionate development in primary production will succeed the war, as was the experience of the United States efter the Civil War. Under preferred trade relations with the other parts of the Empire and with the Allies, this country will have advantages not enjoyed by the Republic after its German physicians who had died long struggle. Immigration condias a result of these epidemics had tions also promise to be highly favnot lost their lives in vain, Dr. Helf- orable to this country. The element
