VOL. VIII. NO. 43. Athens, Leeds County, Ontario, Tuesday, Nov. 8, 1892.

**IMPORTED MANTLES**  
We put into stock this morning forty-four Imported Capes, Jackets, Trapped Coats, etc. which for style and value we think you will say are the best you have seen yet. Every one a novelty and nearly all different. It is impossible to describe them in these columns; the only way to appreciate them is to come and see them. The fits are perfection, and if you have any thought of buying you cannot miss this lot. We show with pleasure. Five per cent cash discount off all prices. Call and see them.

**SHAWLS**  
The best lot of Shawls we have had in years—Scotch Shawls, Glencoe Shawls, Harris Wraps, Clan Shawls, Black Wool Shawls, Reversible Shawls—every kind of shawl you can ask for, and at reasonable prices.

**It's a Fact;  
Not a Theory**  
The wonderful progress of  
our Mantle Department is  
written in bright letters.  
Those who have been led to  
trade here have acted as ad-  
vertisers for the business, so  
that every day, week and month our  
sales in this department  
are increasing.  
The solution of this must be—proper service, excellent  
work, and facilities for finishing garments second to none. We  
have it on excellent authority that the Mantles turned out at  
205 King Street are the best fitting and most stylish on the  
Brockville streets. Naturally, you will ask who contributes  
this authority. Some of the patrons who have been dissatis-  
fied with the work done elsewhere and in consequence have  
left their orders with us this fall.  
Now, we don't mean to say we are the only ones that know how to do  
this work properly; but we do state emphatically that your work can be done  
here as well as elsewhere—and probably better.  
All our cloths are imported direct and we are in a position to offer them  
at very close prices. All cloths, cut, fitted and basted together free of charge.

**A Word About Stogas**  
It may be possible during dry weather for a farmer to get along with a pair of leath-  
er or cheap long boots, but for wet fall weather you want a good long boot, one that will  
keep out water. We have such a boot, it is the best long boot in Canada, hand bottomed,  
outside counter and extra long lugs, for \$5 a pair. This season we can give you the same boot  
only a shorter leg for \$2.50. Knowing these to be the best long boots made we contracted for a  
large quantity of them and have sole control of them. We guarantee every pair. If you want  
a good boot and want dry feet you will go direct to

Saddie Sawyer were the contracting  
parties. They treated their friends to  
a supper at Arthur Snider's  
house. Mrs. Snider received a cash  
donation as a wedding present from  
her friends. We wish them a happy  
and prosperous life.  
Alex. Stevens has put a verandah  
addition to his house.  
Mr. James Flynn has gone to  
Toronto. We wish him good success  
in the near future.  
A usual Halloween, the small  
boys were out on Monday night  
building fences, carrying away gates  
etc.  
M. S. Demant spent Sunday visit-  
ing relatives in Brockville.  
B. I. Stevens and family went to  
Gananoque last Saturday and spent  
Sunday with Mr. DeWolfs of that  
place.  
Alex. Brown, of Philippsville, is  
clerking for J. E. Brown at the law-  
son office.  
F. W. Singleton improved the new  
kitchen in addition to the house.  
**WESTPORE.**  
SATURDAY, Nov. 5.—Some one has  
said—"Every time a wife scolds her  
husband she adds a wrinkle to her  
face." We think that the announce-  
ment of this fact will have a salutary  
effect, especially as it is understood  
that every time a wife smiles on her  
husband it will remove one of the old  
wrinkles.  
Halloween passed off quite quietly.  
The only instance of the evening  
was caused by a number of small boys  
who endeavored to show Mr. J. H.  
Whelan and wife their appreciation of  
his marriage by a serenade. The  
"boy soldiers" were of quite a  
while. After they had exhausted their  
strength, cracked their voices, and  
nearly worn out their cow-bells,  
they retired. Then the larger boys  
appeared on the scene and Mr. J. H.  
readily responded and offered them  
the neat sum of \$10. However, they  
let him off somewhat easier and left  
well satisfied, after wishing him a  
long and happy "journey over the sea  
of life."  
The funeral of Miss Edith Jeale,  
youngest daughter of Mr. Geo. Jeale,  
was held in the English church on  
Tuesday. Miss Edith had a very  
kind and affectionate disposition and  
will be greatly missed by all who  
knew her. A very impressive ser-  
mon was preached to a large congre-  
gation by Rev. Mr. Jones.  
A series of Temperance lectures  
are being delivered here this week  
and part of next, by the Temperance  
Crusaders, consisting of Mr. Rhine  
and his sister, Miss Rhine, and Mr.  
Moul. The lectures and the singing  
promise to be one of the treats of the  
season.  
Mr. William Crozier has removed  
from the village to his farm, quite a  
distance west of Fermoy.  
A shipment of logs and cattle was  
made on Wednesday morning by Mr.  
Noel Whitmarsh.  
Partially hidden is reported ex-  
cellent about five miles west of town.  
One party of two scoured 17 one  
afternoon last week.  
The disagreeable weather of the  
last few days has left the roads in a  
very muddy condition.  
Mr. Herb Derbyshire has sold the  
machinery of his planing mill to Mr.  
W. C. Frodenburgh who will now  
dress his own lumber and shipboard.  
Dr. James Parker, of Seattle,

Washington Territory, formerly of  
Westport, is visiting his brother, Dr.  
Wm. Parker, of this place.  
The annual missionary services  
were conducted in the Methodist  
church on Sunday. The missionary  
meeting on Monday evening is to be  
conducted in the Methodist church on  
Sunday. The missionary meeting on  
Monday evening is to be conducted  
at the residence of Mr. A. G. New-  
boro, and Rev. Jackson, of Perth,  
chairman of the district.  
**CHANTRY.**  
THURSDAY, Nov. 3.—A good many  
travellers from Delta to hear Mrs.  
Simpson's lecture on the Church of  
Rome, but as your scribbler did not  
take much stock in the good speech  
lectures would he stayed at home.  
Mr. Jesse Falford, of Teeswater,  
visited his county, At J. Copland.  
Old Betty Grier is dead. Who  
was old Betty? some will say, Well,  
she was a poor cripple who lived  
alone with her brother, who is also a  
cripple (and a poor foolish boy they  
took to being up). Neither old Betty  
nor Bill has been able to walk for  
some years. They lived in a poor old  
house about two miles from here.  
Poor Betty was sick for a long time,  
but had no one to care for her, only  
once in a while some of the neighbors  
would go in to see her. They lived  
in almost heaving darkness, spiritu-  
ally, never having owned a bible.  
Some ladies from here went in some  
time ago and found her sick and no  
one to wait on her, only her crippled  
brother, and he could not lift her or  
make up her bed. They said it was  
impossible that such a thing could  
(and stomach) see the state she was  
in. They cleared up the house, and  
got her up and put clean clothes on  
and so forth. It does not hardly  
seem possible that such a thing could  
be possible in a Christian neighbor-  
hood, where so many say they are  
willing to do anything or go any-  
where the Lord wants them to. It  
seems as if there was some work  
needed right at home.  
John Chant and Robert Rosen-  
barker have bought a stone-lifter and  
are doing a rousing business.  
Mrs. Elliott's horse got fire one day  
last week and would not likely have  
burned down, only for the timely  
help of two young boys, sons of  
Stearns Knowlton and Goodson Al-  
ford. Well done, boys. Bravo!  
H. Smith has bought out Mr. A.  
Derbyshire.  
Mr. F. O. Knowlton's horse tried  
to run away with the milk wagon  
and the boy driving jumped off and  
let him have it all his own way.  
Mrs. Wm. Gorman, jr., is quite  
sick.  
Husking bees and prayer meetings  
fill up the evenings.  
Mr. Percy Alford is home after a  
summer spent in Greenbush, cheese  
making. To beguile his lonely  
hours he brought home a pet in the  
shape of a large dog.  
While Mr. Stephen Knowlton was  
driving along with a sewing machine  
in the wagon, his horses started up  
and threw the machine out and dam-  
aged it a good deal. Young Mr.  
Sirell, son of Mr. Sirell, was  
holding the machine in. He fell off  
first. No damage only a cost of paint.  
On the 2nd inst. a young man by  
the name of Robert Livingston got  
badly gored by a cow that he was  
trying to haul up. He lives some two  
or three miles from here.  
**OAK LEAF.**  
MONDAY, Nov. 7.—For some time  
your scribbler has noticed that quite a  
number of young men "the boys," but  
the cause was hidden. At last, by  
thorough investigation, he is led to  
believe that it is on account of some  
beauty whose bewitching smiles they  
cannot resist. By taking all into  
consideration, we think that the gallant  
who calls on Sunday and gets the "two  
big eggs" will "git thar" in time to  
our hall.  
Mr. R. J. Green is on a hunting  
expedition up north.  
The vacancy of teacher in our  
school for '93 has not yet been filled.  
The trustees are in favor of a female  
teacher, as the attendance is so very  
small.  
Messrs. La Pointe & Beadle, of the  
east end, have entered into a consoli-  
dated partnership to carry on manual  
labor during the winter. We think  
that stock in the above company can  
be had at par.  
There is a rumor that a Delta  
swell is about to have an assembly  
in our hall.  
The tax-collector has paid his un-  
welcome visits to this section.  
Our farmers did not have time to  
show "ye Athenians" how to catch  
salmon this year.  
The Ottawa police have stopped the  
Salvation Army from holding prayer  
meetings on the streets.  
English Spavin Liniment removes  
all hard, soft or calloused Lumps and  
Blisters from horses, Blood Spavin,  
Corns, Splints, Ring Bone, Sweney,  
Stiffes, Sprains, Sore and Swollen  
Throats, Coughs, etc. Save \$50 by  
use of one bottle. Warranted by  
J. P. Lamb.  
There is a very strong probability  
that Ottawa will grant \$75,000 for  
the building of the Kingston, Smith's  
Falls & Ottawa railway. The news-  
papers and the leading citizens all  
favor the measure.  
**RHEUMATISM CURED IN A DAY.**  
—South American Rheumatic Cure for  
Rheumatism and Neuralgia radically  
cures in 1 to 3 days. Its action upon  
the system is remarkable and myster-  
ious. It removes at once the cause  
and the disease immediately disappears.  
The first dose greatly benefits, 75  
cents. Warranted by J. P. Lamb.

**ADDISON.**  
SATURDAY, Nov. 5.—The first snow  
for this season fell last night. Cold  
and winter like this morning in this  
section.  
The oyster supper given in our  
hall on the 3rd inst. was fully up to  
the mark, the receipts amounting to  
\$80.  
Mr. John O'Connor has been  
spending a few days with friends in  
our village. John is a general  
favorite with the boys and his smiling  
countenance always brings good cheer.  
Mr. William Wilcox, of Brownstown,  
has moved to New Dublin, having en-  
gaged with Mr. Byron Odior to  
take charge of his mill in that noted  
city.  
Our King street fowl fancier is  
diverging a little from his usual line  
of business, having purchased a col-  
brated trotting horse from one of our  
King street sports and will take dust  
from none in the future.  
Mr. Levi Monroe, of Mt. Pleasant,  
has been engaged for some time in  
pairing his dwelling house on King  
St. Mr. Thomas Matthews did the  
carpenter work and Mr. Hiram Ste-  
wart is putting on the finishing by  
giving it the coat of paint.  
Our local sports attended the North  
Augusta fair on the 4th inst., and  
secured some very fine horses. They  
are ready now for business, whenever  
Jabes calls on them.

During the year ending Sept. 30th,  
160 prisoners were committed to  
jail at Brockville—188 males and  
22 females. Of these, 44 were  
charged with being drunk and dis-  
orderly, and no less than 107 males  
and 14 females acknowledged intem-  
perance.  
**The Chicago Ledger**  
Is twenty years old and has a circula-  
tion of 140,000 copies a week. It is  
a combined story and family paper,  
fully up to the times in every particu-  
lar, and handsomely illustrated.  
There is a Fashion Department, and  
also a Young People's Department  
either of which alone is worth the sub-  
scription price of \$2.00 per year, \$1.00  
for six months, or 50 cents for three  
months. Send for free specimen  
copies and inducements for clubs.  
Boys and girls everywhere are making  
money selling the Ledger to regular  
customers. Write for particulars.  
Address the publisher, W. D. Boyce,  
113, 115 and 117 Fifth avenue,  
Chicago.  
**Fractional Points for Farmers.**  
Prof. Dean, of Ontario Agricultural  
College, in a bulletin just issued, re-  
specting feeding for milk and butter,  
says I want to warn against feeding  
much more than 50 lb. ensilage per  
day to cows weighing under 1,000 lb.  
We have found the following ration to  
give good results: 50 lb. of corn ensilage,  
5 lb. of hay, 1 lb. of bran and 2 lb. of  
pea and oatmeal mixed in equal pro-  
portions. If these latter become too  
high priced, I would recommend the  
use of 2 lb. of cottonseed meal (in  
place of the bran or meal) per day to  
each cow, when it can be bought for  
about \$30 per ton.  
Feed liberally, though not waste-  
fully, bearing in mind that although  
the per cent. of fat may not be increas-  
ed by liberal feeding, the total amount  
of fat or butter may be largely in-  
creased by causing the cow to give a  
larger quantity of milk. Three things  
determine the value of a cow: the  
quality of her milk, the quantity she  
gives, and the economical use she  
makes of her food.  
During the hot weather buttermilk  
is frequently troubled with soft  
butter. This is largely due, in most  
cases, to improper handling of the  
milk, cream and butter, but there is a  
tendency during hot spells for the  
butter to be soft no matter what  
the care taken. From experi-  
ments I am led to believe that the  
addition of a small quantity of  
meal, especially cottonseed meal, has  
a tendency to make the butter firm-  
er.  
Last summer we fed about 1 lb. per  
day to each cow, while at pasture, and  
our buttermaker informs me that he  
did not have a lumping of soft butter  
during the whole season. Whether  
this was due altogether to the cotton-  
seed meal, I am not prepared to say,  
but I think it had something to do  
with it. In feeding cottonseed meal  
it should be mixed with bran, cut hay  
or some grain meal.
