#### MOST POPULAR HYMNS.

How Some of the Most Famous Were Written.

Strange and pathetic are many of the stories connected with the origin of fam-ous hymns. In some cases, however, fic-titious romances have been built around the beautiful words sung in our chapels and churcher. For more years it was the beautiful words sung in our chapels and churches. For many years it was believed that Cowper's "God Moves in a Mysterious Way" was written as an outpouring of the poet's soul in grati-tude for the frustration of his attempt ed suicide in October, 1773. The fact, however, that this hymn has been formed in a manuscript in which the latest date is August, 1773, proves that it was written before Cowper's attempt on his life. on his life.

Then, again, it is a popular belief that Augustus Tophsdy wrote "Rock of Ages" while sheltering from a storm between two limestone rocks in the Mendips. No proof of the story is forthcoming, how-ever, and consequently it must be ac-cepted with caution. But there is no doubt that the author of "Christians, Awake," John Byrom, composed that magnificent hymn as a Christmas gift to his favorite daughter, Dorothy, for he inscribed upon the manuscript, "Christ-mas Day for Dolly." It was characteristic of the late Bish-energy for the state of the late Bish-

op Bickersteth, who wrote "Peace, Per-fect Peace," that he always found it easiest to express in verse whatver sub-ject was uppermost in his mind. One day he heard a sermon delivered by Canon Gibbon, vicar of Harrogate, on the text, "Thou wilt keep him in perfect peace whose mind is stayed on Thee," and ehortik afterward want to visit an ecod and dying relative, Archdeacon Hill, of Liverpool. Bishop Bickersteth found the Archdeacon somewhat troubled in mind, and, is being natural to him to express in verse the spiritual comfort which he desired to convey, the Bishop took up a sheet of paper and there and then wrote

An example of a hymn being written to suit a certain tune is furnished by the grand old fayorite, "I Think When I Read That Sweet Story of Old." Mrs. Luke, the author, was very much im-pressed one day by an old Greek tune which she had seen the children of the Normal Infant School, Gray's Inn road, marching to, and while going home on the stage coach she wrote the words to suit the music on the back of an old en-

There are two accounts of how "Just As I Am" came to be written. One authority asserts that it was while she lay in great physical weakness on sofa, the other members of the family being present at a bazaar in which all but the invalid were taking an active

Dr. Julian, by the way, tells us that the total number of Christian hymns in the 200 or more languages and dialects in which they have been written is not les sthan 400,000, Germany coming first with 100,000, and England next. Not long ago an Austrian associa-tion of dancing masters sought re-dress at the hands of the law for the infringement of their prerogative by an unfortunate doctor of medicine who had found it impossible to make who had found it impossible to make a living by the practice of his own profession. the lame, the halt and the blind who extract voluntary contributions from the charitable public was held at Marseilles, a one-legged man being in the chair, for the purpose of or-ganizing themselves into a body strong enough to resist the encroach-ments of pretenders.
