

Editorial Brevities.

Wolfville people will be glad to learn that a move is being made for extended improvement at Willow Bank Cemetery. Look out for the announcement next week and be prepared to help in this most worthy cause.

The open season for moose hunting began yesterday and ends November 30th. A new clause in the game law provides that no meat shall be sold except between Sept. 16th and November 1st. The close season for cow moose extends to Sept. 15th, 1915.

An unusual call upon our adv. space this week prevents the publication of a quantity of reading matter prepared for this issue. For the same reason some of our advertising will be found out of position this week. Our readers and advertisers will please excuse, and we will endeavor to return to normal conditions next week.

The Talk of Peace.

What Sir Edward Grey said last March concerning peace terms remains true to day. He said:—

"In due time the terms of peace will be put forward by our allies in common with us in accordance with the alliances that now exist between us and are public to the world. But one essential condition must be the restoration of Belgium to her independent national life and the free possession of her territory, and reparation to her, as far as reparation is possible, for the cruel wrong done to her."

Sir Edward Grey said, further, that the wish of the Allies was that the nations of Europe be free to live their independent lives, working out their own national development, whether they be great states or small states, in perfect liberty. And further, he said:— "We and the other nations of Europe must be free to live, not menaced by talk of supreme war lords and shining armor and the sword continually rattled in the scabbard, and Heaven continually invoked as an accomplice to German arms, and not having our policy dictated and our national destinies and activities controlled by the military caste of Prussia."

The Allies did not seek this war, but they will dictate such terms of peace as will ensure the result outlined by Sir Edward Grey. Upon Germany must rest the burden of guilt and of restitution. For, as the Toronto World well says:—

"Germany alone desired war. When the czar proposed his peace measures years ago, it was Germany who blocked the movement. When Great Britain offered to curtail her naval expenditure Germany refused to meet her overtures. When Serbia offered any reparation possible short of national suicide, Germany interfered and secured the rejection of her own good will. It has been shown that Germany refused to consider Sir Edward Grey's proposal for a conference on July 27th, on the ground that Russia was mobilizing her troops, although Russian mobilization was not ordered till four days later. It was Germany and Germany alone, after the preparation of a generation, who desired war and insisted on it."

HAVE YOU WEAK LUNGS?

Do colds settle on your chest or in your bronchial tubes? Do coughs hang on, or are you subject to throat troubles? Such troubles should have immediate treatment with the rare curative power of Scott's Emulsion to guard against complications which so easily follow. Scott's Emulsion contains pure cod liver oil which peculiarly strengthens the respiratory tract and improves the quality of the blood; the glycerine in it softens and breaks the tender membranes of the throat. Scott's is prescribed by the best specialists. You can get it at any drug store. Scott's Emulsion, Toronto, Ont.

# A Splendid Display of Instruments AT A RAPID FIRE SALE

Just for a few days you share with large cities the privilege of seeing the master models of Canrda's foremost makers. Opportunity has broken into your town—meet it—grasp it! Visit the Phinney Display. See how beautifully made a piano can be. Hear what rich tones it can give forth, and realize what it would mean to YOUR home if such a piano were yours.

## Halifax Exhibition of Large Purchases One-Price System

### Pianos

City people and Exhibition visitors thronged our booth to see these same pianos at Halifax. They won the unstinted and enthusiastic admiration of all who saw them.

Now this part of the Exhibition is brought right to your door, and without one cent charged for admission.

The Exhibit is held by the same firm that supplied the Acadia Seminary with four pianos—the hardest sort of a test and the highest kind of an endorsement of our pianos, because the Seminary is the musical centre of the province.

### Small Prices

We are the biggest buyers of Pianos in the Maritime Provinces. We sell more Pianos than many factories make. Leading manufacturers compete with each other to sell us—a dozen strive to get our trade.

Thus we are able to weed out the unworthy, the mediocre, and to buy only the best. Thus we have exclusive control of the Heintzman Piano—the supreme effort of Ye Olde Firme.

Also we are able to buy at shrewd prices and we pass the reductions on to you. The saving is notable on those Pianos we are exhibiting in Wolfville.

### Saves Money

When you buy from us you know you have bought the best at the best rock price. We were the first to start the One-Price System. We are the only ones to follow it.

No firm dare adopt this policy until its prices are admittedly the lowest, its instruments the best. We have reached that point. You benefit.

You see the savings in the plain price figures that are on every piano displayed. No high price to you and low terms to the man who haggles for a better bargain. Each piano bears a ticket and each ticket tells the tale of cash in your pocket.

## CASH IF YOU CAN---CREDIT IF YOU PREFER

Our solid financial standing enables us to deal with you direct and to carry you along on easy monthly payments if it is not convenient for you to pay cash. Cash or credit, your piano enters your house as soon as you order it—no vexing delay. Your old instrument taken in exchange.

Display takes place in the Starr Block, next to T. L. Harvey's grocery store. Starts at 9 a. m. Wednesday, Sept. 22nd, ends at sharp 9 p. m. Sept. 25th. Come quickly.

Town Taxes.

Wolfville, Sept. 14th, 1915.

Mr. Editor—Will you kindly kindly give me space in your paper for a few remarks in reference to unpaid town taxes. At the beginning of each year estimates are made up as near as possible to our actual requirements, and the rate is fixed on these estimates and the bills sent out. If these taxes are not received by the treasurer fast enough for him to meet the bills presented to him for payment there soon begins to be trouble. The town cannot be run without paying the bills promptly when presented. When coupons for interest on our debentures are presented they

must be paid immediately or our credit is impaired. Our town officials and teachers' salaries have to be met promptly, as well as other running expenses. Just now our county clerk is asking that our portion of the tax be paid. This amounts to about \$100.00, including \$75.00 for the patriotic fund, and we have not the money on hand to pay it. We have the privilege of an overdraft at the bank up to a certain limit, but we have about reached that limit. We have plenty of taxes due to meet these bills, but they are withheld as the disadvantage of the town, for we are having to pay interest on a large overdraft. Some of those who have paid their taxes think we ought to see those who do not pay; but there

is not a man in your council who wants to do that. However, we will be forced to do it if there is not a response very soon. We hope that those who still owe the town will see to it that our good natured and obliging town clerk is not put to this disagreeable trouble in collecting the taxes, some of them long overdue. We are nearing the last quarter of the year and action will have to be taken very soon if our showing at the end of the year is going to be satisfactory. We are sorry to have to call your attention to this matter, but it seemed only fair to put the matter before you, before action is taken. We hope that there will be a change and good news response. Thanking you, Mr. Editor, for your trouble, faithfully,  
C. E. French, Mayor.
