Mrs. C. A. West passed away at the home of her daughter here on Thursday morning. Mrs. West had been in the usual good health until this time, but on the morning before said complained of feeling a bit ill and despite all kindly administrations passed peacefully away in a couple of hours. The funeral was held on Sunday at 2 p.m., in the United Baptist church from her late home and a crowded house was present to pay a last mark of loving respect. Rev. S. THE COLLECTION OF VITAL STATISTICS

THE PUBLIC WILL PLEASE NOTE that that part of the Public Health Act and its amendments providing for the reporting of Births, Marriages and Deaths as they occur in the province of New Brunswick, will go into effect on the first day of January, 1929.

The scheme for the collection of such information is, briefly, as follows:

In each parish and in each incorporated city and town there will be appointed an officer by the Sub-district Board of Health concerned, known as the sub-deputy registrar, to whom all reports of births, marriages and deaths occurring in the parish, city or town for which he is appointed, will be sent.

All Clergymen, physicians, nurses, parents or house-holders as the case may be, having primary or official knowledge of such occurrences shall send deputy registrar reports of such birth, marriage or death, upon forms furnished by the Department of Health to such persons, through the sub-deputy registrars.

Posters, in prominent type, will be put up throughout the province, notifying the date of the inception of this service, together with the name and address of the sub-deputy registrar of the parish, town or city in which any such poster appears.

Dr. Williams' Pink Pills Act Directly on the Blood and Nerves

Food is as important to the sick person as medicine, more so in most cases. A badly chosen diet may retard recovery. In health the natural appetite is the best guide to follow. In sickness the appetite is often fickle and depraved.

keep most people in good health Dr. Williams' Pink Pills are the most popular tonic medicine in the world, harmless and certain in their action, which is to build up the blood and restore the vitality to the run-down system. For growing girls who become thin and pale, for pale tired women, and for old people who fail in strength Dr. Williams' Pink Pills are an ideal tonic. Thousands of people have testified to the health-giving qualities of Dr. Williams' Pink Pills, and in many homes they are the only medicine used. Among the homes in which the benefit of this medicine has been proved is that of Mr. E. A. Underwood, Kingston, Ont., who says: "I have used Dr. Williams' Pink Pills with the most beneficial results. As the result of hard work I was very much run down, and my appetite was very poor. I got a supply of the pills which I used regularly for some weeks with the result that they restored me to my old time strength. They also proved a blessing to my daughter, who was in a very anaemic condition, and who seemed not to get more than temporary relief from any medicine until she took Dr. Williams' Pink Pills. She took the pills for about three months, and is now enjoying the best of health. For these reasons I can strongly recommend Dr. Williams' Pink Pills."

At the first sign that the blood is out of order take Dr. Williams' Pink Pills, and note the speedy improvement they made in the appetite, health and spirits. You can get these pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.
