Was the Recovery of this Nova

Bright's Disease had Brought him
 to the Edge of the Grave—Dodd's
 Kidney Pills Cured Him—All
 Other Remedies Failed.

LIVERPOOL, N. S., March 20.—Some
 time ago, there appeared in the leading
 journals of the Dominion an account of
 the case of a farmer's son, who lives
 about ten miles from this city, and who
 was a severe sufferer from that dread
 scourge of humanity—Bright's Disease of
 the Kidneys.

The young man's father, unable to
 bear the sight of his son's sufferings, any
 longer, purchased a box of Dodd's Kid-
 ney Pills from Druggist Arthur Hutch-
 ins, and the sufferer began to use them,
 for his complaint, following the directions
 strictly.

Long ere the box was empty, a decided
 change for the better had taken place, in
 the victim's condition, and new hope
 sprang up in the breasts of the family.
 The use of the pills was continued and
 day by day the young man grew stronger
 and stronger, till at length, he was com-
 pletely restored to health and strength
 and vigor.

"No other medicine that we used, and
 we tried many different kinds, did him
 the slightest iota of good," said the father
 to Mr. Hutchins.

"But within a week from the day we
 commenced to use Dodd's Kidney Pills,
 we could see beneficial results. He be-
 came more lively, and cheerful; the ex-
 treme pallor of his countenance gave way,
 and was succeeded by the ruddy flush of
 health. His nervousness vanished, and
 the soreness left his bowels, and he gain-
 ed strength rapidly. I never heard of
 such a remarkably rapid and complete re-
 covery. "Dodd's Kidney Pills are truly
 a heaven-sent medicine, and ought to be
 in every house."

Dodd's Kidney Pills save every life
 that is in danger from Kidney Disease, if
 they are given a chance.

Pork Packing.

Saturday's Sun.

The meeting in the Board of Trade
 rooms last night in the interests of pork
 packing and pork raising was well attend-
 ed. W. M. Jarvis presided.

After a few opening remarks by the
 chairman, George Robertson, M. P. P.,
 spoke on the pork raising industry and
 the establishment of a pork packing factory
 in this city.

Hon. Mr. Lablillois, in response to a
 call, spoke at some length in favor of the
 establishment of a pork packing establish-
 ment in this city.

J. J. Ferguson of Ontario, said it rested
 with the farmers to supply the right
 kind of hogs. If the farmers raise hogs
 he must be assured that there will be a
 pork packing establishment. The condi-
 tions, he thought, were favorable for pork
 raising and pork packing in this province.

He spoke of the feeding system in On-
 tario, and stated that in some sections
 hogs could be raised cheaper than in On-
 tario. Hogs enough to keep a factory in
 operation could be raised in this prov-
 ince, but if there was a scarcity there
 would be no trouble in getting a carload
 from Montreal in 24 hours. A corpora-
 tion should not start with a small capital.
 Cash must be paid for the hogs and a
 company should have a considerable sum
 of money on hand to provide material.

The cash returns will come in slow at first
 and for this reason good provision should
 be made.

Mr. Ferguson, in reply to Dr. Gilchrist,
 answered several questions in regard to
 feeding hogs. He said in Ontario hogs
 could be sold, live weight, at an average
 of four and a half cents per pound. Mr.
 Ferguson spoke of his visit to Middleton,
 N. S., last week, where a farmer told
 him that he would supply the pork fac-
 tory with 500 hogs a year, getting his
 feed from Ontario.

W. W. Hubbard thought farmers did
 not understand swine growing, although
 there were some farmers making a good
 showing off clover. He said the farmers
 would not produce the pigs unless there
 was a market for them, and therefore it
 remained for the moneyed men to estab-
 lish the factory.

Hon. Mr. Emmerson, in response to a
 request, spoke briefly. The commisioner
 of agriculture had frequently brought
 before his colleagues the importance of
 pork packing factories, with the result
 that the matter has awakened consider-
 able interest. It was most important,
 the subject of establishment of a pork
 packing factory in this city. There have
 so far, however, been no practical steps
 taken to establish a factory. On the
 train he was conversing with a gentleman
 from Madawaska who sold three thousand
 dollars worth of pork each year, imported
 from Ontario. This was only one man.
 He had no policy to propound so far as
 the government was concerned beyond

the business people to take hold of it.
 He did not know what better way the gov-
 ernment could aid in the establishment of
 pork packing factories than in the im-
 portation of some good breeds of stock,
 and from conversations he had had with
 his colleagues the government would be
 favorable to such an importation. He
 was present for the purpose of getting in-
 formation and learning the views of busi-
 ness men and farmers.

Dr. Gilchrist read the circular issued
 some time ago in request to the estab-
 lishment of a pork packing factory, and
 criticized the same. Afterwards the doc-
 tor spoke of the feeding of hogs, and
 pointed out that there was no necessity
 for sending to Ontario for feed. Just as
 soon as the farmers are assured there is a
 market the hogs will be forthcoming for
 a factory.

T. A. Peters, secretary for agriculture,
 on being called on said one good argument
 in favor of the establishment of a pork
 packing factory was that never had one
 failed. He said that at least after the
 first year all the hogs required would be
 forthcoming. In fact he was satisfied
 that Kings county alone would supply
 hogs enough for a St. John factory.

James Pender was of the opinion that
 it would be a good idea for the board of
 trade to endeavor to get Slipp & Flewelling
 to establish a factory in conjunction
 with other gentlemen.

T. L. Hay said the last letter he had
 received from Mr. Packingham stated
 that he offered to take stock up to ten
 thousand dollars. Mr. Hay did not think
 the prospects were favorable for the es-
 tablishment of a factory. He was, how-
 ever, willing to subscribe some stock in
 the company.

W. S. Fisher spoke of the movement
 within the past two years for the estab-
 lishment of a pork packing factory.

Frank Flewelling, of Slipp & Flewelling,
 on being called on, said the limit of
 his business was the limit of the hogs.
 He said he paid a cent to a cent and a
 half more to the farmers for their hogs
 than the Ontario farmers got.

In reply to W. W. Hubbard, Mr.
 Flewelling said he would take a carload
 of live hogs next September and pay the
 Toronto market price. Although there
 is a duty of two cents a pound, or four
 dollar a barrel, American pork is not shut
 out. The farmers will not raise hogs
 sufficient to supply the local demand.

W. M. Jarvis and Frank Flewelling
 spoke, Mr. Jarvis stating that it was ap-
 parent from all that had been said it was
 desirable to have the views of Hon. Mr.
 Emmerson carried out, namely, the im-
 portation of some good breeds of pigs.

C. J. Osman, M. P. P., of Albert, and
 Hon. Wm. Pugsley, M. P. P., Kings
 county, spoke on the subject of estab-
 lishing a pork packing factory. Both
 were in favor of the scheme.

F. L. Potts, W. S. Fisher and Capt.
 Keast spoke briefly, after which a vote
 of thanks was tendered Hon. Messrs.
 Emmerson and Lablillois, T. A. Peters,
 Mr. Ferguson and W. W. Hubbard.

Hon. Dr. Pugsley moved that a commit-
 tee be appointed to confer with the
 government as to the establishment of a
 pork packing factory at some convenient
 point within the province.

Dr. J. M. Smith seconded the resolu-
 tion.

E. Lantaulu moved an amendment,
 that St. John be substituted for the
 words "some convenient point,"

S. D. Scott suggested that "some con-
 venient point" be struck out.

This was accepted by Hon. Mr. Pugs-
 ley and the amendment was withdrawn.

The motion was carried and the follow-
 ing committee appointed: Hon. Wm.
 Pugsley, George Robinson, M. P. P.,
 James Pender, T. L. Hay and F. L.
 Potts.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of
 Hannibal, Mo., lately had a wonderful
 deliverance from a frightful death. In
 telling of it he says: "I was taken with
 Typhoid Fever, that ran into Pneumonia.
 My lungs became hardened. I was so
 weak I couldn't even sit up in bed. No-
 thing helped me. I expected to soon
 die of Consumption, when I heard of Dr.
 King's New Discovery. One bottle gave
 great relief. I continued to use it, and
 am now well and strong. I can't say too
 much in its praise." This marvellous
 medicine is the surest and quickest cure
 in the world for all Throat and Lung
 Trouble. 50 cents and \$1.00, at any
 Drug Store; every bottle guaranteed.

Active Prohibitionists.

MONTREAL, March 13.—Sir Wilfrid
 Laurier's letter to the secretary of the
 Dominion Alliance announcing that the
 government had decided not to introduce
 any prohibitory legislation as a result of
 the plebiscite caused great excitement
 among temperance people here. The
 meeting of the Quebec branch of the Al-
 liance has been called for Monday to dis-
 cuss the situation. It is said a manifesto
 will be issued to the electors of Canada
 exposing what temperance people consid-
 er the duplicity of the ministry and ad-
 vising the formation at once of a third
 or prohibition party in Canadian politics,

It Gives True Life!

Paine's Celery Compound

Indorsed by Physicians as the
 Best Spring Medicine.

The records and history of medicine
 point to Paine's Celery Compound as the
 most successful remedy ever given to sick
 and suffering humanity. It is indorsed
 by the medical faculty because they know
 its formula and have confidence in its life-
 giving virtues.

Paine's Celery Compound works glori-
 ous and marvellous cures. This is the
 secret of its success, and accounts for its
 world-wide and enormous sales.

It is in the spring time—this very
 month—when men and women are weak,
 nervous, rheumatic, neuralgic, dyspeptic,
 have headache, kidney and liver troubles,
 and blood that is sluggish and impure,
 that the great medicine should be used to
 restore nervous energy, rich blood,
 healthy digestion, natural appetite and
 sweet refreshing sleep.

The winter has been a time wherein
 men and women have stored ill health in-
 stead of keeping the body sound, clean
 and full of true life. The nerves, blood
 and digestive organs must be fed, nour-
 ished and cleansed by Paine's Celery
 Compound if true and lasting health is
 looked for.

At this time we honestly urge the use
 of the medicine that has restored thou-
 sands to full and robust health after med-
 ical skill and ordinary medicines failed.
 One bottle of Paine's Celery Compound
 will convince you that you have found a
 true friend and helper.

She is a Total Loss.

The new Allan Line S. S. Castilian,
 Capt. Barrett, which sailed from Port-
 land, Me., on Saturday for Liverpool, via
 Halifax, went ashore shortly after four
 o'clock on Sunday morning on what is
 known as Cannon Rock dry ledge, twelve
 miles from Yarmouth light. There was
 a general cargo on board and a gen-
 eral cargo valued at \$450,000, the most
 valuable cargo ever shipped by the Allans
 from Portland. When the despatches
 were sent out on Sunday the ship had six
 feet of water in her hold. She was bad-
 ly bulged up from the saloon to the fore-
 mast. A large number of sheep in the
 forward hold were drowned. The swell-
 ing of grain in the forward hold threw up
 the saloon deck. The passengers were
 taken off by a tug and landed at Yar-
 mouth. Captain Barrett and officers are
 still by the ship.

The Castilian is a new ship and was
 built by Workmen, Clark & Co., Belfast.
 She was especially designed to meet the
 requirements of the Canadian trade and
 was fitted up with all the latest improve-
 ments. She cost \$700,000.

Chicken Fattening Stations.

The department of agriculture pro-
 poses to establish two chicken fattening
 stations in each of the maritime provinces
 during the coming summer and make

Death of Hon. John F. Wood.

TORONTO, March 10.—Hon. John F.
 Wood, M. P., for Brockville, was found
 dead in his bed at the Queen's Hotel this
 city, this morning. Death resulted from
 heart failure.

She was an aristocratic but vinegar-
 faced lady, and she had called on her
 friend Mrs. Grindstone. "He's a charm-
 ing little fellow, Mrs. Grindstone," she
 said, referring to Willie Grindstone.
 "Only five years old, you say? You'll
 give me a kiss, won't you, Willie?" Wil-
 lie did not evince any signs of eagerness
 to comply with the request but he kissed
 her.

"That's a good boy," said the visitor,
 "but what are you holding in your hand
 so tightly?"

"It is a quarter mamma gave me," said
 the truthful Willie; "she said she 'specked
 you'd want to kiss me, and I told her I
 wouldn't do it for less."
