NEVER HAVE SEEN A DOG OR A CAT

Children in War - Scared Europe Never Even Hear the Birds Sing.

When you grinned at the six-year-old son of the house romping in the yard with his dog, or watched his small sister carefully dividing her attention between ribbon bows for the house "abby" and the robin on the lawn, did it ever occur to you that somewhere in the world there are little folks of the same age who have never seen a dog nor a cat nor heard a bird sing. Yet, there are some hundreds of thousands of youngsters in war-stricken Europe today who are ignorant of the existence of the furled and feathered creatures which help to make a Canadian kiddie's day worthwhile.

Jewish relief workers who have returned from the Eastern and Central European countries cite the absence of domestic animals and birds to illustrate the desolate barrenness of the countries swept again and again by the warring armies for nearly five years. Jacob Bashein, who had charge of a unit for the Joint Distribution Committee, the sole agency disbursing relief funds raised by the Canadian Jewish Relief Committee, the Central Committee for Relief and the Jewish People's Relief Committee, has described the conditions there.

"In that bare stretch of country where there are scarcely any trees, the habitations other than the miserable dug-outs in which returned refugees exist—the 'no man's land' of Poland—we did not see a single cat or dog, and in all the time we were there, not a single domestic animal was left there. So there are children today of five or six years of age who have never seen a dog nor a cat and have never heard the singing of a bird!"

DESTITUTE JEWS HAVE NO HOUSES
Six Million Unfortunates Compelled to Use Packing Cases, Cans and Sacks.

Patterning on the block houses that children build, the destitute Jewish refugees of Eastern Europe, who have been displaced during the war, are trying to solve their housing problem with the packing boxes in which relief supplies have been sent to them, according to reports received by the Canadian Jewish War Relief Committee from relief workers abroad.

Not only is every particle of food and clothing used to the utmost advantage in these stricken lands where 6,000,000 Jews are at the point of starvation, but the cans and sacks and wrapping cases in which the food and clothing come are made to do duty as well. There is neither lumber or nails in most of the countries of eastern Europe at present, and the packing boxes are handled as if they were the most precious things in the world. Not a nail is allowed to go to waste, when the boxes are taken carefully apart.

All over eastern Europe at present men, women and children, many of them sick with typhus, are living in cellars, in devastated houses, in old freight cars, on roofless platforms, open to the wind, or in fields, unprotected by the elements. The clothing of these destitute Jews, consisting for the most part of the rags that they have worn for the five years of the war, afford them little warmth.

For this reason, the packing boxes, which might not be considered particularly luxurious homes at another time, are reckoned as life-savers just now. Boards from them are used to re-build broken houses, and even to make lean-to shelters where no buildings stood before. Some of the smaller boxes are piled one above the other, like children's blocks, and nailed together, to serve as temporary houses.

MOTHERS PRAY THAT BABIES MIGHT DIE

Suffering Among Jews is So Bad That Death Alone Gives Relief.

Mothers begging for death to relieve their children's suffering, was the most tragic thing seen by Leo Wolfson, New York attorney and journalist, in seven weeks spent in Roumania, Galicia, Bessarabia and Bukovina. Mrs. Wolfson, who has just returned to New York, made the trip in order to study political conditions in these countries.

"There are one and one-half millions Jews in this section of Eastern Europe who are in immediate want," declared Mr. Wolfson. "In every town I visited, I saw starving, naked Jews stretching out their hands to passers-by for a piece of bread."

"They hardly look like human beings. All one sees are living skeletons, covered with yellow skin. The children are small, worn-out, frightened, little creatures, who just drag themselves aimlessly around."

"How they will live through the winter, no one knows. No one can begin to describe this picture of misery and want. But one can get an idea of it, knowing that mothers are actually praying that death take their children, to relieve their terrible suffering."

The natural gas investigation commenced before Provincial Commissioner Estlin at Sarnia.

STARR Gennett RECORDS

Here They Are Now for All Lovers of Good Music

DOCTOR WARD, The Specialist

SPECIALIST IN THE TREATMENT OF NERVOUS CONDITIONS, NERVE EXHAUSTION, BACKACHE, LUMBAGO, RHEUMATISM, STOMACH AND LIVER TROUBLES, ACNE, SKIN DISEASES, CATARRH, ASTHMA, RECTAL TROUBLES, PILES, FISTULA AND BLOOD CONDITIONS. The knowledge gained from many years' experience in treating diseases just like yours is of much benefit to you and assures the ailing man of prompt relief. When a man knows that he is again feeling well—that he is rid of his ailment—he feels that a heavy load has been lifted from his shoulders. I give every patient the benefit of the knowledge acquired through the long experience of a graduated, licensed and registered specialist, in order to bring about the most satisfactory results in the shortest possible time.

NERVE EXHAUSTION

A CONDITION AFFECTING MANY MEN—THE GREAT AMERICAN DISEASE—IT IS BROUGHT ON BY OUR MANNER OF LIVING—OUR WORRY AND HURRY—AMERICANS EXHAUST MORE NERVOUS ENERGY THAN ANY OTHER RACE OF PEOPLE.

There are a great many men who need treatment for their nervous system. These men do not know what is the reason they don't feel right—why they can't work like they used to—why they tire so easily and why they are irritable, nervous, despondent, weak, pale and lack ambition. These conditions require the expert knowledge and treatment of a specialist who has had many years' experience in just such ailments. A specialist learns by experience to know just the right treatment at the right time so that the patient can be dismissed at the earliest possible time. Men affected with nervous exhaustion have no endurance—no ambition—everything they attempt is an effort. Life to them appears as a long, gloomy future. Their appetite is poor and variable—they become irritable, cross and discouraged. They have pains and aches in various parts of the body and there is often indigestion and pains in the stomach. Sleepless, wakeful and restless nights follow.

RHEUMATIC AILMENTS

SCIATICA AND OTHER FORMS OF RHEUMATISM, LUMBAGO, PAINS IN BACK, SWELLING, ACHING, PAINFUL CONDITIONS IN ANY PART OF THE BODY—INFLAMED AND SWOLLEN JOINTS OF LEGS AND ARMS—MANY OTHER SYMPTOMS.

Hundreds of men are suffering with some form of Rheumatism. Many of these men go from day to day suffering untold agonies thinking they cannot be cured. They have tried liniments, rubbing, massage, salts and other treatments without experiencing any relief, and they are now going through life thinking they are martyrs to that burden called Rheumatism. If these men could only know how easy it is to get rid of many rheumatic conditions I know they would not suffer another single day. Then all sufferers of rheumatism would be strong and healthy if they could get rid of the condition. Rheumatic patients are nearly all strong and robust before being attacked by this ailment, and therefore it is so hard for the man to understand why he should suffer the agonies of such a condition. When a man gets rid of such a condition he feels that a heavy burden has been lifted from his life, and he starts right out to make up for lost time both in money and pleasure. When a man comes to my office suffering with the above condition he is given a most careful examination, and he is given treatment that he feels is giving him great benefit.

Quick and Lasting Results Assured the Ailing Man

BLOOD YOUR WHOLE HEALTH OF BODY AND MIND DEPENDS ON YOUR BLOOD. ANY "building process" of the body and mind, of the muscle and tissue formations, of any of the various vital organs, can be accomplished only by working direct through the blood stream.
