Twenty Track and Field Men Will Be Sent To Antwerp; Boxing Trials Will Be Held in Toronto on Dominion Day; Congratulations to World's Hockey Champions.

Ontario's Olympic Marathon trial will be run at St. Catharines on May 24th. Last night the Ontario Branch of the A.A.U. of C. awarded the race to the Martin Athletic Club of St. Catharines. The distance will be fifteen miles. The final trial in which runners from all parts of Canada will compete will be run at Hamilton on the 19th of July.

The application for reinstatement of Ollie Johnson the Hamilton sprinter was discussed and it was decided to make no final decision until further information has been received. Johnson ran in the Powderhall handicap while serving with the Canadian Expeditionary Force. He claims that he received no money and was not aware that he was transgressing the amateur rules.

The Executive sent the following cable to A. W. Hewitt congratulating Falcons on winning the world's amateur hockey championship:

Youth Worked All Day To Midnight and Then He Couldn't Get His Wages

Fred. Large, a youth, told in Police Court to-day a story which sounds like some of Dickens' creations, when he charged Thomas Benson, a robust looking man in an expensive fur-lined overcoat, with refusing to pay him his wages. Large said that his hours at the Benson pool room were from 8.30 a. m. to about a quarter past 12, midnight.

"We had to clean up, you know, after the place closed," said Large. He went on to say that he never got off for meals and spent the whole day and half the night on duty. Once in a blue moon, he said, Benson brought him in a bun at noon, but nearly all the time he went without food until he got home after midnight. The youth's appearance went to prove this assertion. He looked played out Friday night last about 9.30, when the proprietor, Benson, came back from supper, he having left at 4.30 as usual. Large told him he was not feeling well and intended to go home for supper. He didn't show up again that night and when he returned to the pool room at 10 a. m. he found another young man picking up things with a broom and mop and otherwise occupying Large's job.

Then when Benson came in he told Large he was through. Large wanted the \$16 coming to him—he had drawn \$2 of his week's wages, but Benson said, "No, you're through."

Benson went on the witness stand and stated that the boy had regular hours for meals but he didn't take them.

Magistrate Campbell informed Benson that he thought he had taken advantage of the boy, and ordered him to pay him \$16 and \$4.75 costs.

Lawn Bowlers Organized For Season; Two New Cups By Ecclestone and Graves
The St. Catharines Lawn Bowling Club reorganized for the season last night at a meeting in Standard Hall, with the President, Joseph Hodgins, in the chair.
It was decided to have a full membership vote on the sixteen members who are to be the club this year and each member will be furnished with a list of the entire membership.
A. M. Ecclestone, S. J. Inksater and Frank Pattinson were appointed umpires to serve this season. The Games Committee will be appointed by the Directors.
As the new green at Glen Ridge was newly made last autumn it is scarcely likely to be ready for May 24th, the usual opening day. It was announced that Niagara-on-the-Lake Club has invited seven or eight rinks to play there that day.

BROTHERHOOD MOVEMENT

The story of the Brotherhood Movement is one of the most romantic in the social and religious world of our times.
In 1875, John Blackam of West Bromwich, England, began what were known as "Pleasant Sunday Afternoon Classes." These aimed to provide bright, interesting, religious services for the great number of men who did not usually go to church. The thing caught on and soon spread all over England.

As members of the British Brotherhoods emigrated or travelled they carried the Brotherhood seed to many lands. Societies were formed and in most cases flourished. An International Congress was planned to take place by the war. It seemed that the Brotherhood idea must perish in the struggle of 1914-18. But Brotherhood men were being scattered all over the globe. In France, Belgium, India, Egypt, and in every corner of the world they worked. Peace came and the dream of an International Congress was revived. The leaders of the Brotherhood Movement came to Canada to confer with the Canadian Brotherhoods. So great was the enthusiasm shown in the Dominion that the leaders went back to England resolved that the dream must become a fact.

In September, 1919, the World Brotherhood Congress was held. Representatives of more than twenty nations were present and addresses were given by David Lloyd George, Lord Robert Cecil, the Bishop of London, and others of high position.
So great was the success that a similar congress is planned to take place in Washington next fall.
To interest the men of Canada in this Congress and to strive to foster brother-feeling between England, Canada and the U.S.A., Brotherhood leaders are coming from the old country and will speak in various churches throughout the Dominion.

One of the most attractive services rendered by the Brotherhood Movement is that of providing relief to the war stricken countries of Europe. For some time Belgium and France received the greater part of this help but for the past two years the war orphans of Serbia have been taken care of. A home in England was founded and a number of children cared for there. Recently it has been decided to institute educational farms in Serbia itself and this has already been begun.

GRANTS ANNUAL PASSES.

C. P. R. Encourages Loyalty in Service.
The C.P.R. to encourage loyalty in service, and recognize the principle of co-operation has, through the president, Mr. E. W. Deatry, announced a new departure which will, doubtless, be much appreciated. This is the granting of annual passes to officers and employees, and their wives under the following classifications:
Employee on a general superintendent's district who has had continuous service for a period of not less than ten years, will be granted an annual pass good over district on which employed.
Such employee, who has had continuous service for twenty years and over, will be allowed annual pass good over eastern or western lines upon whichever employed. Employees of any other department of the service will enjoy the same privilege as above, stating the territory over which pass is desired. Head office employees who have had fifteen years' service will receive annual passes over eastern or western lines where employed. Women employees are to be treated the same as men in this connection. This action expresses the policy of the C.P.R. to aim at the contentment and loyalty of the employees of whom there is an army of 80,000 at present, including all classes.
The Pension Fund: a free gift of the company, was the thought of Lord Shaugnessy. The employees contribute nothing. Already the operation of the fund has wrought great benefit. The effect of it has been to increase the contentment and loyalty of the employees, to give the sense of mutual co-operation, and to stimulate the general purpose and interest of the company. There are many all over the system on the Pension Fund, which offers protection in declining years. Millions of dollars are involved in the operation of the fund since its inauguration.

YOUR HOLIDAY THIS SUMMER

Make your reservations early for accommodation in the "Highlands of Ontario" this summer if you do not want to be disappointed. There will be a large influx of tourists from the United States this year and our cousins across the border are picking up the desirable places. Algonquin Park is one of the most attractive of these resorts and the "Highland Inn" (open all year) and Camp Minnesota and Nominigan Camp (open July and August, and probably September) offer most comfortable accommodation at reasonable rates. The hotels are owned and operated by the Grand Trunk Railway. Write N. T. Clark, Manager, Highland Inn, Algonquin Park Station, Ont., for illustrated folder telling you all about it, or apply to any Grand Trunk Agent, or C. E. Horning, D.P.A., Toronto, Ont.

ULTIMATUM PRESENTED TO N.S. & T.R. HEAD TO REINSTATE FIVE MEN IN THEIR POSITIONS OR STRIKE FRIDAY MORNING

IF BACKACHY OR KIDNEYS BOTHER

Eat less meat, also take glass of Salts before eating breakfast.
Uric acid in meat excites the kidneys, they become overworked, get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush off the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water, also get from any pharmacist four ounces of Jad Salts take a table-spoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is then the acid of uric acid and lemon juice, combined with Hthia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.
Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Men Say That Agreement is Not Being Carried Out, Also That Company Heads Have Violated an Order Which Was Made in 1918 and Was Never Rescinded, They Say.

Unless certain grievances with the N.S. & T.R. men have against the company are satisfactory adjusted by 11 o'clock tomorrow morning, the men will go on strike at four o'clock Friday morning.

The grievances centre around five men in the car shops, one of whom was discharged and the other four resigned. The trouble has been largely on account of objection being taken by the company to the men of the car shops taking half an hour to cash pay cheques.

In answer to this the men refer to an order issued Feb. 18th, 1918 as follows:—
"Effect immediate. Men employed in car barns, freight sheds, etc., will be allowed from 11.30 a.m. to 12 noon to cash pay cheques. Employees will not leave work at any other time."

The order is signed by W. R. Robertson who was then superintendent and has never been rescinded, the men say. There are a number of other minor things at issue also.

The men this morning wired to Vice-President Hungerford of the National Railway Board notifying him of the situation and the proposal to tie up the line Friday morning. The Men's committee had a long conference of over four hours yesterday with E. W. Oliver, the general superintendent and manager Cummings, but nothing came of it, as neither side appeared willing to give any.
