MARSHALL BROTHERS.

Settled by Agreement.

M. Mayers vs. Mld. Oil Development Co., Ltd.

The parties in this case came to an amicable settlement out of Court. The plaintiff sold the Company's oil properties, known as Parsons Pond, in England, for a considerable sum in shares in an English Company and some cash. Differences arose between the plaintiff and the local defendant Company which necessitated this action being brought. Then negotiations were entered into, the outcome of which was that some concessions were made by both sides and an arrangement came to satisfactory to all, the defendant Company duly recognizing the meritorious services rendered by the plaintiff in selling the property.

Death of 'Now, Then, Smith.'

London, November 26.—'Now then, Smith,' the seaman hero of the Messina earthquake, has been drowned at Bunbury, West Australia, says the London Evening News. He was walking close to the jetty on his way to rejoin his ship, the Redbridge, when he disappeared.

At the time of the Messina earthquake in 1908, Smith was on board the steamer Atonwen, which was lying in the port, and went ashore with others of the crew to help in the work of rescue. The party came to a tottering building, where a fire in the lower floors imprisoned the occupants above. The sailors threw a rope which was made fast to the top of the building. The captain cried, 'Now then, Smith,' and Smith climbed up, bringing down one member of the family after the other until all were safe.

MINARD'S LINIMENT CURES GARGET IN COWS.

King Edward wished personally to hand Smith a medal for his bravery, but by that time he was on the sea again and the decoration had to be forwarded to him.

London, November 26.—A raid which represents the last word in scientific burglary has been committed at the residence of Mr. Milne, in Alderbrook road, Clapham Common. The thieves, after scaling a wall broke a kitchen window, climbed through and minutely inspected practically every article of value in the ground floor rooms. They selected only the silver articles. A tea-tray had been laid over night, and from this a silver strainer was taken, but two spoons which were not silver were thrown aside. Silver mountings were torn from photograph frames, and the silver parts of a flower-stand were wrenched away.

Yet the thieves made absolutely no noise and the raid was not discovered until the family awoke in the morning. Mr. Milne's house has been ransacked twice before in the past four years.

LAID UP FIVE YEARS

Until Half a Bottle of Father Morrissey's Liniment Cured His Shoulder.

Mr. J. J. Roy, a prominent tinsmith of Bathurst, N.B., July 16, 1909: "I cannot let this opportunity pass without letting you know what benefit I received from your Liniment. For five years I had a sore shoulder, which prevented me from working or from sleeping at night. I had tried everything possible and still could find no relief, until I was advised to try a bottle of your Liniment, which I purchased with delay. I only used one half of the bottle when I was completely cured, and now I feel as if I never had a sore shoulder. I would advise anyone suffering from Rheumatic pains to give your Liniment a trial, for I cannot praise it too highly."

A liniment that will do that is the liniment you want. It is equally good for sore throat or chest, backache, toothache, ear ache, sprains, sore muscles, cuts, bruises, burns, frost-bites, chapped hands or chilblains. Rub it in, and the pain comes out. 25c per bottle at your dealer's, or from Father Morrissey Medicine Co. Ltd., Chatham, N.B. 61

Accident at Factory.

Miss Genevieve Power, of Placentia, who boards with friends on LeMarchant Road and works at Parker & Monro's Shoe Factory, Alexander Street, will not be able to take up her work there at the stitching machine for several days. This forenoon while Genevieve was working away as usual, she forgot that her hair was down on her back, but had a very unpleasant reminder of the fact when the machinery caught her hair as she turned to speak to a girl who was working near her. Her shrieks drew the attention of one of the men who was nearby. He threw off the belt and stopped the wheel, but not before the young girl's back hair was torn out and a large scalp wound made. Dr. A. Tait was called by phone, and quickly coming to the factory he put three stitches in the wound, and when the girl was given restoratives she was driven to her boarding house on LeMarchant Road.

A Heavy Underlow.

Owing to the storm of last night a heavy underlow ran in the eastern part of the harbor and the Durango had to haul into the stream to avoid damaging Pitts' premises. Her steering gear was put out of order for a while. The Aureola at Davey Bros. wharf this morning damaged the side of it by surging against the wharf. Some of her own gear was also smashed and lifeboats' turn away. She was removed from the premises. The craft at several of the wharves had to put out extra moorings.

Great Feast Day.

To-day is a great feast day in the Catholic Church, viz., that of the Immaculate Conception of the Blessed Virgin Mary. Large crowds attended the Masses at the Cathedral this morning. At Harbor Grace, where the Cathedral is dedicated to the Immaculate Conception, the Catholic people there keep the day as a holiday and have the same services as on Sundays.

Trial in January.

In the Matter of the Nfd. Petroleum Company, Ltd.
Petition to have the company wound up. The petition sets out various reasons and particularly charges that the winding up which took place in 1907 is invalid for irregularity. The hearing was postponed till January, and will then be heard by the three Judges. Furlong, K.C., for petitioners; St. J. S. Winter, K.C., and F. A. News for defendants.

Swelled Head!

Is not affected by Magic Headache Powders, but a bursting headache yields almost instantly to the magic influence of this Headache Cure. Ladies in offices and stores find that one Powder gives immediate relief. W. T. COURTENAY, cor. Duckworth and Prescott Streets—dec. 7, 11.

Beware of it! There is every evidence that a low grade flimsy class of silverware is being marketed in this country. Stuff that looks nice, and sell cheap? It is not cheap at any price. It won't stand, and not worth repairing when broken. If you want a good piece of English goods at a reasonable price go to TRAPNELL'S.—adv. 11.

Work of the Storm.

Late last night the wind blew a gale from the S.E. with heavy snow and in suburbs fences and trees were broke down. On Circular, LeMarchant and other roads, telephone and telegraph poles were blown down while on King's Bridge Rd. between the old railway track and the bridge several poles were felled and the wires badly mixed up. On Robinson's Hill between Sir Jas. Winter's residence and Duder's farm a number of poles are down also and the companies owning them have gangs of men out gathering up the wires.
