**WHY?**

Why suffer with that distressing headache when properly fitted Glasses may cure you? If you come to us we will tell if Glasses will help you or not. It costs nothing to find out.

Do your eyes tire easily?  
 Do they smart?  
 Do you have to rub them after reading a while?  
 Are you obliged to hold things further away in order to see distinctly?  
 If you observe any of these symptoms it is a sign your eyes are defective. We can give you Glasses to overcome the error.

**CHESLEY WOODS**  
**BOVRIL**  
 IS ALL BEEF.  
 Questions we are often asked.  
 Q.—What is the sediment at the bottom of a cup of Bovril?  
 A.—That is a valuable portion of the nourishment, and should never be left.  
 Q.—Are you serious when you say that Bovril is more nourishing than ordinary Meat Extract or Home-made Beef Tea?  
 A.—Certainly! and we have for years offered large rewards to anyone who can prove the contrary.  
 Q.—But can you prove your statement?  
 A.—Yes—from the pen of Baron Liebig himself, who told the world that the man who managed to get the nourishing, as well as the stimulating properties of Beef in a liquid form, would produce something far better than Liebig's Extract, and would be a public benefactor.  
 Q.—And you have done this?  
 A.—Yes. By a special process, the entire nutritious constituents of prime ox beef are separately treated, pulverized and added to specially-prepared Meat Extract, and that is Bovril.  
 Don't experiment with artificial imitations of dubious quality (which are dear at any price) when such a tried and proven nutritious food-beverage made in England is within your reach.
