**DISEASED GUMS AND TEETH.**  
Of all the poisons taken into the blood, the germs and pus contributed by the diseased gums and teeth are the most destructive to the human system. If every red blood cell is forced to fight against numbers of germs to the cell, the blood cannot attend to the building up of the body, and if allowed to continue the system is bound to break down and eventually you are an invalid. Kidney, stomach, heart trouble, rheumatism and many other diseases are brought on by diseased gums and teeth.

What a Kohler & Campbell Player-Piano Means to You.

OWING to the fact that it is so easily played; that it is so very simple in its operation that a child can play it, a Kohler and Campbell player-piano will open up the entire world of music to your home. The advantage of any player-piano lies in the fact that it is an instrument that does not have to await the skill of a pianist, of someone who can play by hand. But with a Kohler and Campbell player-piano, the ease and simplicity with which it can be played, by anyone, you have a means of playing the music you like, playing it yourself and playing it as you wish it played. You are the master of a Kohler and Campbell player-piano: It is not the master of you.

The price is \$700, upon any reasonable terms, satisfactory to you.
