Good Recipes

Jelly Roll.

To three well-beaten eggs add one cup of sugar, one tablespoonful of milk, one cup of pastry flour into which has been sifted one teaspoonful of baking powder and a quarter teaspoon of salt. Then add one teaspoonful of vanilla and one tablespoonful of melted butter. Butter a dripping pan and line the bottom with buttered paper. Turn in the mixture, spread neatly and bake in a moderate oven, ten to twelve minutes. When done take from the oven and turn into a wet sheetcloth sprinkled with powdered sugar. Quickly remove paper and cut a thin strip from all edges of cake. Spread with jelly or jam warmed so as to spread evenly and quickly and roll. Roll paper around cake to hold in shape until well set. The secret is to do the work quickly so that the cake will not crack in the rolling.

Prune Pudding.

One-half pound prunes, two cups cold water, three-quarters cup sugar, piece of one lemon, four tablespoons corn starch, one and one-third cups boiling water, one inch stick cinnamon. Wash prunes through several waters. Put in stew pan, add cold water and let stand one hour. Boil until soft in this water. When cool enough to handle remove stones. Add enough juice, boiling water, sugar and cinnamon and simmer fifteen minutes. Mix cornstarch with enough cold water to pour easily and stir into prune mixture. Cook five minutes. Remove stick of cinnamon, add lemon juice and pour into a mold. Let stand over night and if mixed right will make a

ice or in a cold place for two hours. Unmold and serve with plain or whipped cream.

Oatmeal Cookies.

Mix well together a cup each of butter and sugar, seven tablespoonfuls of sweet milk, two cups of flour sifted with a teaspoonful of baking soda, two cups of dry oatmeal, a cup each of seeded raisins and chopped pecans or walnuts, or peanuts. This makes a stiff dough and must be kneaded by hand to mix the nuts and raisins well. Do not roll out, but drop by the spoonful on buttered tins and press round and thin. Bake in a rather quick oven, and when cool spread a thin coat of icing over the cookies.

Cottage Pie.

Put in a casserole or covered baking dish one and a half cups of chopped cooked meat, one cup of hot water or gravy and one and a half teaspoons of butter. Season with salt, pepper and celery salt. Mash two cups of hot potatoes with hot milk and butter, spread on top of the meat, and bake in a hot oven until potatoes are brown.

French Fried Potatoes.

Peel potatoes with as little waste as possible. Cut them lengthwise into eight or ten uniform pieces. Lay these pieces on a towel in order to absorb moisture. Fry in deep fat. Drain on unglazed paper, and sprinkle with salt. Serve immediately.

One Egg Cake.

This little one egg cake is a very great help for economical housekeeping. It is a great help for economical housekeeping. It is a great help for economical housekeeping.

WET FEET

light and delicate cake. Take one cupful of sugar, a piece of butter the size of a walnut and cream together until you are "almost ready to drop"; then in a separate bowl beat one egg very lightly. Mix these together, then add one cupful of sweet milk and two heaping cups of flour sifted with two level teaspoonfuls of baking powder. The flour should be sifted two or three times. Always beat a cake batter very little after the flour has been added. Add any desired flavor.

Vegetable Soup.

One-half cup chopped carrot, one-half cup chopped turnips, three-quarters cup chopped celery, two cups cut potatoes, one-half cup chopped onion, three pints boiling water, one-half cup butter or substitute, two tablespoons finely chopped parsley, salt and pepper to taste. Wash and peel vegetables, and chop coarsely or cut in small pieces; the latter is the better method for potatoes and celery. Measure vegetables after cutting. Mix carrot, turnip, celery, and onion, and cook in butter ten minutes or until butter is absorbed and vegetables are turning yellow. Add potatoes and water and cook in hour or more; the vegetables should be quite soft. Add salt, pepper, and parsley. Serve boiling hot.

Winter Salad.

One cup cabbage, one cup boiled rice, one-half cup sardines, one boiled egg, one tablespoon chopped onion, two tablespoons green pepper, one-half teaspoon salt, few grains cayenne. Chop the cabbage and combine with the boiled rice. Bone, chop, and measure the sardines and add to the first mixture. Add the chopped egg, green pepper and onion. Moisten with French dressing and serve on lettuce. Garnish with the yolk of hard boiled egg put through a ricer.

Liver Smothered in Onions. One pound liver, eight medium-sized onions, bacon fat, salt and pepper, flour. Slice liver not more than

one-quarter inch thick. Pour over boiling water and let stand ten minutes. Drain and dip in flour. Peel and slice onions. Melt bacon fat in a frying pan, add onions and fry to a light brown. Add liver, season with salt and pepper and cook until tender and brown on both sides. The onions will

continue to cook while the liver is cooking. Serve the liver surrounded by the onions on a hot platter. Before dipping sliced bananas into batter, soak them in lemon juice and sugar to taste. Serve the fritters with melted currant jelly.
