How to Cure Headache.—Some people suffer untold misery day after day with Headache. There is rest neither day or night until the nerves are all unstrung. The cause is generally a disordered stomach, and a cure can be effected by using Parmelee's Vegetable Pills, containing Mandarins and Dandelion. Mr. Finlay Wark, P. —JOB PRINTING OF EVERY DESCRIPTION EXECUTED PROMPTLY, AT FAIR PRICES, AND IN THE BEST STYLE OF THE ART, AT THE "ADVERTISER" OFFICE. ALSO, SOLE AGENTS FOR THE DOMINION FOR CALVERT'S CELEBRATED LITHOGRAPHIC WORK.

CAUTION.

The public are cautioned against paying any money to George Edwards, who has been representing himself as an agent for the Daily "Advertiser" and the Western "Advertiser," as he has no authority to act as such. He was in Wardsville on Feb. 26 last, and is described as a man about 35 years of age, 5 feet 8 inches in height, weight 170 pounds, well built, rather good looking, with dark brown hair and heavy dark brown mustache. Wears a black overcoat, black pants and dark felt hat.

ADVERTISER PRINTING CO., London, Ont.

—The Board of Works will meet to-night and award contracts for supplies for the year.

—Miss Jennie Cullen has returned home after spending a couple of months in visiting friends in Toronto.

—The death is announced of the wife of Wm. Geary, druggist, Vancouver, B. C., who has many friends in this locality.

—St. Thomas Times: Conductor Harry Kerr, of the G. T. R., who was reduced to brakeman about three months ago on account of business being dull, was yesterday promoted to conductor again.

—A very enjoyable time was spent at the residence of Mrs. Wm. Coulter, Central avenue, last night, it being the celebration of Mrs. Coulter's birthday. She received numerous and valuable presents, accompanied by best wishes, from all present. The merry-makers dispersed at a late hour.

—J. M. L. Cochrane, as to whether a player in bidding hearts in double pedro and getting his bid has to lead in hearts, the question is an open one and eminent authorities have given different answers. The only way to settle the matter would be to have a mutual understanding, before the beginning of the game, on which course is to be pursued. Either one is perfectly legitimate.

—In an article about what playing in Ontario, the Toronto Globe says: "London has been famous for its whist, and Mr. R. Bayly, Q.C., is worthy to rank at the first table in the country. Mr. Wm. Furness is another past master in the game, while Messrs. N. P. Graydon, John Marshall, George C. Gibbons, Q.C., and Dr. Niven were members of the club which had a record of games going back fifteen years. It was in this club the Chief Justice, Meredith and Mr. J. Brown played."

—It is an interesting astronomical fact that on Good Friday, April 12, the heavenly bodies which gravitate around the earth, will visit London at a position that they occupied in the firmament on the day that Christ died on the cross. It will be the first time that such a thing has occurred for 3,824 years.

—Strongmen tell us that about noon, New York time, the moon will pass before Virginis (Spica) and hide that constellation for more than an hour.

—Charles Frohman's Company, in the laughing success of today's "Charley's Aunt," will visit London at the Grand on Monday next. The comedy is a genuinely great and deserving success from a literary standpoint of view. Mr. Frohman made a nice distinction by calling this piece a comedy farce. By this he means that "Charley's Aunt" is a distinct comedy fibre, but that a coloring of the pure farce is given to it.

It stands as a comedy in a legitimate and dismises them in hilarity at 10:45, two and three-quarter hours of laughter, with scarcely time enough to recover normal features of face.

The two galleries were filled and very few vacant seats were to be seen at the Grand Opera House last night, when Charles L. Davis made his "farewell" appearance in "Alvin Joslin." The audience was not only large but thoroughly appreciative, and was the greater part of the evening engaged in laughter. The play is just as funny as ever, and Mr. Davis, as Uncle Alvin, the New Englander, is a splendidly ripe and a fault. The situations into which he places himself were most ludicrous. Mr. Davis is ably supported by Miss Estelle Gilbert and a large company, and should he call at London again he will doubtless receive as cordial a welcome as he did last night.

—Miss Georgie Calver, of Parke, Davis & Co., Walkerville, formerly of the ADVERTISER staff, has been seriously ill for over a week, but is now rapidly recovering.

—Mrs. Mary Ann Butler, aged 87, died in Hamilton Monday. She was the relict of the late Capt. Butler, who was of a distinguished military family. Her father was the late John Tenbroek, who practiced law in London many years ago.

—Mr. Wm. A. Smith, founder of the Boys' Brigade and secretary of the parent organization, will address a public meeting in the City Hall tomorrow (Friday) night, with a view of extending this important organization. The meeting begins at 8 p.m., and the Bishop of Huron will preside. Mr. Smith comes here at the invitation of Lord Aberdeen, who is honorary president of the Boys' Brigade in Great Britain, and who is taking active, practical steps to advance the best interests of "Our Boys."

—General charity concert under the auspices of the mayor and council. The following musical organizations and musicians will take part in the programme of the general charity concert to-night in aid of the poor of the city and under the auspices of the mayor and council: London Choral Society, conductor Mr. Roselle Peacock; Philharmonic Society, conductor Mr. St. John Hyttenmarch; Opera House Orchestra, conductor Mr. F. Evans; soloists, Mr. Thomas Martin, Mr. George Angus, Mrs. E. J. Moore, Mr. F.

## In Every House

In this city, there were distributed this week samples of Williams' Royal Crown Pills, and we would direct our readers' attention to the merits of these marvelous little pills, which have proved of great value to so many sufferers from constipation, bilious or sick headache, liver complaint; in such cases two pills should be taken at night, and continue taking one or two pills each night until relieved and the bowels are regular in their operation. As a dinner pill one Royal Crown Pill should be taken immediately after a hearty meal and it will be found an excellent means of assisting digestion and preventing dyspepsia. Purify the system by taking a treatment of Williams' Royal Crown Remedy, the best and most economical medicine manufactured to-day.

**F. C. B. C. LITERARY SOCIETY.**

A largely representative meeting was held yesterday afternoon in the Forest City Business College for the purpose of inaugurating the college literary society. Although organization has been delayed some time, great interest was manifested by the students, who come from all parts of the Province, and prospects are bright for some very interesting meetings during the season.

After preliminary business was transacted the officers were elected as follows: First honorary president, J. W. Westervelt, sen., London; second honorary president, T. H. Luscombe, London; president, J. W. Westervelt, jun., London; vice-president, H. B. Matthews, London; secretary, M. Hardy, London; treasurer, Miss M. Wright, London; executive committee, Miss Beatty, Ingersoll; T. H. Hayes, London; Miss Beatty, Ingersoll; Miss McMurphy, Rat Portage; G. A. Foster, Fama, Ont.

**CATTLE REGULATIONS.**  
The Grand Trunk Railway, through the Vermont Central Railway, has succeeded in inducing the United States Government to so far relax the quarantine regulations as to allow five stock being shipped to Britain via Portland, undergoing American Government inspection at Island Pond. Formerly sheep were allowed to be put aboard ship at New York, Philadelphia, Boston or Portland; under the new regulation they must be shipped from Portland only. These arrangements give the railways mentioned a monopoly of the land-carrying trade to Portland; as a result they charge 20 cents per head for cattle from Toronto to Portland, while their rate from Chicago to Portland, well nigh twice the distance, is only 25 cents. This is creating some grumbling among dealers here. One good effect of the new regulation will be the cheapening of ocean rates, because of the competition between vessels sailing from Halifax or Montreal and Portland. Dealers claim that some agreement for more considerate rates should be come at if the idea is to have Canadian cattle go through to the old country via Portland instead of by Halifax.

**THE MISSING BANK CLERK.**  
Advices from Strathroy throw no further light on the whereabouts of the missing bank clerk, John Patterson, who is alleged to have stolen a considerable sum—about \$4,000—from the Traders' Bank there on Saturday last. Young Patterson celebrated his 18th birthday last Friday. It is said, in a rather hilarious manner, but it seems in the bank up till the time of this unfortunate affair was of the most satisfactory nature to the officers. While no excuse is given for his alleged breach of trust, the general sympathy of the community is extended to his parents, who are respectable residents of the town.

The manner in which the steal was accomplished seems to be that after balancing his cash on Saturday evening he put it in a large tin box used for that purpose and carried it into the garage, where it was his duty to locate it in the safe. He put the box in all right, but apparently dropped the \$4,000 roll of bills under the safe, where it no doubt remained unnoticed until the vault was unlocked. Having a key of the bank and vault, it was no trouble for him to return when all had left, open the vault and secure the booty. If the theft had been put in the safe he could not have got them at all, but the manager and teller together to open it. The young man is about 5 feet 7 inches in height and of a fresh and ruddy complexion. He was quite a favorite among his companions. The more active steps have been taken to secure his capture.

**BROCK'S BICYCLES.**  
Mr. W. A. Brock, the well-known repairer of bicycles, has commenced the manufacture of a wheel called the "Diamond." It will be made in any height of frame, of different weights, and any tire to suit the purchaser. Mr. Brock does not profess to make the lightest machine in the world or the narrowest tread in the trade. He does not make the purchaser pay for fat wheels with springs, cogs, levers, intricate arrangements and other fade and ask you to pay for them. He does not make the best machine on earth, and does not claim prizes and records that were never won. But he does make a machine that runs easy, a machine that a child can adjust. He has tried to avoid fancy mechanism and make a machine famous for its simplicity and freedom from fads. He also gives the buyer a chance to purchase a machine outright at a right cash price. These wheels will be fitted with hollow rims, wooden rims or ordinary steel rims, according to price. Mr. Brock has patented a bicycle support weighing only six ounces that clamps the down tube when not in use, and does away with the necessity of hunting for a telegraph pole, the side of a house or a tree to stand the wheel against. Mr. Brock also has the agency of the Eclipse and Gendron, American wheels. Marshall Wells won four Canadian championships last season on the Eclipse, and the wheel was successfully resisted the strain of the weight of thirteen men, aggregating 2,448 pounds.
