Railway Bridge Stayed

A Kick From the County People

Manager Carr Says All Will

Be Right.

The Peterboro Bridge Company have ceased operations on the London Street Railway bridge over the river at the foot of Dundas street. On Tuesday Mr. U. A. Buchner notified the bridge company to stop work on the ground that neither they nor the London Street Railway had any right whatever to commence the structure until terms had been agreed upon between Mr. Whit. Lancaster and the company. It seems that Mr. Lancaster refused the offer of the company, and then they claimed a statutory right on some ground to proceed. Mr Buchner has been in Toronto for the last couple of days searching in the Crown Lands Department, and announces that he has discovered that bridge and street railway com-

panies acted unwisely. Word was received this morning from Peterboro, til May 3. and the men were taken off. This is not the only difficulty that seems likely to arise. The county people are considering the question, and in all likelihood a writ will be issued to restrain the companies from monopolizing the land on the west side of the bridge, and one or two don Advertiser, and occupied a seat | Chief Williams said Mrs. Moore had large ditch at the roadside. COT THROUGH ALL RIGHT. The New Sewer Tunneled Under the Water Pipe-Civic Notes.

The difficult task of tunneling the new sewer under the big water main on the Wharncliffe road was successfully performed last night by the contractors, Messrs. Harding & Leathorn. The work was completed without mishap. It will be much harder to lay the sewer under the G. T.
