MOBS LOOT STORES OF JEWS AND FIGHT WITH THE

Hospitals Are Filled With Wounded Following Clash Between Soldiers and Rioters in Monmouthshire.

London, Aug. 22.—Thirty persons are in the hospitals this morning as the result of the fights between mobs and police at Ebbvale, Rhymney and Tredfar in Mommouthshire. The dashes took place at an early hour this morning, when the rioters looted the stores of Jews and defied the police. The mob fought the police gleefully, but the sight of the military forces everywhere had a sobering effect.

The federation, following the refusal, has invited the short sea trip men to decline to work on vessels, the owners of which refuse the men 16 cents an hour for working of gangs of five instead of four, as now is the case.

At Swansea the railroad men have again gone on strike. They allege that only 60 out of the 600 men on the Midland Railway who struck have been reinstated in their old positions.

The commission.

The commission appointed to incurie into the troubles, which led to the recent strike, was announced by the Government in the House of Commons today.

The chairman is Sir David Harred, who was under-secretary for Ireland in 1893-1902. The railroads are represary of the Mine Owners' Association, cellor of the University of Birming-aim. The representatives of the men are Arthur Henderson, labor member of parliament for the Barnard Castle division of Durham, and John Burnett, chief labor correspondent for the board that the clouds had lifted, adding, the fewer words said in regard to the past at the present moment, the better.

50 Cents a Barrel More For Apples.

In reply to an inquiry from East Lambton, James E. Johnston, secretary of the Norfolk Fruit Growers' Association, and a prominent Conservative, sent the following views of the effect of reciprocity upon the apple market of Canada.

"Will say that I have shipped apples to the U. S. markets nearly every year since 1896, and I consider the U. S. market, which is so near at hand, is the best market for Ontario apples. We would, I consider, be benefited to the extent of about 50 cents per barrel by having reciprocity."

CHICAGO COMMISSION HOUSE WANTS LAMBTON HAY

The following letters were sent by a Chicago commission house to Mr. J. H. Fairbank, ex. M. P., of Petrolea, whose farms are the largest in Lambton County: Chicago, July 25, 1911.

J. H. Fairbank,

We are advised by the railroad company that you are in the hay business, and would ask you to name us price on any part of 10 cars, each No. 1 timothy, No. 2 timothy, and No. 1 clover mixed hay, delivered Chicago, "hipment in 60 days, you to ship it in bond, you to take care of the

duty.

As soon as the reciprocity bill goes into effect we believe we can do considerable business in your territory on hay, and would like to get started with you at once.

BRIDGE & LEONARD,
Commission Merchants.

SECOND LETTER.

Dear Sir,—Possib'y we will do business with you in any event, but certainly will if the reciprocity bill passes your Parliament. We are surprised to hear that there is any opposition to it in Canada.

IN THIS BRIDGE

A rather peculiar situation has developed in the construction of a reinforced concrete bridge a short distance east of the city on the second concession of London Township.

Mr. Freeman Taibot, the contractor, ordered the steel rods for the bridge from the Walkerville Bridge Company, and unloaded a shipment at a siding at Pottersburg.

and unloaded a shipment at a siding at Pottersburg.

It was remarked at the time that the Walkerville people had altered their system in the construction of such bridges, as there was so much steet that the arch would hardly contain it. Some days after the whole shipment had been safely embedded in a couple of feet of concrete, from which it could not possibly be removed, the Grand Trunk Railway Company, gave notice that a large quantity of material intended for Montreal, which had been shipped to London with the local order, had been lost. It was located in the London Township bridge.

Just what can be done under the circumstances is a puzzle, but at any rate London Township has one cement bridge that will last for many a day.
