I was confined to a gro-cery store for twelve years, and had to give up business, as I became terribly rundown and nervous, and had heart trouble, and I am sure I am gainin very fast now. I feel that nothing did any good until I tried your Heart and Nerve Pills, and I am positive they will cure me. The nerves of one hand would tremble and then seem to go numb so that I could not write or sew. Now my hand is quite steady, as you can see by my handwriting. This is a big change, which delights me so much, for I thought all was done that could be done. I was about to give up in de-

Alderman Says He Spent Money Entertaining Mayors -Will Chop Off \$6.

The account presented by Alderman Max Lerner for \$35, in connection with his recent visit to Ottawa with Mayor Stevenson, furnished the material for a lively discussion at the meeting of the reception committee of the city uncil last evening. The aldermen thought the account was too large, and notwithstanding the statements of Ald. Lerner that he had spent money in entertaining the mayors, it was unan-imously decided to cut off about \$6. Arrangements for the big Orange celebration to be held here on July 12, were discussed and it was finally left with Chairman Merryfield to lock after the reception. Flower Lovers Continue To Enemy Says the Czar's Troops Flock To Hyman Hall To See Floral Beauties.

The second day of the annual flower show, which is being held in Hyman Hall under the auspices of the London Horticultural Society, again attracted large numbers of flower lovers, who were high in praise of the quality of the exhibits. The display of roses is not so good as usual, but although the late frosts have done enormous damage to these plants, quite a number of excellent blooms are shown.
In spite of the cold weather which

has hampered the work of gardeners the exhibit as a whole is declared by the florists to be finer in point of size and excellence of exhibits than usual. The Hospital for the Insane, Springbank Park, and S. F. Wood are among the largest exhibitors. W. W. Gammage is represented with his usual display. Irises, sweet peas, and small flowers in quite a variety represent Springbank Park. Splendid specimens of poppies, larkspurs and sweet william are shown by the Hospi

tal for the Insane.
Mrs. William Nicholls of South London has on view a number of the largest and most beautiful peonies in the exhibition. Edmund Weld exhibits many fine roses and peonies. Sweet peas are a feature of T H. Smallman's exhibit; single peonies and a spurred aquilegia are shown by Dr. A. O. Jeffery; E. F. Morton features roses and peonies; John Holman, a variety of peonies: E. S. Potts makes a specialty of irises. Several unusually early cuttings of clematis are exhibited by W. W. Gammage, W. H. This was amply demonstrated by the experience of the taking of Lemberg, while still of the Teespool, a vessel which has just come into Montreal from Barry, England. When the shells began falling around the vessel, Capt. I. Olsen placed his vessel beam to the waves, so that if the submarine followed him it would roll heavily and disconcert the gunners aim. This was successful, and the vessel, by reason of this well-thought-out plan, and clever manoeuvring, has ar rived safely in port.
