

TO LEARN HOW NEW YORK FIGHTS THE EPIDEMIC

Provincial Board of Health Sends Officer to Study Infantile Paralysis.

[Special to The Advertiser.]
TORONTO, July 27.—The provincial board of health is sending an officer to New York and Boston to study measures that are being taken there to cope with the infantile paralysis epidemic. He leaves Toronto for New York immediately, and Major J. W. S. McCullough, secretary of the provincial board of health and Capt. J. S. Fitzgerald left tonight for Windsor with a view to checking the spread of the disease in that city.

MOST EMINENT MEDICAL AUTHORITIES INDORSE IT

Dr. Eberle and Dr. Braithwaite as well as Dr. Simon—all distinguished authorities—agree that whatever may be the disease, the urine seldom fails in furnishing us with a clue to the principles upon which it is to be treated, and accurate knowledge concerning the nature of disease can thus be obtained. If bacilli, seeping urine or frequent urination bother or distress you, or if uric acid in the blood has caused rheumatism, gout or sciatica, or you suspect kidney or bladder trouble just write Dr. Pierce at the Surgical Institute, Buffalo, N. Y.; send a sample of urine and describe symptoms. You will receive free medical advice after Dr. Pierce's chemist has examined the urine—this will be carefully done without charge, and you will be under no obligation. Dr. Pierce, during many years of experimentation has discovered a new remedy which he finds is thirty-seven times more powerful than lithia in removing uric acid from the system. If you are suffering from rheumatism or the pains of rheumatism, go to your best druggist and ask for a 50-cent box of "Anuric" put up by Dr. Pierce. Dr. Pierce's Favorite Prescription for women and Dr. Pierce's Golden Medical Discovery for the blood have been favorably known for the past forty years and more. They are standard remedies today—well as Dr. Pierce's Pleasant Pellets for the liver and bowels. You can get a large trial package for 10¢ of any one of these remedies by writing Dr. Pierce.

NOT A PARTICLE OF DANDRUFF OR A FALLING HAIR

Save your hair! Double its beauty in just a few moments.

25-cent "Danderine" makes hair thick, glossy, wavy and beautiful.

Within ten minutes after an application of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yes, but really new hair—growing all over the scalp.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and stimulates them, its exhilarating, stimulating and life-giving properties cause the hair to grow long, strong and beautiful.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, using one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance, an incomparable lustre, softness and luxuriance.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that all you need to have beautiful hair and lots of it if you will just try a little Danderine.

HER HOME NO LONGER CHILDLESS

Operation Not Necessary After Taking the Great Medicine for Women.

Milner's Falls, Mass.—"Doctors said I had displacement of my body and I would have to have an operation. I had a soreness in both sides and a pulling sensation in my right side. I could not do much work. The pain was so bad. I was also troubled with irregularity and other weaknesses. My blood was poor. We had no children."

After using Lydia E. Pinkham's Vegetable Compound and Blood Purifier I became well and strong, and was saved from the operation. We are now the parents of a big baby girl, and I praise your remedies to others and give you permission to publish my letter."

JOSEPH GUILBAULT, Jr., Bridge Street, Milner's Falls, Mass. Vegetable Compound is famous for restoring women to normal health and strength. When this is done, wives no longer despair of having children.

A woman should be reluctant to submit to a surgical operation until she has given Lydia E. Pinkham's Vegetable Compound a fair trial. If you have a case that needs special advice, write the Lydia E. Pinkham Medicine Company (confidential), Lynn, Mass. It is free and always helpful.

HARD FIGHTING ON SOMME CONTINUES; ALLIES STILL GAIN

British Get Trench Beyond Pozieres.

GERMAN COUNTER-ATTACK

Bring Up Guns and Men In An Effort To Retake Pozieres.

[Canadian Press Cable.]

LONDON, July 28.—12:10 a.m.—Since the completion of the capture of Pozieres, the new front of the British front in France is mainly of artillery actions and testing encounters at various points in the German line.

The comparative still and hot, hazy weather, it is assumed, has given the Germans an opportunity to bring up further troops and guns, with a view to renewed attempts to recapture Pozieres, where, however, according to unofficial reports, the British troops have further consolidated their positions.

The official statement issued by the war office tonight reads:

"Today there has been hard infantry fighting in the northeast of Pozieres, and in the vicinity of Longueval and Delville wood."

"North of the line of Pozieres-Bazentin-le-Petit, succeeded last night in capturing about 200 yards of an important enemy trench, which hitherto had successfully resisted all our attacks."

"This morning, after an intense artillery fire, the enemy succeeded in regaining possession of the trench, but our troops immediately retook it and have again regained a footing in the southern end."

"On our right flank, after hard fighting, we have driven the enemy from the east and northeast of Delville wood. Heavy fighting still continues in this vicinity, including Longueval, where we regained a portion of the northern part of the village."

"Fighting about Ypres."

"About 1 o'clock Wednesday morning a small enemy party entered our trenches immediately west of the Ypres-Poelcappelle road, but were immediately driven out."

"Further south, after artillery preparation a party of British troops raided the enemy's lines. The Germans were encountered in front of their own wire and sustained a loss of some 20 killed. The British infantry then fought their way into the trenches, in which we found many Germans killed by our bombardment."

"Some good work was accomplished by the Royal Flying Corps Wednesday in locating enemy batteries and newly constructed defenses. Owing to the clouds and mist our machines had to fly very low, two of them being missing."

"Fought All Night."

"Throughout the night our artillery has been active, and we continued to press the enemy with hand-to-hand encounters at various points."

"The enemy is using large numbers of gas and tear shells in the battle area."

"Elsewhere on the British front there was no incident of importance in the last 48 hours."

BERLIN, July 27, via London.—4:40 p.m.—The text of the German official statement regarding the western front follows:

"Between the Ancre and the Somme intense artillery activity on both sides lasted into the night. Enemy hand grenades and attacks were repulsed west of Pozieres."

"South of the Somme a French attack carried out northeast of Barleux failed."

"During the night several strong French attacks made in the region of Froide Terre and Fleury were repulsed. Strong reconnoitering detachments attacking on the front southwest of Warmonet and patrols near Richebourg, were repulsed."

"A French coup de main north of Vienne Le Chateau failed. Near Villeneuve Bois and northwest of Prunay a French biplane was shot down in an aerial fight near Belin, east of Rheims."

INGERSOLL LEUTENANT TELLS OF HIS WOUND

[Special to The Advertiser.]
KINCARDINE, July 27.—Mrs. D. Dunlop of Kincardine has just received official word that her only son, Signaller E. Dunlop, has been killed in action. Somewhere in France. Prior to going overseas Pte. Dunlop for a number of years has been with the regular army stationed at Halifax, N.S. At the beginning of the war he was transferred to Bermuda, and from there was sent to the front.

WINGHAM, July 27.—Businessmen have decided to give prizes for attractions which will be put on at the fair, which will be for two days, September 25 and 26. The directors have also decided to hold horse races for the last day. For some years past there have been no horse races at Wingham.

The little boy of Turnbury, who was bitten by a dog last week, is still under the attention of Drs. Kennedy and Calder, who state that unless blood poisoning sets in the lad will recover. The person who owned the dog had him destroyed.

TURK OFFENSIVE IS AT AN END IN THE CAUCASUS

Cannot Rally Broken Troops, Says Russ Military Critic.

HAD 350,000 TROOPS

Russian Advance From Two Sides Broke Enemy Plans.

ERZINGAN NOT DAMAGED

Turkish Main Forces Withdraw Before the City Is Captured.

[Canadian Press Cable.]

PETROGRAD, July 27.—Via London.—An official communication from general headquarters tonight said, regarding the Caucasus front:

"At Sapsi, 200 kilometers north of Erzincan, we took 3,000 hand grenades, 1,000 shells and 600 casks of cartridges. At Hahsthan we captured a hospital of 500 beds. At Erzincan we captured a depot of rifles, revolvers, bayonets and artillery munitions, together with 1,000 pounds of petrol and benzine. The town of Erzincan was not damaged."

Hundred Miles in Week.

Russian troops covered a hundred miles in their advance on Erzincan within a week. The capture of that city means the virtual completion of the Russian occupation of Turkish Armenia, and gives Russia the benefit of the extremely fertile valley, and opens an easy means of communication through Trebizond for the western and southern Caucasian armies.

It is estimated that the Turks had between 25 and 30 divisions between the Black Sea and Mush—approximately 250,000 men. Three months ago, the Turks undertook a comprehensive campaign, intended to recapture Erzincan, and incidentally to draw troops from the Russian European theatre. General Eudnich, the Russian leader in the Caucasus, succeeded, however, in holding the Turks in the Erzincan district, while delivering an effective blow at them in the Mush district. In order to counter this flanking from the south and a similar effort from the north the Russians were obliged temporarily to re-occupy Mamakhatum, fifty miles west of Erzincan.

Four Cities Occupied.

The Russians now have captured Trebizond, Balbour and Gushik Khaneh and re-occupied Mamakhatum. The Gallician advance of the Russians has caused the Germans to withdraw troops from the Balkans, and Turks were sent there to replace them. The Russians, quick to see the advantage thus afforded, started a vigorous offensive toward Erzincan. Only a rear-guard battle preceded the capture of the town. The Turkish main forces having been withdrawn, being forced to retreat toward Sivas.

Colonel Shumilov, military critic of the Bourse Gazette, in an article on the victory of the Russians at Erzincan, says:

"This defeat of the best troops of the Ottoman empire has quite broken the Turkish defense. No further serious offensive can be expected, except only parts of divisions from the Constantinople, Thracian and Egyptian armies can be spared to patch up these broken units."

HUMIDITY IS INTENSE

Greater in New York Than Any Time Since July, 1897.

NEW YORK, July 27.—The humidity was greater here today than at any time since July 1897, the local forecaster declares. As early in the day as 9 a.m. the humidity registered 98 with the temperature only 74. No relief is promised.

CHICAGO SUFFERS.

CHICAGO, Ill., July 27.—Another scorching hot day was reported in the central west today. In this city at noon the mercury stood at 97, the hottest of the season. No relief was reported in Iowa and Central Illinois, where yesterday there were temperatures in the 90s.

WILLIAMS-WATSON.

BRITAIN MAKES FINAL PROPOSAL TO AID STARVING

Foodstuffs May Be Sent Into Enemy-Held Territory.

NONE FOR THE GERMANS

All Products Must Be Reserved For People of the Country.

LONDON, July 28.—12:09 a.m.—Walter Hines Page, the American ambassador, has cabled to the state department at Washington, the text of a letter from the foreign office regarding the feeding of the civilian populations in territory occupied by the Germans.

The letter, which has been given out for publication in newspapers of London today, says:

"Majesty's Government desires to settle, once for all, the whole question of the importation of foodstuffs into territory in the occupation of the enemy. Therefore it makes the following final proposal:

"If the German and Austro-Hungarian governments will reserve wholly to the civilian populations of occupied territories the entire product of the soil, all live stock, and all stocks of food, fodder and feedstuffs of those territories, and if they will admit to those territories neutral selected by the president of the United States, with full powers to settle, once for all, the whole question of the importation of foodstuffs into territory in the occupation of the enemy, then the United States will undertake the selection of these agents, His Majesty's Government will give them every assistance and admit into such territories any imported food supplies necessary to supplement native stocks and afford the population a fair subsistence, as long as it is satisfied that the enemies are scrupulously observing their part of the agreement."

"If this offer is refused or a reply delayed until the harvest in the occupied territory begins to be gathered, His Majesty's Government will hold them responsible and will exact such reparation as can be secured by the Allied arms or enforced by the opinion of the neutral world for every civilian life lost through insufficient nourishment in the territory occupied."

THE ALTERNATIVE.

Shark, Shark, Cry Bathers at Port But It's Only Boy

Crowd Gets Excited and Many Identify "Fish" From Shore.

[Special to The Advertiser.]

PORT STANLEY, July 27.—A panic was created among the bathers here Thursday afternoon when the cry of "Shark! Shark!" floated across the water in an unmistakable feminine voice. Many made for the beach at once without waiting to investigate the alarm. Others scanned the surface of the water, but when their eyes lighted on a dark object some four hundred yards out in the lake they too, made for the beach. An excited group gathered in front of the Casino. Without a doubt it was a shark, they all reasoned. One of those dreaded monsters that have caused bathers to be few at the Atlantic summer resorts.

An excited chorus of "Yes, that's its black nose," "Look at the splash from its tail," "It just saw a fin move," and "Willie, let's go home," gave some idea of the excitement of the crowd.

Some daring youths created a thrill by storing a canoe full of clubs and announcing the intention of giving battle to the "ferocious beast." Bravely they paddled close to the "shark." The closer they got the less the object looked like a shark. If it was one it was a new species altogether.

The watchers saw them reach their destination, haul something into the boat and start for shore. When they arrived a weather-tanned lad of thirteen was with them. "It's a pity a fellow can't use a log to learn to swim on a duck," he grumbled. The crowd melted.

KINCARDINE FUNERALS

Three Buried Within Two Days in the Town.

KINCARDINE, July 27.—The funeral took place on Wednesday to Kincardine Cemetery, of John Emmerson, aged 84 years. He died at his home, on the south line of Kincardine, on Monday, July 24. He was a pioneer of the town of Kincardine, having been here over 50 years. Andrew Emmerson, Queen street, Kincardine, is a son.

The funeral took place on Wednesday afternoon of Miss Isabel J. McKenzie, to Kincardine Cemetery. She was 22 years of age, and lived with her mother, Mrs. D. McKenzie on the 9th of Kincardine. She had been ill for the past couple of years. Mrs. James Johnson, Mrs. D. K. Norman, Miss Donald and Mr. John McKenzie are sisters and brother.

The funeral took place on Tuesday afternoon of Alexander McCall, aged 65 years, to Port Elgin Cemetery. He was stricken suddenly with apoplexy. He was employed at the Queen's Hotel here. Mr. McCall was born in Perth but for 40 years lived in Port Elgin, and drove a stage from there to Kincardine for many years. Only having been employed here for about a year. His wife

predeceased him about eight years ago. His son, Sgt. H. McCall, 160th Battalion, is here making funeral arrangements. Other children left are, Mrs. Harrison, Detroit; William, Toronto, and Pte. Duncan, 160th Battalion, London.

EXETER PUPILS WHO PASSED EXAMINATIONS

[Special to The Advertiser.]
EXETER, July 27.—The following are the names of the Exeter candidates who have passed the lower school examinations for entrance into the normal schools: D. A. Brooks, E. M. Brooks, E. E. Harvey, M. G. Harris, A. E. Jones, E. M. Maxwell, M. E. Morgan, L. B. Sanders, M. A. Sharp, L. V. Smith, V. Stewart, L. B. Taylor.

At the recent public examination held by the London College of Music, England, Miss Irene Quackenbush was successful in gaining a first-class honors certificate, intermediate section. Miss Quackenbush is a pupil of Mrs. Gamble and daughter of Mr. and Mrs. Quackenbush, James street.

Miss Quackenbush is also on the Exeter school teaching staff.

The Exeter cannery factory started operations on the pea crop this week. The yield is not up to the average owing to the dry weather and the late-ness in getting the crop in.
