FLOORS

The Eskimo has floors of ice and probably he thinks them nice, and strictly up to date; but if there ever came a thaw they'd be the worst you ever saw and that's as sure as fate.

The Arab has his floors of sand; we have no doubt he thinks it grand, a floor beyond compare; but sand is full of bugs and ants and they climb up a fellow's pants, when he sits in a chair.

The Mexican has floors of dirt and floors of that kind will not hurt, so long as weathers dry; but when there comes a season wet, such floors are not the one best bet, which no one can deny.

In Olden times men built their homes with battlements and towers and stone, and ornaments of gold; but all the floors were made of stone, and they made people sigh and groan, they were so hard and cold.

And then with rushes they were strewn to make them warmer to the shoon, and also to the feet, and those staid rushes decay, their scent would drive the folks away, in agonized retreat.

It took uncounted years of toil and planning by the midnight oil to dope out modern floors; the floors on which we dance and walk, and sigh and cuss, and wildly talk of boarders and such bodes.

The floors on which we spend our lives, and train our kids, and get our wives, are surely handsome things, be they of color light or dark, we proudly view them and remark—

"They are good enough for Kings."

Your mansion might have jasper walls, the finest paintings in it's halls that artists can produce, and onyx stairs and marble doors, but if it had no modern floors 't would be a poor excuse.

Good hardwood floors make life a poem, they beautify your happy home as nothing else can do. WE have the best, the years have given it the test that means so much to you.

MAYOR MCKAY AND COLLEAGUES WIN

Much Interest Taken in Civic Election—Many Faid Taxes.

The civic election held Tuesday and despite the extreme cold day, a very large vote was polled. Mayor McKay and seven of his colleagues were elected. H. A. Marquis being the only opposition member to win out.

Both sides needed lots, but the former council, being old campaigners, having had with Com. Belle-Lisle and Duncan at their head left no weak unions to win out.

In ward one the fight was exceedingly hot. Here a determined effort was made to elect Com. Belle-Lisle and early in the fight it looked as if he was doomed as nearly one hundred and fifty ratepayers had neglected to pay their taxes. But this handicap was overcome to some extent by the paying of taxes of those who would vote right and Com. Belle-Lisle won out by seven votes.

As was expected Ward II voted in favor of Anderson for Mayor, but the majority here was not enough to offset the adverse vote of Wards I and II. It was in this ward that the opposition elected H. A. Marquis.

Ward III went solidly for the old council.

RIVIERE DU LOUP DEFEATED HERE

Campbellton Hockey Team Wins Easy Victory From Visitors.

The clash between the Riviere du Loup Hockey squad and the Campbellton sextette here Saturday night resulted in an overwhelming defeat for the visitors, the score being 11 to 1.

The game was rather one-sided in the score indicates, but nevertheless was not devoid of excitement. In the first period and again in the last, the play was very fast. The Riviere du Loup team were outskated by the local hockeyists and their combination.

Why should Campbellton with its score or more of capable hockeyists, besides an enviable supply of undeveloped hockey material be without a league of this kind?

At least there are several reasons why a town league should be formed. Campbellton has a hockey squad that can play a commendable game with any amateur sextette in the provinces.

When the husky north shore players are in the line-up, speed and clever combination are the order of the evening. But again, if no effort is made to develop new material the day will come when the present players will not be here to maintain Campbellton's well deserved place in the hockey world. A town league is what is needed. Why not get together and organize?

OBITUARY.
Alexander McNeish.
Alexander McNeish, eighty-six years of age, died at the residence of his son, George McNeish, Point La Nin, on Wednesday night. Interment was made in the old cemetery at Dalhousie, the Rev. J. M. Fraser officiating both in the house and at the grave.

Viscount Bryce Dead.
Viscount Bryce died at Sidmouth, England on Sunday. The end came peacefully and somewhat suddenly. Viscount Bryce had been staying in Sidmouth for the past three weeks and was extremely energetic to the last.

NOTICE.
The regular meeting of the Campbellton Musical Club will be held at the home of Mrs. Hugh Miller, at eight o'clock, Tuesday, Jan. 31st.

TOWN HOCKEY LEAGUE NEEDED

To Encourage Manly Sport & Develop Our Future Players.

In our provincial papers we are constantly reading of engaging hockey games played between the local teams of various N. B. towns. Through sections of the press we have gleaned the information that numerous towns throughout the Dominion have organized town leagues. Many towns not Campbellton's equal in population have three and four teams. Hockey leagues for the furtherance of this engaging international winter sport.

Why should Campbellton with its score or more of capable hockeyists, besides an enviable supply of undeveloped hockey material be without a league of this kind?
