HARRIS & CO. PROPRIETORS. WATFORD, DECEMBER 5, 1913.

NOTE AND COMMENT.

A doctor lecturing in Buffalo the other day stated that good sugar would eventually be made from sawdust, and that olive oil flavored with extracts would take the place of but-

ter. The fact that olive oil keeps was proof of its cleanliness, as dirt is the great originator of decomposition. There seems to be still hope for the poor man.

The world's kissing record was recently broken at Salem, Ohio, by six girls who collected \$10,000 by selling kisses at \$1 each, in aid of the endowment fund of the Salem hospital. The "kissing bee" lasted two hours. There was a half-mile line of men, aged 18 to 80, waiting their turn. Some men took their kiss and went back along the line several times until seized by the ears and marched home by their indignant wives.

When entertaining some school children at her country house a certain famous spinster took them round the rooms and pointed out the beautiful things in them. "This," she said indicating a statue, "is Miner-'Was Minerva married?" asked one of the little girls. "No, my child," said the spinster, with a smile: "Minerva was the Goddess of Wisdom."-Sacred Heart Review.

"Newspaper publicity is one of the greatest safeguards and educators that the people of Canada have," declared Dr. David B. Bentley, of Sarnia, district officer of health, following a visit he had to the St. Thomas Packing Company's premises and to say a parting word of courtesy one of the city slaughter houses. There is a tendency on the part of civic officials to desire to keep unpleasant details from the people, which I consider a big mistake. Let the people know the facts and good results will soon follow. If the citizens had seen the slaughter house I saw this afternoon, I am convinced that every one of them would be-

Regularity-

of the bowels is an absolute necessity for good health. Unless the waste matter from the food which collects there is got rid of at least once a day, it decays and poisons the whole body, causing biliousness, indigestion and sick headaches. Salts and other harsh mineral purgatives irritate the delicate lining of the bowels. Dr. Morse's Indian Root Pills—entirely vegetable—regulate the bowels effectively without weakening, sickening or griping. Use

come vegetarians right away.

"Is your father rich?" someone asked a five-year-old girl; and the little one replied confidently, "Why, of course he's got me." And she was right, too, for the father of a falls chiefly on them. A man exsweet, loving, helpful little daughter whose money cannot buy them the love of a single heart. How about your father? Does he think he is a 'it is hard to make both ends meet,' but where there is plenty of that better wealth of love and kindness and loyalty. Is yours one of them?

Many a youth and adult allow the whole winter season to slip by without making any effort toward self-cuture or improvement. This is a work no one can do for you, but a little energy, persistence, and an ambition to excel will win the lines of penmanship and drawing each day with putting it on. I am that could be easily followed for a inclined to think that women are as ing. Get busy along some serviceable feature by employor the preparation of a short address of getting some justice done them.yourself and others. Too many people get the idea that once school days are over there can be no marked progress, but such is a fallacy as has been proven by scores of folk who were imbued with the idea of success and advancement. You may win if you make up your mind to do so.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condit-Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh)

Say "Good-Bye'

One of the few things which grate apon one's nerves and that have not been entirely eliminated in the rapid development of the telephone is the practice of not saying "good-bye" or some other suitable closing remark when finishing a telephone conversation. Many of us have experienced the "click" in the ear caused by the party on the other end of the line slamming the receiver on the hook before we are through talking. It leaves a doubt in our mind whether the conversation is finished. If the remarks are concluded with a polite "good-bye" or something similar no coom for doubt is left. None of us is so busy but that we can sacrifice lost motion" for politeness, especially when only a word or two is involved. From every angle "the voice with the smile wins," for it inculcates in our minds the real idea of telephone. But the voice that neglects leaves a bad impression, which retards to a large extent the still wonderful rise of an invention whose

Praises this Asthma Remedy,—A grateful user of Dr. J. D. Kellogg's Asthma Remedy finds it the only remedy that will give relief, though for thirteen years he had sought other help. Years of needless suffering may be prevented by using this wondertul remedy at the first warning of trouble. Its use is simple, its cost is slight and it can be purchased almost anywhere.

around politeness.

Mr. W. Hillman, Strathroy, sustained a broken arm on Sunday when a colt he was exercising broke away from him and ran away, throwing him to the ground. The animal then kicked itself loose from the cart and ran several blocks before it was caught, after badly damaging itself by cuts

Why Women Tell Lies

One of the reasons, surely, pects his wife to do this kind of thing richer than some millionaires for him. It is she who accepts, or refuses their common invitations. directs their joint social manoeuvres. encounters the world for them both rich man because of the daughter at on the purely social side. He is not nome? There are households where expected to do it any more than he is expected to order the dinner. There is more straight-from-theshoulder talk, I imagine, among men by themselves than among women by themselves; but that is partly because women slip out of the social harness less frequently and less easily. A man among men is perhaps I speakunder correction) more inveterately his personal self; a woman among women more inveterately her social self. It may be that it is many a victory of genuine worth. easier to wear the harness constant-There's a pleasant field open along ly than to gall one's shoulders afresh few hours each week. Gerould, in Atlantic Monthly.

> Unto You, Young Man, We Write

It has been asserted that every man can live within the limit of his income; and of the average young man, at least, it is doubtless true At all events the necessaries of life are very cheap and very small, indeed, must be the wage that will not permit a young man to support life soberly and decently. It is the luxuries that come high, the unneces sary cigars, the indulgence in liquors, the questionable entertainments, the betting, the card playing, trying to ape those in better circumstances. These are the things for which young men generally go into debt for, not for the necessaries of life. For the 'husks of swine' verily, that mortgage themselves, souls and bodies any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh) ture. Send for circulars, free.

School For Wives

A school for wives is the latest. thing. The iustitution is located in New Xork City, and its management announces that it will give a four-year course for girls, who apon graduation and marriage, will be qualified to spend their husband's income to the best advantage and keep an account book that will "come out straight at the end of the month." Dr. Stuart H. Rowe, principal of the wives' course, the sweet girl graduates will be able to cook a dinner, converse intelligently on literature, history and equal suffrage, that they will be able to trim their own hats artistically, keep them free from germs, and play their part in a social thingummy with blue ribbons. Mrs. Jones doesn't want to give up the dingus, and she has no use for the dingus, and six years later came to Canada with his parents. The family settled first merth county, where they lived fourteen years, and then came to Plympton. Seven children are l progress must necessarily be built mony. It wouldn't be a bad idea to least good? have such a school in every town in the country.

D. D. D. In Hospitals; Standard Skin Cure

How many hospital patients, suffering the frightful itch, the raw scorching pain of skin disease, have been soothed to sleep by a soothing fluid washed in by the nurse's hands?

That fluid is the famous D. D. D. prescription for eczema.

Writes "D. D. D. is superior to anything I have ever found. Soft and soothing yet a powerful agent."

To do the work, D. D. D. Prescription must be applied according to directions given in the pamphlet around every bottle. Follow these directions—and seef
