Port Wade

Port Wade, Jan. 20.—Anniversary Division was re-organized on the 14th by Chief Agent W. S. Sanders, of Halifax, and held its first session on Saturday evening, 18th, with a goodly list of officers. The W. P. and R. S. viz: Fred R. Parker and Miss Lizzie MacWhinnie. We think the prospects good for a flourishing Division. To intending visitors we announce the night of meeting as Saturday.

A singing school is under way here with about thirty scholars, which promises to be very beneficial to the churches of this vicinity. Mr. Harrington, an American, is the master, and judging from the first lesson given, we think him quite proficient in the art.

The annual donation of the Baptist church was held with Mr. and Mrs. James Johns on Wednesday night, 15th, when a nice social time and the sum of \$191.70 was realized. Rev. Mr. Cornwall, pastor, and wife were present, and the good time was considered mutual.

Capt. John D. Apt has engaged an American auxiliary schooner or "knock-about" of parties in Gloucester, to further prosecute his business in the fishing industry. Prices have ruled very low here the past fall and winter thus far, and it is thought a number will follow Mr. Apt's example, as the prices are and have been about double across the line. The markets of Boston, Gloucester, Portland and other towns on the coast of Maine are fully as handy as are the home markets.

Tupperville.

Tupperville, Jan. 20th.—The Rev. Mr. Porter preached at 11 a. m. He is going to hold a week of prayer here on every night except Saturday. It is hoped there will be a good congregation each night.

F. H. Willett is shipping fruit now weekly for the English market.

F. H. Williams from Clarence, was down here looking after fat cattle last week.

We are getting a very mild winter. The river is open and vessels could sail up as far as Tupperville wharf without any difficulty.

Torbrook

Torbrook, Jan. 20th.—The weather the past week has been very spring-like and the roads likewise.

Councillor A. S. Brown returned from St. John on the 31st ult. with his bride (nee Miss Mary Nelly). Miss Nelly has spent several years in the West engaged in teaching. We welcome her back to her native land, where she is a general favorite and active in every good work.

The mines are in operation, and all local workmen available are engaged. The water is now down to slope No. 3. No ore will be taken out till spring, when it is expected there will be a full crew and everything will be in full swing.

Death came suddenly to our midst on Friday morning and claimed for its victim Mr. G. W. Wheelock, at the age of sixty-six years. Of robust appearance and evidently in excellent health, his demise came as a shock to many who had not heard of his illness, which was of only two days' duration. He leaves a widow, two sons and a daughter. Mr. Handley Wheelock is a brother, and Mrs. Arthur Spinney a sister. Mrs. A. D. Brown, of Bridgetown, is also a sister. Inflammation of the heart was the cause of death.

Great Fire in Edmonton

Edmonton, Jan. 17.—Fire in Edmonton's wholesale district last night caused a loss of probably four hundred thousand dollars and took the lives of several Italians.

The blaze started after midnight from an unknown cause in the five-story brick block of the Canada Rubber Company, which was completely destroyed in less than an hour. Fire then spread to the two-story frame building occupied by the Edmonton Produce Company, the Western Cartage Company, the Vernon Fruit Co., the Dominion Brokerage Co., and the Snowden Oils Company. This building was also completely destroyed.

The sudden and unexpected collapse of a high wall of the Canada Rubber building crushed a small adjoining shack occupied by four Italians.

Chief of Police Carpenter had a narrow escape, having just passed underneath the wall, when it collapsed. Fire Chief Auder was overcome by smoke and taken to the hospital, but will recover.

Premier Poincare President Elect of France.

Versailles, France, Jan. 17.—M. Raymond Poincare, for the past twelve months Premier of the French Cabinet, was elected President of the Republic of France today by the National Assembly, composed of the members of both Chambers of Parliament, in succession to President Armand Fallieres, whose seven years' term expires on February 18th. The wildest confusion out of which arose two challenges to duels, marked the casting of the ballots, his plurality over his nearest competitor, Jules Pams, Minister of Agriculture being 187. The deciding vote stood as follows:

- Raymond Poincare 483
- Jules Pams 296
- Marie Edouard Vaillant 79

Raymond Poincare's first words upon being officially informed of his election as President of France were: "I shall try to show myself worthy of the confidence of the National Assembly. I shall forget without effort the struggles of yesterday, and even the injuries. Be convinced that I shall seek in everything and at all times to be an impartial administrator." This utterance came when Antoine Deboste, the president of the National Congress, in an apartment adjoining the voting hall, read from a parchment the official record of the election which was signed by M. Tuhoste and eight secretaries.

THE PREMIER'S VICTORY
While this scene was going on the Deputies and Senators, and the spectators crowding the galleries in the great hall, were also hearing the announcement of Premier Poincare's victory and the defeat of Jules Pams, who, until the final ballot had been considered M. Poincare's strongest opponent. After one generous round of cheers, the Deputies and Senators who formed the National Assembly, the women of fashion, diplomatists and other notables hurried to leave the Versailles Chateau to keep their dinner engagements in Paris and Versailles. As they passed through the great corridor detachments of soldiers already were being aligned to salute the President-elect, and to escort him to the capital.

Raymond Poincare's selection for the presidency of France, although made by Parliament as required by the constitution, is regarded as representing as well the popular will of the nation.

The choice took place on the second ballot, the Premier receiving 483 votes out of a total of 859 cast, 54 more than absolute majority of the assembly. Jules Pams, was the next highest candidate, having a total of 296. This was a net loss of 31 votes from the total polled by him on the first ballot.

A Paris Chemist Has Discovered How to Grow Hair.

In Paris the ladies have entirely abandoned wearing hats, which is due entirely to this new discovery.

The French are now placing on the market a preparation containing the extract from Henna leaves, which is having a phenomenal sale.

THE CLAIMS TOTAL TEN MILLION DOLLARS

Relatives of Victims of the Titanic Disaster Seek Heavy Damages.

New York, Jan. 15.—A flood of petitions for damages through the loss of the steamer Titanic filed today included one from Mrs. Irene Wallach Harris, who claims \$1,000,000 for the loss of her husband, Henry B. Harris, the theatrical manager. This is the heaviest of the 279 claims so far

filed. Mrs. May Futrelle asks \$400,000 compensation for the loss of her husband, Jacques Futrelle, author. The claim of Mrs. Lily B. Millet, widow of Francis D. Millet, the artist, a Titanic victim, is \$100,000.

United States Judge Hand yesterday extended the time for filing petitions on claims to February. The claims amount to more than \$10,000,000, but the White Star Line contends that its liability is limited under the United States statutes to less than \$10,000,000, the value of recovered records and passage money.
