# Thorold Cement...

Barn of Beswetherick Bros., Hagersville.  
Size of Floor, 60x120 ft. Put in with Thorold Cement in 1896.

They say:—"Our floors are as hard as stone. We clean our stables by driving a team and wagon through the stable on the concrete behind our stock, and load the manure on the wagon. We can truly say it is just perfection for stable floors."

Do you intend renewing your stable floor this fall? If, so, why not consider the question of putting in a Cement Floor? It is cool in summer, can always be kept clean with very little labor and without the soaking which is found so annoying and unhealthy for man and beast in connection with wood floors, is warm in winter, as cheap as a wood floor and will last for all time. It is smooth, but not slippery. Write for prices and full information to

# Cheese and Butter

Makers of these articles, in many instances, do not pay the necessary attention to the quality of the salt they use. Some people think that "salt is salt," and it does not matter where it comes from or who makes it. This is a great mistake, for it is essential that to produce the best Butter or Cheese nothing but the purest salt should be used.

The number of prizes obtained by users of

## 'RICE'S' or 'COLEMAN'S' DAIRY SALT

at the various exhibitions is conclusive proof that these brands of salt stand unrivalled. For prices, etc., address
