Two deaf men have been seen in town since I last wrote. I did not have a got soveral answers to chance to meet them of the word which were correct, but they were.

Mrs. Thus, Bradshaw, after spending the fathers home, returned

to Toronto on the 21st. Your corres pondent paid her a visit on the 18th and had a most enjoyable time. Mr. Brad shaw was also there for three days and intended to pay your correspondent a visit, but was anable to do so on account of receiving a telegram from Mr. Massey saying that he had to return to work at once.

I noticed in the Mildmay correspondence of one of the local papersometime ago, that Mr. Joseph Lobsinger, father to little Alex, who is now at the institution, discovered fire in the back of his house one night. The fire brigade was called out, but the fire was put out by some men with pails of water before it arrived. Not much damage was done, but Mr. Lobsinger mma to our grounds lost a fine new suit of clothes which he maxwere the Albert had recently purchased.

I got à letter from Mr. Alex. Swanson sometime ago, who is now at Gallandet College in Washington. He said perhaps he would write for the MUTE sometimes. It would be mee for your bright little paper to have a correspondent from the College and I am sure Mr. Swanson is fit for the job. D. S. L.

words of praise for ber-We hope the time is not far distant when arrangements will be made for the education of the deaf of Buttsh Columbia and the North West Territories. The whole responsiolity of the neglect in this connection rests upon the shoulders of the authorities who. while they recognize the claim of the Deaf do nothing of a definite character. It is six years since the matter has been presented and the only progress made "serious consideration," which is the only answer we have so far received from those who have the power to finally settle the matter. There are some promuent gentlemen who deserve much credit for the efforts they have put forth and our pessimistic mood means no reflection upon them.

A dark eyed, good looking young man, who claimed to be deaf, was taken up by a city detective a few days ago to explain who he was, where he came from and what he was doing in the city. During the past few days previous to his arrest this fellow, who calls nimself Walter A. Miller, was going round from store to store offering a sheet of paper on which was printed a long account of his career and a request for financial assistance. It told a picture-spin story of having been attacked by scarlet fever two years ago and having discovered on his recovery that both speech and hearmy were gone. His appeal appears to have been quite successful as \$81 was found on him when searched. Miller had been comfortably installed at one of the city hotels and was clad in firstclass garments. A heavy, plain gold ring adorned one of his fingers and ho had expensive looking cuff buttons and clothes. Mr. Nasmith, who was considered an expert in deafmute matters by the police authorities, was sent for. who, after experimenting for an hour or more with Miller, expressed his doubts about the young man being deaf, but thought it possible that he might be a gemine deaf-mate. Miller very willingly left the city when advised to do so by the detective inspector, so the is the end of him. It is very seldom we hear of a person losing both heering and speech at the same time.

A very successful Bible-class meeting was held on the 11th, which was conducted by Mr. Chas Elliott. These a cetings are proving to be very interesting and instructive. A more profitable evening cannot be spent than at one of these meetings.

The deaf-inntes of this city expect shortly to be treated to a magic tantern entertainment of Jamaica views by Mr.
