AN IMPORTANT MAXIM APPLICABLE TO LIFE INSURANCE

"The splendid arches over the triple doors of the magnificent cathedral of Milan are surmounted by three inscriptions: 'All that which pleases is but for a moment,' 'All that which troubles is but for a moment,' 'That only is important, which is eternal.' It is as near eternally fitting as anything finite can be, that every man who can should have his life insured, and no cathedral door or window would be any the less sacred if that advice was carved over or upon it."

"Are you insured? The dangerous thing about saying 'No' to that, that you may say it so often that the medical examiner will say precisely the same thing when you want to change to the affirmative. Put yourself in a position to say 'Yes' at once. It will be wise."

"Every man who can earn a living for himself and his family has no excuse for not being insured for that family's benefit, unless it be that he is in bad health. Secure a policy before you get into any such position."

"Stability is of much more importance than cheapness, especially in the matter of life insurance. Therefore, friend, get your insurance in a good company."

The stability and financial strength of that well-known home company, the North American Life, of Toronto (as shown in its last annual report lately published), together with the splendid profit results paid to holders of matured investment policies, should be sufficient evidence for the guidance of those contemplating life insurance.

For full information as to its attractive investment plans of insurance, and for copies of its last annual report, showing its unexcelled financial position, address Wm. McCabe, F. I. A., Managing Director, North American Life Assurance Company, 22 to 23 King Street West, Toronto, Ont.

A GOOD-SENSE BOOK FOR SENSIBLE PLANTERS.

Those Planters who wish the latest information about Seeds, presented in a straightforward, matter-of-fact way will be gratified by the practical good sense evidenced in Gregory's Seed Catalogue for 1896. The purpose of this book is to help the planter in the choice of seeds best adapted to the conditions of his particular locality, and it probably contains descriptions of a greater variety and more new varieties of seeds, than any other catalogue. It gives plain, useful information in place of chromos, and hard facts instead of fanciful descriptions. It is a work worthy of the reputation of the firm that publishes it, and one that cannot fail to win the approval and appreciation of all farmers and gardeners. Any one who plants seeds can obtain a copy free of postage upon application to J. J. H. Gregory & Son, Marblehead, Mass., who are the oldest and largest seed growers in New England, and one of the best know firms in the entire country. Their business was established in 1856, and its growth has been continuous and healthy. There is probably no section of the country where Gregory's "Home Grown" Seeds are not sold and planted.
