Elixir Ferri et Calcis Phosphatis Co.

LACTO-PHOSPHATES.

FORMULA OF DR. DUBART, OF PARIS.

Compound Elixir of Phosphates & Calisaya,

A Chemical Food and Nutritive Tonic.

This elegant preparation combines with a sound Sherry Wine and Aromatics, in the form of an agreeable cordial, 2 grs. Lacto-Phosphate of Lime, 1 gr. Lacto-Phosphate of Iron, 1 gr. of Alkaloids of Calisaya Bark, Quintine, Quinidine, Chinchonine, and fifteen drops of free Phosphoric Acid to each half ounce.

In cases convalescing from adynamic fevers, in all conditions of depraved nutrition from indigestion and mal-assimilation of food, in nervous prostration from mental and physical exertion, dissipation or bad habits, in chlorotic or anæmic women, and in the strumous diathesis in adults and children—it is a combination of great reliability and efficacy, and it may be taken for a protracted period without becoming repugnant to the patient.

When Strychnine is indicated the official solution of the Pharmacopœia may be added, each fluid drachm making the 64th of a grain to a half fluid ounce of the Elixir—a valuable combination in dyspepsia with constipation and headaches. This compound is prepared with great care, and will be maintained of standard purity and strength.
