### A FLYING TRIP.

**D**URING the past two weeks the writer has visited a few Associations in the United States and also that at Winnipeg. The Brethren of the latter Association have been somewhat hindered in their work, owing to the fire referred to in a former number of our Bulletin. They are, however, once more in the "old quarters" and have a great work before them, as large numbers of the unemployed men to be found there constantly avail themselves of the privileges offered. Winnipeg does not present all the attractions of other cities, and the stranger soon tires of walking the same streets and looking at the same scenes, therefore we should judge that visits now paid to the rooms will be largely increased as the number of strangers is being daily added to.

While in Winnipeg, we received strong confirmation of the truth of God's Word, where it says "they that

WILL be rich FALL into temptation and a snare." Certainly temptation has been presented and many have fallen into it, and some will find the snare difficult to escape from. We hope that the Association at Winnipeg may be used to lead young men to seek the true treasure, and secure a title to that estate, the value of which never fluctuates, and the title to which is ever sure.

At Chicago the Association is doing a good work, and the heart of Bro. Hemingway (the General Secretary), is greatly cheered at the prospect of a speedy occupation of the whole of their building for downright solid work for Young Men. The Association at Minneapolis appears to be comfortably located in the Market Building. Our stay was too brief to afford us the pleasure of meeting the Secretary. The testimony received concerning the work was cheering.

It was with pleasure we completed our 3,000 miles of Railway travel, and disembarked at Union Station with the conviction, that *perhaps* there are more desirable fields of labor than that assigned to us in Toronto, but if so, we failed to find them on this trip.

### AN INVASION.

**T**HE first detachment of the "Salvation Army" has reached Toronto. So we learn from a handbill calling a muster of the 1st Royal Canadian Regiment. The Lord can use all classes of men and every form of organization, if He so chooses. If this be one of the acceptable forms of service we shall rejoice at any success attending the work.
