ACUTE DYSPEPSIA,

with

Complete Nervous Prostration,

Cured by Using

HAWKER'S NERVE & STOMACH TONIC.

A LADY'S EXPERIENCE.

Mr. Wm. Thompson of Musquash, N. B., says: "For 2 years past my wife has suffered with *Acute Dyspepsia* accompanied with complete nervous prostration and a smothering sensation about the heart which frequently produced an attack of faintness. She became weak and nervous, lost all energy, and had a constant feeling of dread. She suffered with intense pain in the stomach after eating, which was usually followed by the smothering sensation about the heart and fainting spells. She tried a great many remedies and was treated by the doctors for some time, but obtained no relief. She became so discouraged that she gave up all hope of ever getting better, when our pastor suggested that she try HAWKER'S NERVE AND STOMACH TONIC and LIVER PILLS, which had produced remarkable cures in several cases he knew of. We did so and she obtained immediate relief from the distress after taking the second dose, and has continued to improve ever since until today she is as well as ever, and can enjoy her food without fear of suffering. I cannot speak too highly of these valuable medicines which have restored my wife to health and strength and saved much suffering and expense."

Rev. Henry M. Spilke, Rector of Musquash, N. B., says: "I am personally acquainted with Mrs. Thompson's case, and am greatly pleased that the medicine which I recommended to her produced such remarkable results."
