

PLAN OF THE GROUND AND BUILDINGS OF THE QUEBEC PROVINCIAL EXHIBITION, TO BE HELD IN MONTREAL, SEPTEMBER 16-19, 1873.

THE ELECTRO-GALVANIC BATTERY has become a great benefactor in the domestic arts. In no instance is its wonderful effect so manifest as in the process of **ELECTRO-PLATING**. By this process a heavy coating of pure silver can be deposited firmly on articles made from German silver or white metal, and when well made and honestly plated the articles have all the utility of solid silver, without the expense. No goods made by this process can be relied on that are not plated heavily enough to stand the machine buff polisher, and to resist acids. All our manufactures are subjected to these tests. To prevent the purchase by the public of inferior goods, each article of our manufacture is marked R. W. & Co., without which we cannot guarantee them.

SPOONS, FORKS, LADLES, KNIVES & FORKS.

BUTTER KNIVES, Pickle Forks, Tea Sets, Trays, Cake Baskets, Cruets, Pickles, Card Stands, G-Blets, Communion Sets, to be had through all dealers in the Dominion.

PREPARATIONS OF PEPSEINE.

MORSON'S PEPSEINE PORCI.

Pepsine obtained from the stomach of the Pig in a pure and palatable form. Free from Starch and acid.

Dose: - 2 to 4 grains.

MORSON'S MEDICINAL PEPSEINE

DIGESTIVE POWDER.

(PEPSEINE ACIDE AMYLACEE, OU POUVRE NUTRITIVE.)

Contains the active digestive principles of the gastric juice of the stomach, purified, and rendered permanent and palatable. Dose: 10 to 20 grains.

CAUTION.

As many of the low-priced Pepsines of commerce possess little or none of the digestive properties of **TRUE PEPSEINE**, the following tests of the purity and activity of the above preparations are given and every bottle bearing the trade mark of T. Morson & Son is guaranteed to answer the tests indicated.

TEST.

TESTS OF DIGESTIVE POWER OF TRUE PEPSEINE. - Mix 4 grains Pepsine Porci or 10 grains of Medicinal Pepsine, with an ounce of water, then add 15 drops of Hydrochloric Acid and 120 grains of coagulated egg. Albumen (hard boiled white of egg). Apply a gentle heat, not exceeding 100 degrees Fahr. (the temperature of the stomach) for about half an hour, stirring the mixture occasionally, when the process of digestion will be found to have commenced, the Albumen becoming soft and pulpy. This action may be continued until after the lapse of a few hours, a solution is effected, such as occurs in the stomach.

PEPSEINE WINE.

The efficacious properties of this preparation are already well known; when the digestive or any are weak, or their secretions imperfect or unhealthy it has been found invaluable.

Sold in Bottles at 2s., 5s., and 10s. each.

PEPSEINE GLOBULES.

One or two for a dose. These, like the Lozenges, may be carried in the pocket and taken when required.

Sold in Bottles at 2s., 5s., and 10s. each.

PEPSEINE LOZENGES.

Each Lozenge contains a dose of Pepsine, and will be found a very convenient and agreeable mode of taking this remedy, as it may be carried in the pocket, and taken when dining out, or at any other time, without observation.

Sold in boxes at 2s., 5s., and 10s. each.

The above preparations bearing our Trade Mark, but not otherwise, will be guaranteed to possess the full efficacy of the digestive principle.

GELATINE, a perfect and economical substitute for Isinglass. In packets, 6d., 1s., and 1s. 6d. each.

MORSON'S EFFERVESCENT CITRATE OF MAGNESIA, in 4 oz. and 1 lb. bottles.

CREOSOTE (Caution) - From Wood Tar. Test of freedom from Carbolic Acid. Insoluble in Price's Glycerine.

Artificial Essences for Flavouring.

CHLORODYNE

Has now obtained such universal celebrity as a remedial agent, it can scarcely be considered a speciality, its essential composition being known to most European practitioners.

Many of the Chlorodynes of commerce are not of uniform strength, and vary in their effect, which has induced Morson & Son to compound this preparation to remedy these defects.

The dose for an adult is from 10 to 20 drops (and 1 minim is equal to 2 drops); the dose may, however, be increased in special cases to 25 or even 30 minims, but it is best to commence with the lesser dose. It may be administered in almost any fluid or on sugar.

Sold in bottles at 1s., 2s., and 4s. each, and in bulk for Dispensing.

MORSON'S PREPARATIONS are sold by all Chemists and Druggists throughout the world.
