Which provides that the insurer selects a period of 15 or 20 years, and after ten annual premiums have been paid, if he so desires, the company will loan to him the remaining annual premiums to enable him to keep the policy in force.  
Should his death occur during the first ten years the full face of the policy is payable; if after that and within the investment period selected, there will be payable in addition a mortuary dividend of the eleventh and subsequent premiums paid thereon. The favorable options of terminating the policy contract at the completion of the investment period, attached to the semi-tontine system, are equally applicable to this.
