BRIEFLETS.

Mr. Ryan, late of the Mounted Police and now of Macleod, was in town yesterday.

Sister Valade is returning from the Touchwood Hills owing to weak health.

Doctor Dubuc, who recently graduated with distinction at Laval University, Montreal, is now doing very well at St. Jean Baptiste, where he was warmly welcomed.

Rev. Fr. Tourangeau, O. M. I., and the Jesuit Professors of St. Boniface College, returned from Rat Portage yesterday, where Rev. Fr. Drummond S. J., had joined them on his return from Montreal.

Rev. Fr. Cahill, O. M. I., came to Winnipeg at the beginning of this week on business connected with his Indian School at Rat Portage. This School is in a flourishing condition, Fr. Cahill being ably assisted by Mr. Frank Racey.

In connection with the exhibit of the Brothers' School at the Winnipeg fair, a prominent man was heard to remark: "When business men are told that a boy is from St. Mary's school, they are quite satisfied that his penmanship must be excellent."

Monsignor Ritchot, V.G., and Rev. Fr. Cherrier left last Saturday to attend the funeral of Monsiegnur Laféche, Bishop of Three Rivers, who died last Thursday. It was eminently fitting that the archdiocese of St. Boniface, where the late lamented Bishop Laféche labored so long, should be represented at his funeral.

TELEGRAMS.

An amusing game is called "Telegrams." Any number of persons can play the game. Each player is provided with paper and a pencil. One member of the company gives out a word of ten letters and some one else gives a subject for the telegrams which are to be written and which must contain exactly ten words, the first letter of each word being taken from the word given out in regular order. Five minutes are allowed for the composition of the telegrams, at the end of which time they are read aloud.

For example, the word "lithograph" was given out and the

players were requested to write a telegram from a wife in the suburbs to her husband in town, notifying him of the arrival of a guest and the necessity for extra provisions.

Two of the eight telegrams written on the subject reads as follows:

"Louise Ingalls. Telephone Harvey. Oysters, grapes, red apples per Hamlin's.

"Lemuel in town. Have order greens, roast and peas hurried."

Another word was "Providence," and the subject was the announcement of a calamity at sea. One telegram read:

"Pavonia ruined off Valparaiso, in doldrums. Evelyn now coming east."

Another was: "Polly Roberts of Vancouver's Island, destroyed entirely. Ned cabled Ellen."

The game of "Telegrams" may safely be called a cheerful one, for the wording of the dispatches is sure to bring a laugh from the company, whether the subject be disaster or something of an agreeable nature.

Some of the readings may have to be preceded by an elaborate explanation, beginning, "presuppose," in order that the hearers may gather meaning from them. But this only adds to the amusement. — Youth's Companion.

A DISTINGUISHED AUSTRALIAN Catholic Doctor and Scholar.

Sir Anthony Brownless, Catholic Chancellor of the Melbourne University, Australia, died lately, in his 81st year. Sir Anthony Brownless had been knighted by the Pope and the Queen—in the Church he was a Knight of St. Gregory the Great and a Knight Commander of Order of Pius, and from the Queen he received the honor of Knight Commander of the Order of SS. Michael and George. Sir Anthony was a member of St. George's Parish, but the archbishop directed that the remains should have cathedral honors before burial. For forty-two years he had been identified with the University, and he had the distinction of being the senior member of the Council for twenty years. He was the first to receive the M. D. degree of the University, his diploma being granted in 1858. He was elected vice-chancellor, and held that office for twenty-nine consecutive years. In April, 1887, he was appointed Chancellor of the University, in succession to the Anglican prelate, Dr. Moorhouse, and for ten years was unanimously re-elected to that office.

The country woman is usually healthy and robust. If she isn't it is generally because of her own ignorance or neglect. She is a hard working woman, but her surroundings are healthy, and unless she has some local weakness, she bears her heavy burden without serious inconvenience.

The trouble with too many country women is that they do not sufficiently realize the supreme importance of keeping healthy in a womanly way. A woman's general health cannot be good if she suffers from local weakness and disease. If she suffers in this way, the strongest woman will soon break down and become a weak, sickly, nervous, complaining invalid. Dr. Pierce's Favorite Prescription cures all weakness and disease of the organs distinctly feminine. It acts directly on these organs, making them strong, healthy and vigorous. It cures all weakness, disorders and displacements of the delicate internal organs. It is the greatest of all nerve tonics. It banishes the discomforts of the period of solicitude, and makes baby's advent easy and almost painless. It positively insures the little new-comer's health and an ample supply of nourishment. Thousands of women have testified to its wonderful merits, and many of them have cheerfully permitted their experiences, names, addresses and photographs to be printed in Doctor Pierce's Common Sense Medical Adviser. The "Favorite Prescription" is sold by all good medicine stores, and a paper-covered "Medical Adviser" of 1008 pages is mailed free on receipt of 31 one-cent stamps to cover cost of customs and mailing. Cloth-bound 50 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

Don't suffer from constipation. Keep the body clean inside as well as outside. Dr. Pierce's Pleasant Pellets cure constipation and biliousness. They never gripe. All good dealers have them.

BUYING DRUGS

Is entirely a matter of confidence, as in no other business is sophistication easier; nor does any other avenue afford so ready a means of disposing of worthless articles. You can buy a pair of shoes for \$1 or \$10—it's entirely a matter of quality. There is as much difference in the quality of drugs as there is in shoes, except in purchasing one you can use your own judgment, in buying the other you are entirely dependent upon the honesty and judgment of the Druggist. In one case it is only a matter of comfort and appearance, and in the other frequently of LIFE or DEATH. You can always rely with the utmost confidence on the DRUGS and Medicines which you get at
