Note: Dates in brackets indicate effective date of increased remuneration.

It is not possible to state the names of inspectors and other persons employed in Hamilton in connection with the operation of the Conversion Plan, as such persons were engaged in other activities of the National Housing Administration.

Note to answer to question No. 1: That part of part IV of the National Housing Act, 1944, which deals with home extensions, has been proclaimed in effect on April 1, 1946.

[Mr. Ilsley.]

## AIR TRAINING PLAN

## Mr. POWER:

1. From the date of the closing of the British Commonwealth Air Training Plan, namely, March 31, 1945, to date, how much was expended by Canada on behalf of the United Kingdom for the training of R.A.F. air personnel?

2. Was an agreement outside of the British Commonwealth Air Training Plan, and apart from the said plan, entered into during the year 1945, whereby after the British Commonwealth Air Training Plan had been wound up, namely, on March 31, 1945, United Kingdom personnel were to be trained in Canada on a contract basis, at a price per capita?

3. Will the amount due by the United Kingdom personnel were the contract due to the contract basis, at a price per capita?

3. Will the amount due by the United Kingdom under the contract mentioned in No. 2 above be cancelled through the operation of Article 7 of the Financial Agreement between Canada and the United Kingdom?

4. How much money was expended by Canada under the terms of this contract: (a) in keeping open schools, units and establishments on full, partial, or shadow basis which otherwise would have been closed as a consequence of the termination of the British Commonwealth Air Training Plan; (b) in retaining in the service personnel who otherwise would have been demobilized; (c) for any other purposes connected with this contract; (d) in actual training of R.A.F. personnel?

5. How much money was paid to Canada by the government of the United Kingdom in liquidation of debt arising out of this contract?

## Mr. HOWE:

1. During 1945-46-fiscal year, officers of RCAF Headquarters assessed the capitation charges under the provisions of article 17 of the agreement dated 5 Juily, 1945, referred to in Question 2. The capitation fees so assessed amounted to \$17,240,407.25 and it is considered that this represents the amount expended by Canada on behalf of the United Kingdom for the training of RAF and RN air personnel, since the agreement included both classifications.

2. Yes.

3. No. Under the terms of the agreement noted in question 2 above, the United Kingdom was allowed to discharge this debt by the amount of contributions of equipment, etc., and in fact contributed \$18,772,647.85 made up as follows:

Equipment furnished directly .. \$10,855,243 55 Equipment furnished indirectly

through Lend-Lease Act .... 5,917,404 30 Cash paid for RAF and RN pay 2,000,000 00

\$18,772,647.85

As the amount expended by Canada on behalf of the United Kingdom for the training of RAF and RN personnel amounted to \$17,240,407.25 (Answer 1) the United Kingdom became entitled to a net credit in the amount of \$1,532,240.60 concerning the Third Air Training Plan and Canada will not be called upon
