

Miss Loula Long of Kansas City Talks Interestingly on Horses

**Unable to Handle Puller

an Infuriated Animal—
Father Has Model Farm.**

Miss Loula Long of Kansas City, who exhibited nine harness horses at the National Horse Show in New York, winning many prizes with the success of her string. She is an enthusiast about horse shows, and last spring gave one of her own at Longview, the stock farm of her father, R. A. Long, a wealthy lumberman, of Kansas City.

"I have always been crazy about horses," Miss Long said the other day at the Waldorf-Astoria. "My mother says that when I was a tiny child they had difficulty in keeping me away from them. I don't ride horseback very much, except when I play polo, of which I am very fond. Last summer I went out to Colorado to play, and was a member of a women's team there."

"My father has founded what he calls a model farm. It is twenty miles from Kansas City. Before he started it he went about the country getting ideas and learning about mistakes others had made with such places, so that he was able to benefit by the experience of lots of others. Our buildings are all of white stucco, with red roofs."

"Do you know, I am especially proud of Aviation, the little horse with which I won the runabout class, beating Brothered at the Garden? I do not usually drive a horse all the way from Kansas City to the farm, but long ago I used Aviation to go that distance. I went out of the way in order to get a dirt road, and covered twenty-eight miles, but we arrived there with Aviation as fresh as he was in the Garden. I named him Aviation because I expected he was going to prove a high-flyer."

"Yes, horses have differences in personality, just like human beings. Some of them have magnetism; then, on the other hand, others are cold and uncommunicative. The three Boston terriers I have with me always ride with me, they are as intelligent almost as children. I call them Divinity, Vanity and Miss Bob. Vanity always insists upon sitting next to me when I drive, and if one of the others gets the place first he fights until he has dislodged the other."

"Yes, I have shown in London at the international horse show, but that was only once, in 1910, and with a single horse. We were going over for the show and father thought we all would like to take a horse along, and we did. All the way from Kansas City to London. He got a prize, too. I tried driving in London, but it was confusing owing to the road conditions. We had no separate horse show in Kansas City this year. Last year we had the greatest one in the country. I am the vice-president of the Animal Husband League, which is an association of men who last May had a horse show of our own at the farm. I never thought it would attract many people, but five thousand came out. We just showed our own horses. There were twelve classes and we used the half-mile track. It was interesting to see how people would pick favorites and his the judges when other horses got the awards."

Miss Long did not do all her driving at the national horse show. She was as much disappointed as the spectators were that she could not tool her own four-in-hand team in competition with William H. Moore and Captain Thompson. She confessed that she had been bitten by a horse. But she averred it was not the horse's fault. The animal had been annoyed by somebody else, and when she interfered the horse, which was coming forward with his jaws open caught her on the right shoulder and the ligaments of her shoulder were torn so that she is now unable to handle a horse that pulls. Miss Long lost one of her best horses when Realization died of pneumonia shortly after the New York show. This beautiful hackney mare won the Waldorf Astoria Cup at the Garden, and, with her mate, was first again at the class for cold on the cars, going home to Kansas City, and in spite of all efforts to break it up, pneumonia developed.

FOR NEW ORLEANS MEETING.

NEW YORK, Dec. 13.—Johnny McGarrighey, left yesterday for New Orleans. He will ride R. Wilson's horses in all their engagements at the meeting which opens next month. The southern division of Mr. Wilson's stable is in charge of H. E. Weston. Twenty well-known turfmen will be aboard the Creole of the Morgan line when she steams out of New York harbor next Saturday for New Orleans. They are going to attend the meeting of the Business Men's Racing Association.

TRAINING FOR RACES HARNESS HORSES BUSY

Well Known Ice-Racers Stabled
at the Two Local
Tracks.

It may surprise the harness horse followers to learn that nearly 100 horses are now quartered at Hillcrest and Durferin tracks, putting in their final preparation for a campaign on the ice circuit, the feature of which is the many American and western horses on hand.

Four horses arrived yesterday, they were nine days on the train, they being two from Calgary, the property of J. N. Keener, and two the property of Tom Holloidy of Harrow, Ontario. Keener's string consists of Roan Hal, 2:07 1/2 (mile track record), by Athabou, and K. the To 2:16, by Kentucky Road, the latter as a trotter and was purchased here. Holloidy has two pacers in Primus, 2:10 1/2 (mile track record), by Bourbon Wilkes, Jr., and Miss Primus, 2:19 1/2, by Bourbon Wilkes, Jr.

Vict Fleming of Dundas had two more added to his string on Saturday, they being consigned from Sherbrook, Que. They are Peter War, a green pacer, by Altrida, and Hal Perkins, Jr., 2:17 1/2, by Altrida.

M. Pulkenhorn of Elora, has his 4-year-old stallion Dan Bingen, by Bingen, quartered at Hillcrest. Bingen is a green pacer and holds the half-mile record of 1:04 1/2 for Hillcrest track, establishing this mark at the recent Thanksgiving meeting. Pulkenhorn will be remembered as the man who campaigned that good user John Storm, 2:19 1/2, some years ago.

Squire of Springfield, Ohio, shipped in a green trotter, Ashland Hall, by express yesterday.

Billy Brino, Vic Fleming's good pacer, will not be able to race this winter owing to an attack of pneumonia. This horse started in 17 races this summer and was not out of the money once, he winning 13, being second three times and third once. At the Columbus grand circuit meeting he drew 17th position in a 21-horse race and won the first heat in 2:06 1/2. The latter mark is his breeder's record, his racing record being 2:07 1/2.
