WATER FOR POULTRY IMPORTANT FACTOR

A meeting of the Danforth Poultry A meeting of the Danforth Poultry Association was held in Playter's Hall, Danforth avenue, Monday evening. D. K. Crook, president, occupied the chair.

J. Klough delivered an address on the raising of poultry and the kinds to secure for beginners. He said the right kind of birds to raise were those full of vitality, and advised cuiling of stocks on account of the high cost of feed. "It is unprofitable to carry culls along," said the speaker, who added that care should be taken in the drinking water supplied to the birds. "Water is one of the cheapest and yet one of the most important items in connection with the raising of poultry," said Mr. Klough. "When we consider that eggs are composed of 60 per cent, of water the reason for attention in this direction will become very apparent. We should also be careful with the refuse from the tables, which should be ground up and sweetened with bran and shorts before giving to the fowl."

Mr. Klough gave each member present a chart showing the effect in egg formation from feeding with different srain and grain products.

It was decided to hold a young bird show at the next meeting and award prizes for best birds shown.

Many prizes were donated and promised to induce the members to bring the birds along.

who has seen active service in the British navy, added impetus to the movement, argh Monday night witnessed an
enthusiastic meeting held in Westminster
Church, to organize a branch of the Navy
League of Canada. The following were
elected officers: President, Rev. F. Robertson; vice-presidents, Rev. J. W. Stewart, A. Gray and J. C. Irwin; secretary,
N. Seal; treasurer, Rev. Dr. W. Archbold. An address was delivered by Miss
Boulton of Toronto. Gunner Codd, who
will be in charge of the work, also recounted some of his experiences. The
secretary reported one hundred and thirty
members already enrolled as a result of
the recent canvass, with every prospect
of many more in the near future. With
such a start, and some of the most representative citizens of Weston behind
