

DR. JOSEPH PARKER DEAD

Minister of the City Temple of London Passed Away Yesterday Afternoon.

HAD BEEN ILL FOR TWO WEEKS

Dropsy Was the Cause of His Death—Thirty Years a Prominent Preacher.

London, Nov. 28.—Dr. Joseph Parker, minister of the City Temple, who had been seriously ill for some time past, died this afternoon.

The eminent divine had been ill only two weeks at his home, 14 Lyndhurst Gardens, Hampstead, N.W. At first some hopes for his recovery were entertained, but a few days ago dropsy set in and all chance of his rallying was gone.

Thirty Years in City Temple.—For more than thirty years Dr. Parker had held the pastorate at the City Temple. The vigor and eloquence of his utterances had made him a household name, and he had never hesitated in his sermons to criticize the highest in the land. At times his criticism had been directed even at the reigning sovereign.

During the preliminaries for the coronation that was delayed by King Edward's illness Dr. Parker created a sensation by his condemnation of the extravagance and pomp that marked the preparations. On other occasions his powerful voice had been raised in denunciations of national errors or wrongs.

Occupies High Place.—The divine, who was 72 years old, was a native of Hexham-on-Tyne. Prior to his pastorate at the City Temple he was in charge at Banbury, Oxford, and at Cavendish Chapel, Manchester. He stood high in the London and National Congregational Unions.

Among his published works are "Ecclesius," "The Parable," "The People's Bible," "The Bible," "The People's Life," "None Like It," "Christian Profiles in a Pagan Mirror," and many others.

STANDARD LOAN GROWING.

Yesterday It Absorbed the Old Established Aid Loan Company.

The Standard Loan Company has become the controlling influence in the Aid Loan and Savings Company, which old established corporation within a few days has merged into the business of the younger company. The progress of the Standard Loan Company, under the management of Mr. W. S. Dimmock, has been exceedingly successful, and with the latest addition to its business it will take rank among the most prominent companies in the Dominion. The assets of the Standard Loan Company will, with this amalgamation, reach nearly half a million, and the absorption of the Aid Loan and Savings Company will materially strengthen its position. The company, which is holding its identity as a result of the transfer, has a very solid financial position. It has paid dividends of 10 per cent. upon permanent shares, and its investments have been of the highest kind. The papers authorizing the transfer were issued by the government yesterday.

Here's a Man--Who Wants Him?

"He's all here, what there is of him. He's sound of limb, no bones broken, and carries no superfluous flesh. He has as many ribs as any man (you can count them), and all he needs is a new supply of vitality, and that he can get from Dr. McLaughlin's Electric Belt.

Give me a man broken down from dissipation, hard work or worry, from any cause which has sapped his vitality. Let him follow my advice for three months and I will make him as vigorous in every respect as any man of his age.

I will not promise to make a Hercules of a man who was never intended by nature to be strong and sturdy. Even that man I can make better than he is; but the man who has been strong and has lost his strength I can make as good as new.

I can give back to any man what he has lost by violation of the laws of nature. I can stop all drains upon his vitality in ten days. A man who is nervous, whose brain and body are weak, who sleeps badly, whose mind is tired, who is easily discouraged, inclined to brood over imaginary troubles, who has lost ambition and energy to tackle hard problems, lacks the animal electricity which Dr. McLaughlin's Electric Belt supplies.

The vitality which Dr. McLaughlin's Electric Belt supplies is the vitality which Dr. McLaughlin's Electric Belt supplies.

Letters like that tell a story which means a great deal to a sufferer. They are a beacon light to the man who has become discouraged from useless doctoring. I get such letters every day.

My Belt has a wonderful influence upon tired, weak nerves. It braces and invigorates them, and stirs up a great force of energy in a man.

D. G. BURGER, Hudson, Que., writes: "I have been wearing one of your belts for about one month. It has toned up my system and made a new man of me. I consider it a wonderful investment."

I make the best electrical body appliance in the world, having devoted twenty years to perfecting it. I know my trade. My cures after everything else has failed are my best arguments.

Give me a man with pains in his back, a dull ache in his muscles or joints, "come-and-go" pains in the shoulders, chest and side, sciatica in his hip, lumbago, rheumatism on any ache or pain, and I will pour the oil of life into his aching body and drive out every sign of pain. No pain can exist where my Belt is worn.

W. A. GREEN, Fairbank, Ont., says: "Dear Sir, Your Belt is what you represent to be. It has cured me of a spinal complaint as well as the other troubles. It has made me feel like a new man. I am well satisfied with it, and I believe it is worth the amount I paid for it."

They come every day from everywhere. There is not a town or hamlet in the country which has not cures by Dr. McLaughlin's Electric Belt.

Now, what does this mean to you, dear reader? If you are not what you ought to be, can you ask any better proof to make you try it? Is there a remedy which is as simple, as easy to use, as sure to cure, and as cheap as Dr. McLaughlin's Electric Belt? I have not seen one. You must try it. In justice to yourself and to those who look to you for their future happiness, try it now. At this minute. Such a matter ought not to be delayed.

It is as good for women as for men. Worn while you sleep, it causes no trouble. You feel the gentle, glowing heat from it, but no burning, as in old-style belts.

DR. McLAUGHLIN TO THE PUBLIC:

The reason so many men neglect to use my Belt is that they fear it will fail like other things they have tried. Now, the security I offer to a doubtful man is that he need not pay for my Belt until it does for him what I say it will do, if he will in turn give me reasonable security that he will pay me when cured. Isn't this fair? My Belt has cured more than five thousand people the last three years that I have been in business in Canada. Over fifty thousand people have been fully restored to health and strength in the last twenty years, and where it failed to cure I have stood the loss. Now if you are sick or in pain or a weak man or woman, and if tired of dragging your system, paying out money without result, try my Belt. You have nothing to lose and everything to gain by accepting my liberal offer.

PAY WHEN CURED.

CAUTION.—Thousands write me that they have used Electric Belts and got no benefit. Why? Simply because they have purchased from people who have no practical knowledge of electricity.

SPECIAL NOTICE.—I have the only electric appliance in which your case receives special attention of a practical physician who has made a life study of electricity. The success of any electric appliance depends upon intelligent application.

I have a nicely illustrated book which every man should read. I will send it, closely sealed, free.

WHEREFORE?

MARY BAKER G. EDDY.

Our faithful laborers in the field of Science have been told, thru the alert Editor-in-chief of The Christian Scientist, that "Mrs. Eddy advises, until the public thought has been better acquainted with Christian Science, that Christian Scientists decline to doctor infectious or contagious diseases."

The great Master said: "For which of these works do we stone men? He said this to satisfy himself whereof he spoke as God's representative—as one who never weakened in his personal sense of righteousness because of another's wickedness, or the minifying of his own goodness. Charity is quite as rare a wisdom, but when it does appear it is known by its patience and endurance."

When, under the protection of State or United States laws, good citizens are arrested for manslaughter because one out of three of their patients, having the same disease and in the same family, die while the others recover, we naturally turn to Divine Justice for support, and wait on God. Christian Scientists should be influenced by their own judgment in the taking of a case of malignant disease; they should consider well as to their ability to cope with the case—and not overlook the fact that there are those living in wait to catch them in their sayings; neither should they forget that, whether practice, wished successful or not, they are not specialists by law. The above quotation stands for this. Inherent just, constitutional, individual rights, self-preservation, and the gospel injunction, "Cast not your pearls before swine, lest they trample them under foot and turn again and rend you."

And it stands side by side with Christ's command, "Whosoever shall smite thee on thy right cheek, turn to him the other also." A abide by this rule, and triumph by it. The sinner may sneer at this attitude, for "the fool hath said in his heart, No God." It is known that the good young student, Mr. Lathrop, after he was prosecuted for practicing Christian Science, declined hearing the cases of diptheria that he had on hand. Statistics show that of malignant diseases than does materia medica.

I call disease by its name, and have cured it thus; so there is nothing new on this score. My book Science and Health names disease, and its cause, as heard by its name and learning that so-called "disease" is a sensation of mind, not matter.

Divine Science, signally blundering metaphysics; hence I am always saying, "I have cured it by its name."

WHOLE IRISH SITUATION

IS IN THE MELTING POT

Tim Healy Looms Up as the Possible Center of the Various Factions.

London, Nov. 28.—An authority on Irish affairs puts the case thus: "The whole Irish situation is in the melting pot, Mr. O'Brien's movements received a check by the interposition of Archbishop Walsh, when he denounced Mr. O'Brien's approval of boycotting, which chief baron Parnell has just penalized in the Dublin courts. His mind is in a state of confusion."
